Außenpolitikanalyse Klaus Brummer, Kai Oppermann, 2018-11-05 Die um zwei Kapitel erweiterte Neuauflage diskutiert 12 Theorien der Außenpolitikforschung die in drei Abschnitte untergliedert sind. Der erste Teil widmet sich den Großtheorien der Internationalen Beziehungen und arbeitet heraus in welcher Art und Weise diese für die Analyse von Außenpolitik fruchtbar gemacht werden können. Der zweite Block diskutiert Erklärungsansätze die außenpolitische Entscheidungen auf innenpolitische Einflüsse und Zwänge zurückführen. Die im dritten Abschnitt des Bandes behandelten Theorien richten ihren Fokus auf psychologische und kognitive Erklärungsfaktoren auf der Ebene individueller außenpolitischer Entscheidungsstrategien. Der Band gibt damit den aktuellen Stand der Theorieentwicklung in der Disziplin der Außenpolitikforschung wieder.

Fazendeiro,2017-08-25 Uzbekistan s foreign policy from 1991 to 2016 starting from independence right up to the death of its

first president Islam Karimov is one of the more distinctive approaches to international politics since the end of the Cold War. This distinctiveness rests on the republic's gradual struggle for self-reliance upon becoming independent. Authorities in Uzbekistan, especially its President, were sceptics of the norms that came to prevail across regional and broader international politics. This book addresses the making of Uzbekistan's general foreign policy and its corresponding effects outside Central Asia, particularly at the highest level among state officials, heads of state and ministers. It shows how a particular set of promises, slogans and attitudes became the pillars upon which Uzbekistan's international role was shaped, a role which then affected Tashkent's twenty-five year relations with Russia, the United States, Germany and Turkey. The book argues that the Government of Uzbekistan sought to be recognised as a self-reliant power after independence but that the international norms of the post-Cold War order coupled with the conflicting aims of the partners with whom it interacted hindered acknowledgement and contributed to a twenty-year struggle for recognition. Providing a thorough assessment of President Karimov's legacy in the foreign policy domain, this book contributes to the developing field of role theory and recognition in International Relations. It will also be of interest to academics in the fields of Central Asian and Eurasian politics and international relations.

[Identity, Culture, and Chinese Foreign Policy](#) Kangkyu Lee, 2020-11-29. This book assesses the role of identity and Chinese face culture in Chinese foreign policy by analyzing China's political and economic retaliation against South Korea's deployment of the THAAD Terminal High Altitude Area Defense system on its soil. By examining the history and military action of China, Japan and North and South Korea, the book argues that China's divergent responses were caused by different expectations according to whether states had a perceived identity as a friend or a rival. The author demonstrates that Chinese face culture shapes China's reaction to others through three dynamics of seeking, saving and losing face. This book shows how identity and culture have worked in the relationship between China and neighboring countries through three case studies exploring North Korea's Taepodong 2 missile launch and first nuclear test in 2006, South Korea's decision to allow the United States to deploy the THAAD around

2016 and Japan's decision to deploy two U.S. X-band radars in 2005 and 2014. A timely analysis of the importance of identity and culture in international relations, the book will be of interest to scholars of Chinese foreign policy, Sino-South Korean relations, Sino-North Korean relations, Sino-Japanese relations, Korean Politics, Asian Politics, and International Relations.

Negotiation and Foreign Policy Decision Making Melania-Gabriela Ciot, 2014-06-02. Foreign policy decisions are influenced by many factors. The real world is complex and many variables have to be considered when making a decision. A psychological approach to decision making facilitates the understanding and explaining of the complexity of foreign and global policies precisely because of the prolonged transitional stage of the contemporary international system. The course of world politics is shaped by the decisions of leaders. Uncertainty involved in decision making in foreign policy can relate to the motivations, beliefs, intentions, or calculations of the opponents. If it is not possible to understand how decisions are made, then maybe it is at least feasible to understand these decisions and perhaps more importantly predict various results with regards to international politics. This book provides a new perspective on the study of international relations by analyzing the subjective elements, idiosyncrasies that occur in decision making at the individual level. The use of psychological methods of analysing the foreign policy decision making process proposes a necessary investigation path into international relations.

Finally, a reflection of the foreign policy concerns of small and new countries, with special attention to Slovenia and legal aspects, are offered.

Die Innenpolitik der Außenpolitik Klaus Brummer, 2013-02-26. Welchen Einfluss haben die Interessen einzelner Regierungsmitglieder auf die Formulierung der Mandate für Auslandseinsätze der Bundeswehr? Bei strukturalistischen Erklärungen deutscher Außenpolitik z.B. auf der Grundlage des Rollenkonzepts der Zivilmacht Deutschland geraten der Einfluss individueller Entscheidungsstrategien sowie innenpolitische Entscheidungsprozesse aus dem Blick. Dieser Band richtet hingegen die maßgeblichen Entscheidungsstrategien innerhalb der Bundesregierung, Bundeskanzler, Außenminister und Verteidigungsminister und deren Zusammenspiel im Entscheidungsprozess in den Mittelpunkt der Untersuchung. Auf der Grundlage einer erweiterten Variante des von Graham Allison entwickelten Governmental Politics Modells werden die regierungsinternen Entscheidungsprozesse zu Einsätzen analysiert, die während der Großen Koalition unter Bundeskanzlerin Angela Merkel 2005-2009 neu beschlossen wurden. Hierzu gehören VN geführte Missionen vor der Küste des Libanon UNIFIL und im Sudan UNAMID sowie EU geführte Missionen in der Demokratischen Republik Kongo EUFOR RD Congo und am Horn von Afrika Atalanta.

Policy in South Asia Sandra Destradi, 2012-02-27 This book examines Indian foreign policy and security relations in its eastern regional neighbourhood Indian Foreign and Security Policy in South Asia conducts an in depth analysis into India's foreign policy towards the three main countries in India's Eastern neighbourhood Sri Lanka Nepal and Bangladesh In particular it deals with India's role in the final years of the civil war in Sri Lanka its approach to the peace and democratisation process in Nepal and Indian foreign policy towards Bangladesh on a range of issues including Islamist militancy migration border security and insurgency Set within an analytical framework centred on the notions of empire hegemony and leadership the study reveals that India pursued predominantly hegemonic strategies and was not able to generate genuine followership among its smaller neighbours The South Asian case therefore shows the discrepancy that may exist between the possession of power capabilities and the ability to exercise actual influence a conclusion which lifts the study from geographical specifics and extends its relevance to other cases and cross regional comparisons This text will be of much interest to students of Indian foreign policy Asian security foreign policy analysis strategic studies and IR in general
