paper test last one October 2013 The test will now have approximately 5 hours and 20 minutes available for approximately 110 questions In the past AM questions were of the 2 minute variety and PM questions were of the 4 minute variety Now you have about 3 minutes per question So the average pace of the exam is about the same This book has a full length practice exam with a mix of questions as recommended in the official syllabus [www.ncees.org](http://www.ncees.org) The only reference that should be used is the FE Reference Handbook 9th edition preferably the electronic PDF version since the CBT exam will be supported by a PDF version of the handbook rather than a hardcopy The practice exam contains questions from Mathematics Probability Statistics Computational Methods Ethics Engineering Economics Statics Dynamics Mechanics of Materials Fluid Mechanics Materials Hydraulics Hydrology Environmental Engineering Construction Geotechnical Engineering Surveying Structural Analysis Design Transportation      Basic Civil Engineering S.
