Dibujos Peppa Pig L :

¿Qué están viendo ahora? Paula Figueroa,2022-09-13 Nos encontramos transitando una etapa de cambios de paradigmas sociales hoy somos más conscientes de las desigualdades nuestra mirada sobre el mundo es diferente y esto se refleja en los productos culturales que consumimos Las producciones audiovisuales reproducen y resignifican las prácticas sociales construyen subjetividades y apreciaciones sobre la realidad por eso los programas infantiles son una ventana social para la niñez comunican acerca de la relación con pares la salud el trabajo en equipo la perspectiva de género la convivencia con la naturaleza entre otras cosas En esto radica la importancia de que los ciclos destinados a este público respeten un criterio de calidad Por ende hemos tomado en cuenta los criterios elaborados por distintos organismos internacionales y hemos armado una nueva guía de calidad para la programación infantil que incorpore tres de los paradigmas más relevantes de la actualidad los derechos de la niñez y la adolescencia los de las mujeres y las diversidades y los de la naturaleza y los animales Sabemos que al fin y al cabo quienes eligen son las audiencias infantiles pero podemos ofrecerles programas en los que se las cuide no solo desde la educación y el entretenimiento sino también desde el respeto por los derechos

Oportunidades para la participación y la democratización de las organizaciones en el siglo XXI Gloria Ostos Mota,2021-12-22 **El arte de contar un cuento** José Carlos Aranda,2021-02-01 El hecho de contar un cuento siempre se ha considerado un mero entretenimiento infantil En realidad es mucho más A través del cuento regalamos a los niños un universo desde el que interpretar y comprender la realidad que les rodea y también las claves desde las que comprenderse e interpretarse a sí mismos Aprendemos a partir de la experiencia con aciertos y errores respuestas apropiadas o no según las circunstancias Pero podemos llegar a esas variables desde algo tan sencillo como un cuento Un cuento nos ofrece un universo de personajes que se enfrentan a situaciones ante las que reaccionan emocionalmente y con suerte también racionalmente Las dificultades les llevan a buscar soluciones y esas soluciones suelen triunfar Nuestra mente lo absorbe con fruición porque necesita claves que nos permitan desarrollar mecanismos de comprensión primero de actuación después frente a una realidad compleja y cambiante Por eso el pensamiento es dinámico y no estático y primigeniamente es narrativo Importa saber qué pasó pero también quién lo hizo y por qué y cuál fue el resultado Interesante verdad Cuando el niño abre sus sentidos al mundo se encuentra ante una realidad que necesita comprender e interpretar para adecuar su comportamiento a las normas sociales establecidas a las expectativas creadas a las situaciones vividas Y esto es precisamente lo que ofrece un simple cuento a su mente infantil A lo largo de este libro se desgranarán las claves para comprender cómo lograr que el simple hecho de contar un cuento se transforme en un arte Algo que puede cambiar el futuro de tus hijos de tus alumnos Una herramienta til para padres y docentes que se inician en la apasionante aventura de contar un cuento y necesitan saber qué cuento cuándo contarlos y cómo hacerlo para convertirlo en una auténtica ventana de aprendizaje Maxi-Mini 131: VE 5: Peppa Pig: Das Rettungsboot Steffi Korda,2023 **Peppa Pig Malbuch** Richard L.
