Caring for Mom and Dad Susan Stein-Roggenbuck, 2023-10-05 Throughout the twentieth century the United States implemented social policies targeting the needs of dependent parents parents who were no longer able to work but lacked sufficient financial resources to support themselves These parent dependency policies either encouraged or required family members particularly adult children to provide support as an alternative to government benefits Debates over how best to support aging parents centered on conceptualizations of dependency and the moral obligations family owed their parents Measures of dependency often inhibited aging Americans access to benefits they needed focusing instead on ensuring that they were in fact dependent and that other family resources were not available Susan Stein Roggenbuck highlights this understudied aspect of the modern US welfare state highlighting the limited support provided to aging parents and the hardship they and their adult children endured in the efforts to minimize public expenditures

Special Committee on Aging, 1999 **Letters, Kinship, and Social Mobility in Nigeria** Olufemi Vaughan, 2023-08-15 In 2003 Olufemi Vaughan received from his ninety five year old father Abiodun a trove of more than 3 000 letters written by four generations of his family in Ibadan Nigeria between 1926 to 1994 The men and women who wrote these letters had emerged from the religious social and educational institutions established by the Church Missionary Society the preeminent Anglican mission in the Atlantic Nigerian region following the imposition of British colonial rule Abiodun recruited to be a civil servant in the colonial administration became the patriarch of a prominent family with historical roots in both West Africa and the Americas his family was the subject of articles in Ebony and Jet as well as in acclaimed histories Reading deeply in these letters Olufemi realized he had a unique set of sources that could be used to illuminate everyday life for this important segment of Nigerian society Letter writing was a dominant form of communication for western educated elites in colonial Africa especially in Nigeria Exposure and an altruistic sense of nationalism were among the factors that led people to begin exchanging letters particularly in their interactions with British colonial authorities Through careful textual analysis and broad contextualization Vaughan reconstructs dominant storylines including themes such as people's relationships with colonial authorities and bureaucracy ideas about faith and kinship nationalism and communal development Vaughan brings his prodigious skills as a historian to bear on this wealth of information bringing to life a portrait at once intimate and expansive of a community during a transformative period in African history **Fragile Families** Joachim

Eibach, 2023-10-24 In the era of bourgeois modernity 1750 1900 the family is as valued as it is vulnerable It constitutes a community of care conflict and emotion Time and again it is evoked as a bond of love as well as a moral institution Yet both love and morality are fragile A more detailed exploration reveals that domestic life during this period was much more colorful open and dynamic and also more prone to crisis than one might expect given the vaunted view of the family that characterized the heyday of the bourgeoisie This book rewrites the history of the modern family Self narratives primarily

diaries written by members of eight families from Germany Switzerland and Austria serve as sources for this research The focus extends far beyond the bourgeoisie With a micro historical eye the author reconstructs family histories from the peasant milieu to the patrician elite from the parsonage to the educated bourgeoisie he considers the domestic life of a journeyman craftsman a couple s descent from the ranks of the petite bourgeoisie the effects of an itinerant childhood among the proletariat and the strain of being caught between a bourgeois family and artistic individuality Many of these aspects point beyond bourgeois modernity to the family in our time **Toward a National Policy on Aging** ,1971 **Mother Teresa** Elaine Murray Stone,1999 This fascinating biography covers her childhood her early years as a Sister of Loreto her later call to love Jesus in the guise of the lowliest by being poor with the poor her new order and her growing fame The book also covers her illness death funeral the new leadership of her order and her probable canonization **Family, Intergenerational Solidarity, and Post-Traditional Society** Ronald J. Angel,Jacqueline L. Angel,2017-07-06 This book examines the challenges families commonly face during the life course with special emphasis on decisions concerning aging family members These issues are explored in the context of the family in a post traditional society *The Women of Pliny's Letters* Jo-Ann Shelton,2013 The large collection of letters by Pliny the Younger includes a number of women among its addressees and Pliny also gives us plentiful information about many women of his acquaintance This book brings together this material to build up a portrait of a peer group of women in their social setting **Chronicling Poverty** Tim Hitchcock,Pamela Sharpe,Peter King,1997-03-15 Over the last twenty years more and more historians of the eighteenth and early nineteenth centuries have turned their eyes away from the records of central administration towards local archives and the lives of the poor What they have found is a wealth of sources some of which chronicle the lives and many of which record the words of working people This book will bring together some of the best work based on these sources **Deceptive Social Security Mass Mailings to the Elderly** United States. Congress. Senate. Committee on Finance. Subcommittee on Social Security and Family Policy,1990 **Immigration Controls, the Family and the Welfare State** Steve Cohen,2001 For social and welfare workers the complexities of immigration law may at first appear daunting In this book Steve Cohen examines the law as it applies to the family and welfare giving pointers for good practice **Death, Mourning, and the Afterlife in Korea** Charlotte Horlyck,Michael J. Pettid,2014-05-31 Death and the activities and beliefs surrounding it can teach us much about the ideals and cultures of the living While biologically death is an end to physical life this break is not quite so apparent in its mental and spiritual aspects Indeed the influence of the dead over the living is sometimes much greater than before death This volume takes a multidisciplinary approach in an effort to provide a fuller understanding of both historic and contemporary practices linked with death in Korea Contributors from Korea and the West incorporate the approaches of archaeology history literature religion and anthropology in addressing a number of topics organized around issues of the body disposal of remains ancestor worship and rites and the afterlife The first two chapters explore the ways in

which bodies of the dying and the dead were dealt with from the Greater Silla Kingdom 668 935 to the mid twentieth century Grave construction and goods cemeteries and memorial monuments in the Kory 918 1392 and the twentieth century are then discussed followed by a consideration of ancestral rites and worship which have formed an inseparable part of Korean mortuary customs since premodern times Chapters address the need to appease the dead both in shamanic and Confucians contexts The final section of the book examines the treatment of the dead and how the state of death has been perceived Ghost stories provide important insight into how death was interpreted by common people in the Kory and Chos n 1392 1910 while nonconformist narratives of death such as the seventeenth century romantic novel Kuunmong point to a clear conflict between Buddhist thought and practice and official Neo Confucian doctrine Keeping with unendorsed views on death the final chapter explores how death and the afterlife were understood by early Korean Catholics of the eighteenth and nineteenth centuries Death Mourning and the Afterlife in Korea fills a significant gap in studies on Korean society and culture as well as on East Asian mortuary practices By approaching its topic from a variety of disciplines and extending its historical reach to cover both premodern and modern Korea it is an important resource for scholars and students in a variety of fields
