LA RIFORMA DEL SISTEMA DI ACCOGLIENZA E INTEGRAZIONE PER I RICHIEDENTI IL TITOLO DI PROTEZIONE INTERNAZIONALE

di Maria Giovannetti

Abstract: Con il voto del d.l. 128/2020 il legislatore compie una decisiva svolta in direzione dell'accoglienza e integrazione dei richiedenti asilo e rifugiati e inserisce una fase di riorganizzazione delle attività di assistenza internazionale relativa tra sistemi di accoglienza e integrazione come elementi inscindibili di un percorso che porta all'asilo politico della persona. Fatto parte integrante del centro della filiera di accoglienza è sistema afferente alla rete degli Enti locali (il quale dal 2008/2009 è stato rinominato Sistema di accoglienza e integrazione - SAI) sempre elemento in "interazione differenziata" introdotta con il d.l. 113/2018 e costituito l'organismo binario con il quale ora viene previsto che gli Enti locali del SAI/SAI si occupano di accogliere e attivare i percorsi di accoglienza e integrazione per cittadini di protezione o asilo politico non accompagnati, mentre gli uffici centrali del governo del Ministero dell'Interno, ovvero la prefettura, gestiscono un sistema minimo di attività di assistenza e prima accoglienza per i richiedenti asilo. Oltre ad intervenire nelle categorie di beneficiari che possono accedere al Sistema di accoglienza e integrazione, il provvedimento interviene sulle procedure e i servizi da garantire ai richiedenti protezione internazionale e nelle modalità di relazione tra i diversi livelli di governo coinvolti nell'implementazione delle politiche.

Abstract: With the approval of the Decree Law 128/2020, the legislator makes a decisive shift in the direction of the reception and integration of asylum seekers and refugees. It encompasses a phase of reform in which the close internationalization between the reception system and integration of migrants is strengthened. The system related to the network of local authorities (which from 2008/2009 has been renamed to the Reception and Integration System - SAI) is once again placed at the center of the reception model. The model's interaction with the Decree Law 113/2018 is discussed (the local authorities of SAI/SAI could take care of welcoming and activating integration paths only for the holders of protection and non-accompanied foreign minors, while the central government offices of the Ministry of the Interior, the Prefecture, guaranteed a minimum system of assistance services and initial reception for asylum seekers). In addition to intervening on the categories of beneficiaries who can access the reception and integration system, the measure affects the services and how they to be guaranteed in the application of international protection and the relationships between the different levels of government involved in the implementation of policies.

Genere sessualità e migrazioni forzate nella giurisprudenza italiana Romina Amicolo, 2020-12-31 Mettendo a disposizione il suo bagaglio professionale e umano l'autrice con competenza e chiarezza raccoglie in uno studio approfondito numerose decisioni giudiziarie italiane edite dal 2012 al 2020 aventi per oggetto il riconoscimento dello status di rifugiato politico alle donne vittime di violenza di genere e agli LGBTQI vittime di omofobia. Il metodo adottato è quello intersezionale basato sull'interazione dei diversi fattori o assi di discriminazione o esclusione. Sebbene la violenza di genere e la omofobia non siano comprese tra le ipotesi normative di riconoscimento dello status di rifugiato previste dalla Convenzione di Ginevra del 1951 relativa allo status di rifugiati ed il suo Protocollo del 1967, l'approccio intersezionale consente di connotare a livello giurisprudenziale il genere e la sessualità quali categorie sociali rientranti nel paradigma dei diritti fondamentali. Romina Amicolo, avvocato e Dottore di ricerca in Arte e Tecnica della Giurisprudenza, Ermeneutica dei Diritti dell'Uomo, afferisce al Centro di Ricerca Coordinato Escapes, Laboratorio di studi critici sulle migrazioni forzate. La teoria e la pratica dei diritti umani sono il suo campo di interesse sia nell'attività professionale di avvocato sia nell'attività di ricerca. A questo tema ha dedicato gran parte delle sue monografie: *Formalismo versus Antiformalismo* (La ricerca dell'equilibrio nell'esperienza giuridica, 2009), *La giustizia in nome della politica e la politica in nome della giustizia* (morti parallele di Socrate e Giulio Cesare, 2010), *The case of Hirsi Jamaa et al v Italy* (The trend of Irregular Immigration taking place in the Mediterranean Sea, 2013), *Filosofie e Politiche di Welfare a tutela dell'infanzia abbandonata* (La Governance dell'Annunziata di Napoli, 1318-1987, 2016). [Sprachliche Teilhabe Migrierter](#) Angelika Redder, 2024. Wie verfahren die drei EU-Länder Frankreich, Italien und Deutschland sprach- und bildungspolitisch, um die sprachliche Teilhabe von Migrierten zu sichern? Die recht unterschiedlichen historischen Immigrationserfahrungen, Sprachkonstellationen und kulturpolitischen Strukturen machen einen differenzierten Ländervergleich erforderlich. In dem auch die jeweilige Entfaltung der Kategorien Inklusion und Integration zu berücksichtigen ist. Erstmals stellen informative Einzelbeschreibungen die sprachliche Erwachsenenbildung und die vor- und schulische Sprachbildung sowie Qualitätssicherung durch Lehrkräfteausbildung landesweise dar. Im Ergebnis wird ein vergleichender Überblick an Maßnahmen geboten, der zudem drei unterschiedliche Zugriffe auf die gegenwärtige Herausforderung und ihre Problemlösung erkennbar macht. Die linguistisch fundierten Beiträge gehen auf eine trilaterale Konferenzserie zurück, die in der Villa Vigoni, dem Deutsch-Italienischen Zentrum für den Europäischen Dialog stattfand.

Migration Law and the Externalization of Border Controls Anna Liguori, 2019-03-27. Over the last few decades, both the European Union and European States have been implementing various strategies to externalize border controls with the declared intent of saving human lives and countering smuggling, but with the actual end result of shifting borders, circumventing international obligations, and ultimately preventing access to Europe. What has been principally deplored is the fact that externalizing border controls risks creating legal black holes. Furthermore, what is particularly worrying in the

current European debate is the intensification of this practice by multiple arrangements with unsafe third countries exposing migrants and asylum seekers to serious human rights violations This book explores whether European States can succeed in shifting their responsibility onto Third States in cases of human rights violations Focusing in particular on the 2017 Italy Libya Memorandum of Understanding the book investigates the possible basis for triggering the responsibility of outsourcing States The second part of the book examines how the Italy Libya MoU is only a small part of a broader scenario exploring EU policies of externalization A brief overview of the recent decisions of the EU Court vis vis two aspects of externalization the EU Turkey statement and the issue of humanitarian visas will pave the way for the conclusions since in the author s view the current attitude of the Luxembourg Court confirms the importance of focusing on the responsibility of European States and the urgent need to investigate the possibility of bringing a claim against the outsourcing States before the Court of Strasbourg Offering a new perspective on an extremely topical subject this book will appeal to students scholars and practitioners with an interest in European Law International Law Migration and Human Rights

The Challenges of Illegal Trafficking in the Mediterranean Area Vincenzo Militello, Alessandro Spena, 2023-12-23 The book deals with illicit trafficking in the Mediterranean seen as a borderline issue between mobility and security under a strongly interdisciplinary approach The opening part is dedicated to issues that transversally concern illegal trafficking criminological criminal law criminal procedure but also international law issues This part presents a kind of general theory of illegal trafficking showing its recurring aspects and identifying the legal and criminal political issues that would be best addressed by a unified approach to the matter The other parts are devoted to presenting instead a special part overview of illegal trafficking The second and the third section are devoted in particular to illegal traffics having human beings as their objects More specifically the second part examines smuggling of migrants which has a central criminological and criminal political relevance among the illegal traffics taking place in the Mediterranean The third part deals with the neighbouring theme of human trafficking especially in its connection with the problem of labour exploitation Finally the fourth part focuses on some trafficking in goods offering a selected and representative overview of some of the most significant forms that such trafficking can take tobacco trafficking drug trafficking and trafficking in cultural goods

Il sistema di accoglienza in Italia. Esperienze, resistenze, segregazione Gennaro Avallone, 2019-02-10 Migrazioni e accoglienza sono state trasformate in un affare economico e politico Trafficanti mondo delle imprese politici e addirittura una parte dei gestori dei centri di accoglienza alimentano i propri affari sulla pelle delle persone migranti le quali trattate come fossero merce di scambio tanto economico quanto ideologico scompaiono in questo gioco al massacro di cui sono solo oggetto E insieme scompaiono dall'attenzione i rapporti di potere nei quali esse si muovono Questo libro rompe questa costruzione coloniale che riduce le persone migranti al silenzio e lo fa attraverso una presa di parola collettiva eretica e meticcia A scrivere spiegare e far comprendere cosa accade sono insieme persone che hanno vissuto nel sistema di accoglienza mediatori e mediatrici linguistico culturali attiviste ed attivisti

Queering Asylum in Europe Carmelo Danisi, Moira Dustin, Nuno Ferreira, Nina Held, 2021-08-31 This two volume open access book offers a theoretically and empirically grounded portrayal of the experiences of people claiming international protection in Europe on the basis of their sexual orientation or gender identity (SOGI). It shows how European asylum systems might and should treat asylum claims based on people's SOGI in a fairer, more humane way. Through a combined comparative interdisciplinary socio-legal, human rights, feminist, queer and intersectional approach, this book examines not only the legal experiences of people claiming asylum on grounds of their SOGI but also their social experiences outside the asylum decision-making framework. The authors analyse how SOGI-related claims are adjudicated in different European frameworks: European Union, Council of Europe, Germany, Italy and UK, and offer detailed recommendations to adequately address the intersectional experiences of individuals seeking asylum. This unique approach ensures that the book is of interest not only to researchers in migration and refugee studies, law and wider academic communities but also to policy makers and practitioners in the field of SOGI asylum.

La criminalità femminile AA. VV., 2021-03-25 T00:00:00+01:00 Carnefici o vittime? Delinquenti stereotipate oppure protagoniste letterarie di una violenza trasgressiva e anti-patriarcale. Sono solo alcuni dei punti di osservazione di questa indagine multidisciplinare sulla criminalità femminile. L'analisi empirica della delinquenza delle donne giudicate nei Tribunali di Milano e Ragusa si confronta con saperi extra-giuridici: dalla storia alla letteratura, dalla sociologia alla criminologia. Attraverso la ricchezza e la varietà dei punti di vista sulle motivazioni e sulla responsabilità delle donne autrici di reato, questo volume cerca di gettare un po' di luce su un fenomeno poco indagato.

Solidarity: A Normative Principle Guido Alpa, 2023-05-17 The term solidarity has acquired a commendable meaning of mutual responsibility yet remains suspect because it has been invoked in too broad a spectrum of cultural contexts ranging from fascist ideology to human rights. This essential book shows how solidarity may be and should be conceived as a normative principle with pressing legal content instrumental to the realisation of the social ends of today's democratic polities. The author, for the first time in such depth, documents the interweaving of legal norms with social ideas and values, focusing on the use of the principle of solidarity in the European Union's bodies and in its Member States.

There are detailed examinations of how the principle appears in such realms as the following national constitutions welfare systems regulation of contracts social effects of legal rules women s rights the social market economy the social doctrine of the Catholic Church affirmation of corporate social responsibility and sustainability and corporate governance The author describes how each context contributes to a meaningful elaboration of the concept of solidarity thus synthesising and extending prior work on the subject Following Kant s dictum that the solidarity of mankind is a to be or not to be a matter of life or death in today s difficult and calamitous times it is appropriate to rethink the principle of solidarity as the reason for living living fully and not just surviving in a social agglomeration we call a community Decoding solidarity in order to fully understand its potentialities misrepresentations and mystifications has therefore become a task entrusted to jurists For this reason this matchless book will prove invaluable for lawyers judges and policymakers all of whose professions demand authoritative knowledge of the legal relations among individuals and among legal entities

Ivekovic, 2022-01-20 This book examines the antagonistic relationship between new European nationalisms as these often go hand in hand with populism and the phenomenon of migration Migration has become a significant issue both in Europe and the whole world Although it has always existed much of public opinion sees it now as a problem The latter has been exaggerated through a crisis in hospitality exacerbated by the relatively recently constructed and misplaced feeling of a civilisational threat from islam Migration is then countered by the escalation of new nationalisms at least some of which are supported by populism This book offers an understanding of this conjunction of migration and nationalism in the post cold war European context More specifically the book takes up how the end of the simplified cold war cognitive binary means an unprecedented epistemological confusion and depoliticisation which takes migration as its target but could resort to other targets too Discussing the postcolonial background to the new migrations the book also considers womens rights postsocialism and the relevance of the current pandemic as the issue of migration is addressed in the context of the European crisis ridden present This wide ranging interrogation of how contemporary European migration is conceived and understood will appeal to students academics activists policy makers and others with interests in contemporary migration new nationalisms populism feminism colonial postcolonial and decolonial issues as well as socialism and postsocialism
