First Aid Workbook:

First Aid Book Donavin,1993-12 Provides workers in the mineral industries with basic first aid knowledge and skills that better prepare them to deal with accidents both on and off the job Represents current recommended policies and procedures for dealing with emergencies which require first aid Comprehensive Drawings The Best VBS Workbook Ever! Lisa Brown,2017 Enables organizers to envision and implement a VBS program customized for the local church Practical comprehensive from the ground up approach to VBS Designing a Vacation Bible School program as opposed to choosing one of the many off the shelf packages is a labor of love It considers the unique perspective of children and invests accordingly It is a home cooked meal compared to fast food It sends a message to parents that a church values children enough to identify and meet their specific needs in their community at a particular moment in time Well designed VBS programs speak to children with respect love and patience offering opportunity for authentic spiritual growth not to mention an intentional theology that is reflective of the church Finally custom designed VBS programs are a way to fully include children in the mission and ministry of the church rather than confine their unique gifts This book provides Christian educators with the tools they need to assess the needs and resources in their congregation and to craft a creative program in response to that assessment The Best VBS Workbook Ever offers direction and suggestions on theme structure logistics program activities staffing and promotion Audience Episcopal and other mainline churches looking for something more original and thoughtful than typical pre packaged VBS programs Directors of Christian Education Directors of Children s Ministry Camps and Retreat Centers FORMA Kanuga Christian Education conference eFormation network **Tolley's Risk Assessment Workbook Series: Utilities** Peter Ellis,Jaen Stanton,2020-12-14 Risk assessment is the key to successful management of health and safety at work Risk assessments are carried out in order to quantify and evaluate the significance of workplace hazards so that appropriate control measures can be put in place Usually a written record of the assessment is required detailing the following information The hazards and how much risk is associated The risk with appropriate control measures Deadlines to follow up the risk assessment to ensure the risk is managed Failure to carry out risk assessments punishable by law is often due to lack of a suitable risk assessment system Tolley s Risk Assessment Workbook Utilities provides that system both in the form of key background information on how to carry out a risk assessment understanding relevant legislation and regulations but most importantly by providing Checklists highlighting key industry specific hazards and control measures Questionnaires highlighting key questions the risk assessor should ask when analysing the risk posed by the hazard Action Plans to ensure the risk assessment is followed up and completed The Workbook offers a practical risk assessment system it shows you how to comply with the law and gives you the foundations of a logical procedure that can be understood easily put into place quickly where necessary and adapted to your organisation s needs Tolley s Risk Assessment Workbooks is a series of practical Workbooks providing you with all the information you need to conduct risk assessments in

industry specific areas including Manufacturing Retail Leisure Education Offices and Construction A special Risk Assessment Workbook on Stress has also been developed in order to facilitate management of this issue which is of key concern to all organisations
