Passage 1 - Opera

Opera refers to a dramatic art form, originating in Europe, in which the emotional content is conveyed to the audience as much through music, both vocal and instrumental, as it is through the lyrics. By contrast, in musical theater an actor's dramatic performance is primary, and the music plays a lesser role. The drama in opera is presented using the primary elements of theater such as scenery, costumes, and acting. However, the words of the opera, or libretto, are sung rather than spoken. The singers are accompanied by a musical ensemble ranging from a small instrumental ensemble to a full symphonic orchestra.

2. We can understand from the reading that ----.

- A) people are captivated more by opera than musical theater

- C) orchestras in operas can vary considerably in size
- D) musical theater relies above all on music

3. It is stated in the reading that ----.

- A) acting and costumes are secondary to music in musical theater
- B) many people find musical theater more captivating than opera
