## **Financial Accounting Theory European Edition:**

**EBOOK: Financial Accounting Theory: European Edition** DEEGAN, CRAIG, 2011-01-16 The second edition of Craig Deegan and Jeffrey Unerman's market leading text presents the various theories of financial accounting through a balanced and dynamic approach. Students are given all the tools to engage with these theories and are encouraged to critically evaluate and challenge them. Clearly written and user friendly, this new edition provides comprehensive coverage of internationally developed accounting theories from a European perspective. Financial Accounting Theory Craig Deegan, Jeffrey Unerman, 2011. The second edition of Craig Deegan and Jeffrey Unerman's market leading text presents the various theories of financial accounting through a balanced and dynamic approach. Students are given all the tools to engage with these theories and are encouraged to critically evaluate and challenge them. Clearly written and user friendly, this new edition provides comprehensive coverage of internationally developed accounting theories from a European perspective.

Externe Unternehmensrechnung Alfred Wagenhofer, Ralf Ewert, 2014-12-19 Die externe Unternehmensrechnung befasst sich mit der konzeptionellen Gestaltung und den Einsatzbedingungen von Informationssystemen, die an externe Adressaten wie Investoren, Kreditgeber, Arbeitnehmer, Geschäftspartner und die Öffentlichkeit gerichtet sind. Sie umfasst die Rechnungslegung hier vor allem Jahresabschluss sowie weitere verpflichtende und freiwillige Finanzberichterstattung. Im Mittelpunkt dieses Lehrbuches stehen Konzeptionen, Strukturen und Anzeigeneffekte der Rechnungslegung, die dem Verständnis der ökonomischen Wirkungen vorherrschender Institutionen dienen. Methodisch stehen informationsökonomische Ansätze und internationale empirische Studien im Vordergrund. Als spezifische Themen werden die Informationsfunktion und Kapitalmarktwirkung der Rechnungslegung, Ausschüttungsbemessung, Bilanzierung und Bewertung, Vorsicht Fair Values, Bilanzpolitik, Publizität und Wirtschaftsprüfung umfassend behandelt. Die dritte Auflage beinhaltet eine umfangreiche Bearbeitung und Aktualisierung sowohl der im Detail behandelten Themen des regulatorischen Umfelds als auch der Literatur. *Die IFRS im Deutschen und Europäischen Rechtsraum* Marvin Barnecki, 2021-01-18 Die von einem privatrechtlich organisierten Standardsetter entwickelten International Financial Reporting Standards (IFRS) gewinnen weltweit zunehmend an Bedeutung. Die vereinfachte Übernahme in europäisches und deutsches Recht wirft daher rechtsstaatliche Bedenken auf, die unlängst auch durch den Maystadt-Bericht gestärkt wurden. Der Autor widmet sich im Schwerpunkt der Auslegung von Normen eines privaten Standardsetters, die deutliche Bezüge zum angelsächsischen Recht haben. Daneben wird geprüft, inwieweit die rechtsverbindlich anzuwendenden Standards der gerichtlichen Kontrolle unterliegen und ob eine Einstrahlung der IFRS auf die handelsrechtliche Rechnungslegung denkbar ist. In die Untersuchung einbezogen ist die Meinungsherrschaft der Wirtschaftsprüfer, die jüngst wieder in die Kritik gerückt ist. The International Financial Reporting Standards (IFRS) developed by the standard setter organized under private law are becoming increasingly important worldwide. The simplified incorporation into European and German law therefore raises concerns about the rule of

law which were also recently reinforced by the Maystadt report The author focuses on the interpretation of norms of a private standard setter which have clear similarities to Anglo Saxon law In addition it is examined to what extent the legally binding standards are subject to judicial control The research also includes the domination of auditors opinion which has recently come under fire

**Managing Risk and Decision Making in Times of Economic Distress** Simon Grima,Ercan Özen,Inna Romānova,2022-03-28 Managing Risk and Decision Making in Times of Economic Distress adds much needed scholarly analysis of the fledgling decision control approach arguing the merits of its empirical content to shed light on the structure of capital contracts and rationale for diversity of objectives

Methodological issues in accounting research Zahirul Hoque,2018-03-26 What is my theory How do I choose a theory Why and how should I employ a particular method for collecting the empirical data These basic questions concern everyone involved in research A research study can be a voyage of discovering or choice of theoretical perspective as well as gathering empirics or facts on a problem or situation This book provides a good guideline as to why and how to choose a particular theory or method to study an organisational phenomenon such as accounting All the chapters provide both retrospective and contemporary views by scholars in the field Each chapter documents the latest developments and research in accounting and control systems and provides valuable insights into methodological perspectives in accounting research This second edition has also introduced a number of new chapters covering strategy management control as practice grounded theory approach institutional logic and rhetoric social interaction theory actor network theory and practice theory The book is primarily intended for research students and academic researchers It can also be used for undergraduate Honours course as well as postgraduate accounting and business methodology courses Research organisations and consulting firms in accounting and business fields may also find this book useful The principal aims of this second edition are 1 to update the chapters previously published in 2006 and 2 to introduce new chapters documenting recent developments in accounting research

**Social and Environmental Disclosure by Chinese Firms** Yingjun Lu,Indra Abeysekera,2024-11-01 Given the increased social and environmental problems in China this book looks into the social and environmental disclosure practices of socially responsible Chinese listed firms by constructing a stakeholder driven three dimensional disclosure index The book contains a three part study the first part explores the current status of social and environment disclosure practices The second part empirically examines the relationship between corporate social and environmental disclosure and various influencing factors i e stakeholders power and corporate characteristics The third part empirically examines the link between corporate social responsibility CSR reporting i e publishing a CSR report and the quality of the CSR report and socially responsible reputation The book finds that the CSR report provided more stakeholder relevant social and environmental disclosure than the annual report It also finds that corporate characteristics such as firm size profitability and industry classification are all statistically significant factors influencing the social and environmental disclosure of the Chinese firms studied Shareholders significantly influenced

firms social and environmental disclosure and creditors significantly influenced firms disclosure related to their environmental performance The final part of the study reports that publishing a CSR report and CSR reporting quality had a positive influence on firms socially responsible reputations and that the CEO chairman duality negatively influenced firms socially responsible reputation This book will be of interest to those who are keen to learn more about corporate social responsibilities in the context of Chinese firms      *Financial and Managerial Aspects in Human Resource Management* Dennis Pepple, Crystal Zhang, 2021-01-13 *Financial and Managerial Aspects in HRM* A Practical Guide breaks new ground by being the first to compile the everyday management and financial decisions of HR managers in a single book It is an essential resource for understanding core practical HRM issues in the modern workplace      *International Corporate Reporting* Pauline Weetman, Ioannis Tsalavoutas, Paul Gordon, 2020-02-19 This textbook provides a comprehensive overview of international corporate reporting which enhances students understanding of diversity and convergence in the field The authors discuss the institutional and cultural context in which international corporate reporting has developed over the years as well as the global reach of IFRS Standards from the IASB throughout and beyond the European Union into interest groups and emerging economies Other key elements explored throughout the book include assurance through auditing and corporate governance narrative reporting strategic and corporate social responsibility group accounting current accounting issues and taxation in corporate reports Indicative research examples show how the methods used in research papers may be understood and applied Case studies outline short projects based on corporate cases with related links to material on corporate websites Helpful and reliable sources of information and data are identified through hyperlinks to accessible websites End of chapter questions encourage discussion of the main issues Throughout there is a focus on accountability and the information needs of stakeholders This new edition of a classic text is fully revised and updated in order to remain essential reading for students of international accounting and corporate reporting globally The book will be an invaluable resource for postgraduate taught programmes and final year undergraduate courses in accounting finance and business studies      [Accounting for Sustainability](#) Gunnar Rimmel, 2020-08-31 This book provides a broad overview of how sustainability reporting has grown how it is used now and where it is heading Daily we read and hear in various media about concepts such as corporate social responsibility CSR sustainability reporting sustainability accounting environmental reports corporate citizenship or environmental management systems Accounting for Sustainability decodes this terminology by providing an accessible introduction to the topic that explores sustainability reporting from an internal and external perspective It begins with an overview of how sustainability reporting has emerged and why it is important before moving on to cover definitions of key terms and specific theories and frameworks Subsequent chapters explore the role of financial management sustainability standards accounting communication and capital markets With learning outcomes and study questions embedded in each chapter this book will be of great interest to students of sustainability reporting and accounting

as well as practitioners taking related professional accreditations

**Accounting Education Research** Richard M.S. Wilson, 2015-04-10 An annual prize is awarded for the best paper appearing in *Accounting Education* an international journal and this book contains the prize winning papers for every year from 1992 to 2012 The journal's primary mission since the first issue was published in March 1992 has been to enhance the educational base of accounting practice and all the papers in this book relate to that mission These papers reporting on research studies undertaken by accounting education scholars from around the world build on research findings from the broader domain of education scholarship and embrace a wide array of topics including curriculum development pedagogic innovation improving the quality of learning and assessing learning outcomes Of particular interest are three themes each of which runs through several of the papers students approaches to learning and learning style preferences ethics and moral intensity and innovation within the accounting curriculum Accounting educators will find many ideas in the book to help them in enriching their work and accounting education researchers will be able to identify many points of departure for extending the studies on which the papers report whether comparatively or longitudinally This book is a compilation of papers originally published in *Accounting Education* an international journal

**Sustainability Accounting and Accountability** Jan Bebbington, Jeffrey Unerman, Brendan O'Dwyer, 2014-06-05 The management and balancing of social environmental and economic sustainability is one of the most complex and urgent challenges facing both private and public sector organizations today with these challenges of sustainability posing many risks to and many opportunities for advancing the aims and performance of organizations Accounting and accountability processes and practices provide key tools to help organizations to more effectively identify and manage the risks and opportunities of sustainability Popular features from the first edition are retained whilst recent developments in theory and practice are accounted for New substantive chapters on water resource accounting carbon accounting and decision making have been introduced and the book continues to benefit from a host of expert contributors from around the world including Jesse Dillard Rob Gray Craig Deegan This comprehensive and authoritative textbook will continue to be a key resource for students of accounting and sustainability as well as being a vital tool for researchers

**Sustainability Accounting and Accountability**, 2014

**Islamic Finance** Tina Harrison, Essam B. Ibrahim, 2016-09-20 This book demonstrates how the global market for Islamic financial services has shown strong growth in recent years and shown remarkable resilience during the global financial crisis Drawing on a range of international perspectives from the Gulf Cooperation Council countries Malaysia Pakistan Australia and Europe this book explores the characteristics and performance of Islamic finance and banking and discusses future prospects It offers a comprehensive theoretical framework for Shariah governance in Islamic financial institutions explores Shariah compliant equities as well as issues in productivity technology and efficiency It includes a number of comparative studies on Islamic and conventional banks Islamic and conventional unit trusts and Islamic and conventional banks product mixes The challenges and

opportunities for the expansion of Islamic finance and banking into Europe are explored through the contexts of the UK Germany and Italy

*Corporate Reputation as Strategic Intangible Asset* Diletta Vito, 2025-06-16 This book offers a comprehensive overview of corporate reputation aiming to enhance understanding management processes and measurement methods associated with this crucial concept By integrating perspectives from various disciplines such as strategic management organizational theory and accounting the book presents a holistic framework for both enhancing and safeguarding corporate reputation The book explores essential processes such as creating acquiring protecting and repairing reputational capital employing a stock and flow model to establish a robust framework for reputation management Furthermore the book studies the role of corporate communication and voluntary disclosure in establishing trust and credibility with stakeholders It provides actionable strategies for reputational risk management and crisis management emphasizing the critical importance of swift and transparent communication in safeguarding and restoring reputational capital By addressing stakeholder specific dynamics and offering detailed guidelines on reputation management the book underscores the necessity of tailored efforts to meet the unique needs and concerns of diverse stakeholder groups Designed for scholars practitioners business leaders and students in business and management disciplines this book aims to deepen their understanding of the strategic importance of corporate reputation

**Globalization** George Yungchih Wang, 2019-10-23 Globalization is a process of interaction and integration among people businesses institutions and governments of different countries in many aspects surrounding human lives It is not a threat to sovereignty or a form of Westernization This book discusses international economics and globalization explores global business strategies deliberates business ethics and corporate social responsibility and examines other related aspects from a global perspective

**Soft Computing in Management and Business Economics** Anna M. Gil-Lafuente, Jaime Gil-Lafuente, José M. Merigó-Lindahl, 2012-07-13 This book is a collection of selected papers presented at the Annual Meeting of the European Academy of Management and Business Economics AEDEM held at the Faculty of Economics and Business of the University of Barcelona 05 07 June 2012 This edition of the conference has been presented with the slogan Creating new opportunities in an uncertain environment There are different ways for assessing uncertainty in management but this book mainly focused on soft computing theories and their role in assessing uncertainty in a complex world The present book gives a comprehensive overview of general management topics and discusses some of the most recent developments in all the areas of business and management including management marketing business statistics innovation and technology finance sports and tourism This book might be of great interest for anyone working in the area of management and business economics and might be especially useful for scientists and graduate students doing research in these fields
