Defending in Soccer Tony Englund, 2023-10-01 The 1990 World Cup in Italy was infamous for generating the lowest ever goals per game average and since then tactical thought has focused heavily and consistently on flexible attacking designed to break down and defeat defending in depth This book argues that the next tactical revolution belongs to the defending side of the ball and it features complex layered defending blending postures and pressures designed to keep an attacking team off balance throughout the match There are many quality soccer coaches in the game at every level who feel that defending is more about mentality than tactics that defending topics do not need to be part of every training session This book seeks to reestablish balance in tactical planning and in training design by examining every aspect of individual and team defending making it easy for the coach to incorporate tackling defending roles pressing defending setpieces and many more topics into team training With its more than 190 defending drills to train players it is the complete guide to mastering defending in soccer [The Ultimate Book of Soccer Set Pieces](#) Tony Englund, 2022-01-01 The World Cup 2018 saw a record 66 goals scored from set piece situations 42% of the 155 total goals scored a remarkable and emphatic statement regarding the influence of set pieces on the modern game Yet very little if any attention is paid to the influence of set pieces in coaching

literature coaching courses or symposiums The Ultimate Book of Soccer Set Pieces is the most comprehensive examination of set piece planning on both the attacking and defending sides of the ball It carefully and thoroughly examines the potential of all manner of restarts in soccer from throw ins to corner kicks and free kicks Different activities with accompanying diagrams are provided for each set piece so players have the opportunity to practice both attacking and defending restarts From simple organizational considerations to complex plays featuring many variations this book is the tool coaches at every level need to prepare their teams to win the set piece battle
