Law Enforcement in American Cinema, 1894-1952 George Beck, 2020-11-10 Widespread law enforcement or formal policing outside of cities appeared in the early 20th century around the same time the early film industry was developing the two evolved in tandem intersecting in meaningful ways Much scholarship has focused on portrayals of the criminal in early American cinema yet little has been written about depictions of the criminal s antagonist This history examines how different on screen representations shifted public perception of law enforcement initially seen as a suspicious or intrusive institution then as a power for the common good

Pre-Code Hollywood Thomas Doherty, 1999-08-27 Pre Code Hollywood explores the fascinating period in American motion picture history from 1930 to 1934 when the commandments of the Production Code Administration were violated with impunity in a series of wildly unconventional films a time when censorship was lax and Hollywood made the most of it Though more unbridled salacious subversive and just plain bizarre than what came afterwards the films of the period do indeed have the look of Hollywood cinema but the moral terrain is so off kilter that they seem imported from a parallel universe In a sense Doherty avers the films of pre Code Hollywood are from another universe They lay bare what Hollywood under the Production Code attempted to cover up and push offscreen sexual liaisons unsanctified by the laws of God or man marriage ridiculed and redefined ethnic lines crossed and racial barriers ignored economic injustice exposed and political corruption assumed vice unpunished and virtue unrewarded in sum pretty much the raw stuff of American culture unvarnished and unveiled No other book has yet sought to interpret the films and film related meanings of the pre Code era what defined the period why it ended and what its relationship was to the country as a whole during the darkest years of the Great Depression and afterward

Criminals and Folk Heroes Robert Underhill, 2015-10-01 During the Great Depression writers of True Crime could take the decade off life was imitating art so dramatically they had nothing to add In these pages historian Robert Underhill presents the most notorious criminals of 1930 1934 Wilbur Underhill Alvin Karpis the Barker Clan Pretty Boy Floyd Baby Face Nelson the Barrows Buck Blanche Clyde and Bonnie and John Dillinger along with supporting material on their henchmen and the rise of the FBI Often armed better than the police criminals of the 1930s committed deeds ranging from stealing chickens to kidnappings bank robberies and killing innocent victims Yet such crimes were often taken in stride by avid readers Cooperation among local state and federal lawmen was rare as each sought to protect his own turf Criminals and lawmen made mistakes battling one another but in most cases the law triumphed and the wanted fugitive died under a hail of bullets His death would start myths and raise his reputation to national status The author of *Against the Grain Six Men Who Shaped America* and *The Rise and Fall of Franklin D Roosevelt* shows us another aspect of the Roosevelt era and portrays a series of figures who contributed to pop culture as well helping to shape the security forces in America Robbing the banks and driving fast cars they did what many Americans dreamed of and gave a depressed populace some excitement to distract from everyday worries With the Great Depression some citizens came to regard bank robbers as modern Robin Hoods seeking to avenge depositors whose life earnings had been wiped out by a bank s failure or malfeasance by its owners No small wonder that criminals were given colorful sobriquets and fact and fiction became intertwined Underhill shows how such heists and kidnappings especially helped create the modern FBI overcoming the complaints of those who alleged that a federal force was the first step toward an American Gestapo The belief that federal government had nothing to do with fighting crime was rooted in the U S Constitution and its provisions for states rights Local police were expected to provide security and to apprehend criminals without Washington getting involved In the big cities Prohibition era mobsters still ruled but in the Midwest especially smaller bands gangsters began to make headlines They tended to be blue collar criminals whose favorite targets were filling stations grocery stores and small town banks Prior to 1930 corruption was rife and cooperation among local state and federal police was little to none criminals often got away Only in 1935 was the FBI formally anointed and its agents were permitted to carry guns Now there was a federal agency that could supply sheriffs all over the country with information on suspected criminals By 1935 the hardest times of the Depression were beginning to ease and the thrill of watching these cops and robber stories play out was combined with a renewed interest in the lives of the rich and famous previously scorned for their role in ripping off the average man All in all the early 1930s were a uniquely dramatic time for crime and crimestoppers in America
