## **Merlin Dragon Call:**

**The Dragon's Call** Simon Forward, 2009 Merlin arrives in bustling Camelot eager to make his way in the world and with a sense that some greater destiny is calling to him But he soon finds that amidst the excitement there is a darker side to Camelot Magic is outlawed here so Merlin must keep his unique magical talents a closely guarded secret **The Middle Ages on Television** Meriem Pagès, Karolyn Kinane, 2015-04-07 The 21st century has seen a resurgence of popular interest in the Middle Ages Television in particular has presented a wide and diverse array of medieval offerings Yet there exists little scholarship on television medievalism This collection fills the gap with 10 new essays focusing on the depiction of the Middle Ages in popular culture and questioning the role of television in shaping our ideas about past and present The contributors emphasize the need for scholars of medievalism to pay attention to its manifestations on the small screen The essays cover quite a range of topics including genre gender and sexuality The series covered are Game of Thrones Merlin Full Metal Jousting Joan of Arcadia Tudors Camelot and Mists of Avalon Instructors considering this book for use in a course may request an examination copy here **Merlin's War** Margaret Doner, 2012-04-17 Merlin's War The Battle between the Family of Light and the Family of Dark examines the fact that the history of the human race has been manipulated by a being so clever that we have had no idea he exists In fact he has hidden behind Lucifer but Lucifer is not our devil Much of what has been told to the human race has been designed to keep the truth at bay Whose purpose did it serve to keep the human race unaware of its own origins and ignoring huge pieces of obvious evidence because there is no logical explanation for it It certainly did not serve the human race Merlin is thought of by most humans as a simple embodiment of the wizard Merlin's War reveals that he is much more he is a powerful Creator God who is responsible for creating the human template and seeding life on the Earth Moreover Dracula is thought of as a fictional vampire when he is in fact the being we call Satan responsible for creating war and chaos on Earth and in other galaxies There are two points of view to this story and in order to be fair author Margaret Doner has agreed to tell both sides Merlin's War posits that it is time for the playing field to be evened out The Family of Dark has been in control for too long it's time for the Family of Light to move beyond the fear that has kept them enslaved **Something Wicked** Douglas Brode, Leah Deyneka, 2024-10-31 An anthology of essays that deal with Witchcraft and the figure of the Witch as they have been presented in motion pictures television and popular culture in order to understand how why and when the common anti Witchcraft anti Witch attitude evolved Mainstream tales of Witchcraft including modern movies novels TV series and other examples of our popular culture more often than not express the traditional notion of a Witch as a wild dangerous untamable nasty woman obsessed with a desire for power to control all around her in most narratives such a hunger presented as a negative In truth The Witch is a symbol of threatening evil only to those men and women who accept a conservative sensibility For members of either gender who do not The Witch is perceived as hero and role model This collection begins with the Biblical figure of Lilith followed by Morgan le Fey from

Arthurian legend myth in literature as well as in popular culture followed by the more contemporary depictions of the Witch that start to appear in the 1960s for example in the Bewitched sitcom the Star Wars franchise Harry Potter and even the television show Scooby Doo International depictions of the Witch are discussed including Italy's Dario Argento's films *Suspiria* and *Inferno* The final section of this collection focuses on the most iconic depictions of the Witch produced during the 21st century including *A Discovery of Witches* *Penny Dreadful* *Game of Thrones* and the history of the Witch in films by the Walt Disney studio from its origins more than a century ago to the latest releases arguing that here if perhaps surprisingly we discover the most fair and balanced portraits of Witches in the history of film and TV
