Revolutionary Iran A History Of The Islamic Republic Michael Axworthy:

Revolutionary Iran Michael Axworthy, 2013 In *Revolutionary Iran* Michael Axworthy offers a richly textured and authoritative history of Iran from the 1979 revolution to the present **Revolutionary Iran** Michael Axworthy, 2013-04-02 A major new and definitive work by the author of *Iran Empire of the Mind* Ayatollah Khomeini's return to Tehran in February 1979 was a key moment in post War international politics A large well populated and wealthy state suddenly committed itself to a quite new path a revolution based on the supremacy of Islam and contempt for both superpowers For over 30 years the Islamic Republic has resisted widespread condemnation sanctions and sustained attacks by Iraq in an eight year war Many policy makers today share a weary wish that Iran would somehow just disappear as a problem But with Iran's continuing commitment to a nuclear programme and its reputation as a trouble maker in Afghanistan Lebanon and elsewhere this is unlikely any time soon The slow demise of the 2009 Green Revolution shows that Revolutionary Iran's institutions are still formidable About the author Michael Axworthy's *Iran Empire of the Mind* established him as one of the world's principal experts on this extraordinary country and in his new book *Revolutionary Iran* he has written the definitive history of this subject one which takes full account of Iran's unique history and makes sense of events often misunderstood by outsiders Reviews Balances scholarly precision with narrative flair Axworthy does the best job so far of describing the Iran Iraq war He revisits and convincingly reinterprets defining moments of the Islamic republic with scholarly rigour and first class analysis Anyone interested in this most complex of revolutions would do well to read this book Economist An impressive exploration of Iran's development since 1979 into an unpredictable pseudo democracy a calm and literate portrait of the Islamic Republic Guardian If you were to read only one book on present day Iran you could not do better than this Axworthy revokes the sound and fury of the revolution itself Ervand Abrahamian Times Higher Education Packed with gobbets of information and policy advice on how to deal with Iran Telegraph A meticulously fair and scholarly work passages from Iranian authors little known in the west as well as references to both popular and arthouse cinema bring depth and richness moving and vivid a very fine work that deserves to be read by anyone interested in the Middle East Jason Burke Observer Axworthy is a true Iranophile learned in history and literature ancient and modern A subtle lucid and well proportioned history his method casts theocracy in a refreshingly cold light and embosses the Islamic Republic's well established subordination of faith to power Spectator

Revolutionary Iran Michael Axworthy, 2013 Ayatollah Khomeini's return to Tehran in February 1979 was a key moment in post War international politics This book offers an account of Iran's unique history and makes sense of events often misunderstood by outsiders It is an exploration of Iran's development since 1979 into an unpredictable pseudo democracy

Reading Revolutionary Iran Ze'ev Maghen, 2023-03-06 The burden of this book is twofold The first half is charged with identifying and critiquing the many prejudices and misconceptions that inform popular and even scholarly perceptions of Islam and Iran those rooted in neo conservative hostility no less than those arising out of pro regime apologetics or what we

will argue are misleading post modern methodologies This is a key component of our overall investigation both because the illusions occluding our view of the Islamic Republic are we assert piled so high and deep and because setting the record straight on many a contentious issue is the most appropriate context for elucidating the positive positions of the revolutionary clerics These last represent perhaps more than anything else the premier critics of Western civilization in our day and their ideologies may therefore be best comprehended when placed in dialogue with and in polemic against the worldviews of that civilization which in their own turn are often most profoundly understood when offset by their present day Islamist nemeses As noted above it is not all contention unexpected meeting points and congruities emerge as well when the activist Shi ite clerics are placed in the same virtual room with their occidental counterweights The second half of the book deploys a large number of rarely tapped primary sources both ancient and contemporary in order to tease out the attitudes of the class of Muslim scholars recently and currently at the helm of the Iranian state in a variety of significant fields including the role of religion in society the relationship between democracy and theocracy the modern Western Weltanschauung the Sunni Shi i schism and much more Though the author parses and provides background and context for the myriad citations from these influential Muslim thinkers the ultimate objective is to allow them to speak for themselves

Iran's Ministry of Intelligence Steven R. Ward, 2024-11-01 The first book about Iran's shadowy Ministry of Intelligence Steven R Ward provides an accessible overview of Iran's Ministry of Intelligence MOIS and its focus on tracking and countering domestic dissent and perceived foreign inspired sedition The ministry's checkered record of effective intelligence operations includes a history of assassinations and human rights abuses Developing a clearer picture of the MOIS is important for understanding how the Islamic Republic of Iran operates seeks security and competes with its adversaries Iran's Ministry of Intelligence updates and improves on the paucity of available information about Iranian intelligence activities The chapters in the book cover the MOIS's origins leaders structure and organizational culture operations and tradecraft foreign partners cultural representations and future outlook The book also provides a significant examination of this contemporary intelligence agency that does not follow the model of Western organizations Iran's Ministry of Intelligence will be of interest to scholars students and general readers of intelligence and Iran's history and politics It will also be an important resource for national security and foreign policy practitioners

The Hijaz Malik Dahlan, 2018-08-01 Dahlan offers an alternative vision of Islamic governance through the history and promise of the Hijaz the first state of Islam The Hijaz in the west of present day Saudi Arabia was the first Islamic state in Mecca and Medina This new interpretative history offers a fresh vision of Islamic governance and law as a positive force for political reform in the Middle East and beyond Applying key Islamic principles of public good to contemporary life Malik Dahlan challenges two dominant narratives He reclaims the development of Islamic statecraft as the wellspring of collective identity and statesmanship in the Arab world simultaneously influenced and disrupted by Westphalian statehood models and Enlightenment notions of self determination He equally rejects the

appropriation of Islamic governance and the Caliphate concept by both the post modern non territorial Al Qaeda and the neo medievalist ISIS Celebrating the history and untapped potential of a region where Arab leaders built the ideological foundations of an emerging polity The Hijaz is a compelling alternative analysis of governance in the Arabian Peninsula and the global Islamic community and of its interaction with the wider world **How to Blow Up a Pipeline** Andreas Malm,2021-01-05 Property will cost us the earth The science on climate change has been clear for a very long time now Yet despite decades of appeals mass street protests petition campaigns and peaceful demonstrations we are still facing a booming fossil fuel industry rising seas rising emission levels and a rising temperature With the stakes so high why haven t we moved beyond peaceful protest In this lyrical manifesto noted climate scholar and saboteur of SUV tires and coal mines Andreas Malm makes an impassioned call for the climate movement to escalate its tactics in the face of ecological collapse We need he argues to force fossil fuel extraction to stop with our actions with our bodies and by defusing and destroying its tools We need in short to start blowing up some oil pipelines Offering a counter history of how mass popular change has occurred from the democratic revolutions overthrowing dictators to the movement against apartheid and for women s suffrage Malm argues that the strategic acceptance of property destruction and violence has been the only route for revolutionary change In a braided narrative that moves from the forests of Germany and the streets of London to the deserts of Iraq Malm offers us an incisive discussion of the politics and ethics of pacifism and violence democracy and social change strategy and tactics and a movement compelled by both the heart and the mind Here is how we fight in a world on fire

The Political Ideology of Ayatollah Khamenei Yvette Hovsepien-Bearce,2015-07-03 Ayatollah Ali Hosseini Khamenei Supreme Leader of the Islamic Republic of Iran is one of the most controversial and influential Muslim leaders in the world today As Iran s main decision maker his theocratic ideology and decisions carry global consequences The Political Ideology of Ayatollah Khamenei is the first book to identify and analyze the development and evolution of the theocratic ideology of the Supreme Leader from 1962 to 2014 using his own writings speeches and biographies as well as literature published in the Islamic Republic of Iran This work provides new insights into Khamenei s political thought and behavior and their impact on Iran s domestic regional and international policies Correlating the development of Khamenei s personality character and political behavior with Iran s internal and external challenges this study explores key issues of the Middle East region in particular Iran s political posture toward Israel the United States and the Muslim world and the diplomatic crises unfolding over Iran s nuclear development program This work provides a comprehensive chronological and thematic survey of Khamenei s life This book will be of interest to students scholars researchers diplomats and policymakers focusing on Middle Eastern politics Iranian affairs Islamic studies and international relations and could serve as an essential resource for those striving to understand Iran s policies toward Israel the United States and the Muslim world as shaped by its supreme autocrat **Parameters** ,2014 **Human Rights and Agents of Change in Iran** Rebecca Barlow,Shahram

Akbarzadeh,2018-07-13 This volume extends debates on the interaction between universal human rights and the political experiences of Iranians through a conceptual analysis of theories of change It assesses the practical processes by which individuals organizations and movements can reform or impact the structural theological and political challenges faced in the Iranian context Contributors to this volume investigate how structures institutions and agents in Iran maneuver for influence and power at the state level through the law in international corridors at the grassroots and by implementing multiple and complex methods The chapters provide distinct but interrelated analysis of key drivers of change in Iran A number of those operate primarily through top down approaches such as the political reform movement lawyers pursuing legislative change and international human rights monitoring bodies Others take a bottom up approach including local movements and campaigns such as the women s movement the labor movement the student movement and ethnic minority groups By prompting drivers of change to think about causation influence sequencing prioritization roles and relationships a theory of change ultimately makes the work more effective Through rigorous analysis of these issues for drivers of change in the Islamic State this volume is an important contribution to human rights in Iran In an era of escalating tensions in the Middle East it amplifies voices of reform and freedom filling a crucial gap in our understanding of this region **The World Since**

1945 P. M. H. Bell,Mark Gilbert,2016-11-03 A masterly synthesis of the history of the contemporary world The World Since 1945 offers the ideal introduction to the events of the period between the end of the Second World War and the present day P M H Bell and Mark Gilbert balance a clear narrative with in depth analysis to guide the reader through the aftermath of the Second World War the Cold War decolonization D tente and the Arab Israeli Conflict up to the on going ethnic strife and political instability of the 21st century The new edition has been thoroughly revised to fully reflect developments in the history and historiography of the post war world and features five new chapters on the post Cold War world covering topics including The rise and fall of American hegemony The decline of Europe The rise of Asia Political Islam as a global force The role of human rights The World Since 1945 challenges us to better understand what happened and why in the post war period and shows the ways in which the past continues to exercise a profound influence on the present It is essential reading for any student of contemporary history

The Complete Infidel's Guide to Iran Robert Spencer,2016-07-11 Our Most Dangerous Enemy Think it s ISIS Think again Iran is the terrorist powerhouse of the world made all the more dangerous by the disastrous nuclear deal that restricts Iran s nuclear ambitions hardly at all The Iranian government is an open enemy of the United States and of anyone who dissents from Shia Islam Iran confronts U S Navy ships in the Persian Gulf on a near daily basis It executes more of its citizens than any other nation It is a country torn by hypocrisy lectured by mullahs and with brutally enforced Islamic religious laws but rife with alcoholism Once America s ally Iran now claims leadership of the global jihad and the ayatollahs aim is nothing less than world conquest for Islam In his extraordinary new book *The Complete Infidel s Guide to Iran* New York Times bestselling author Robert Spencer reveals How the Iranian nuclear deal is sheer

capitulation to the mullahs allowing Iran to inspect its own facilities and pursue nuclear weapons Iran's long standing support for terrorists including shocking evidence that Iran helped plan the 9/11 attacks Why Iran wants nuclear weapons clue it's not about deterrence American diplomatic folly why the Obama administration has grossly underestimated the Iranian threat A new grand strategy how Iran's Shi'ite terrorism might be contained and its threat to the United States reduced The Islamic Republic is already at war with America If we refuse to recognize that fact we are only falling prey to the mullahs campaign of duplicity The Complete Infidel's Guide to Iran exposes the true nature of the threat lays out what America must do to defeat it and gives you all the information you need about America's least understood yet potentially most lethal foe *Towards the Great Civilization* Mohammad Reza Pahlavi, 2024-11-14 The first English language translation of former Shah of Iran Mohammad Reza Pahlavi's penultimate book published in Persian on the eve of the revolution that brought the downfall of the monarchy In the late 1970s on the eve of the Islamic Revolution Shah Mohammad Reza Pahlavi of Iran published his third book In it he gave his assessment of the progress of Iran in the 15 years since the launching of his White Revolution in 1963 and his vision for his country for the proceeding years and decades the march towards what he termed Iran's Great Civilization An indispensable source for understanding state ideology and domestic and foreign policy in the late Pahlavi period as well as the shah's personal philosophy and political thought this new edition of *Towards the Great Civilization* is based on the original unpublished English language translation commissioned by the Pahlavi Library edited by Robert Steele with an introduction by Professor Ali Ansari **War, Work, and Want** Randall Hansen, 2023 In *War Work and Want* Randall Hansen focuses on how the oil shock transformed not just the economy proper and the geopolitics of the Middle East region but also the global circulation of people and capital for decades afterward Hansen asks why against all expectations global migration tripled after 1970 Arguing that the OPEC oil crisis explains everything he shows how war migration and the desire for ever cheaper products made by migrants led to a massive upsurge in global migration after 1973

The Incarcerated Modern Golnar Nikpour, 2024-02-06 Iran's prison system is a foundational institution of Iranian political modernity *The Incarcerated Modern* traces the transformation of Iran from a decentralized empire with few imprisoned persons at the turn of the twentieth century into a modern nation state with over a quarter million prisoners today In policing the line between bad criminal and good citizen the carceral system has shaped and reshaped Iranian understandings of citizenship freedom and political belonging Golnar Nikpour explores the interplay between the concrete space of the Iranian prison and the role of prisons in producing new public cultures and political languages in Iran From prison writings of 1920s leftist prisoners and communiques of 1950s militant Islamists to paintings of 1970s revolutionary guerrillas and mapping projects organized by contemporary dissident prisoners carceral confinement has shaped modern Iranian political movements Today mass incarceration is a global phenomenon *The Incarcerated Modern* connects Iranian history to transnational carceral histories to illuminate the shared architectures economies and techniques of modern

punishment Counter-shock Duccio Basosi, Giuliano Garavini, Massimiliano Trentin, 2018-04-30 The oil price collapse of 1985 had momentous global consequences non fossil energy sources quickly became uncompetitive the previous talk of an OPEC imperium was turned upside down the Soviet Union lost a large portion of its external revenues and many Third World producers saw their foreign debts peak Compared to the much debated 1973 oil shock the countershock has not received the same degree of attention even though its legacy has shaped the present day energy scenario This volume is the first to put the oil counter shock of the mid 1980s into historical perspective Featuring some of the most knowledgeable experts in the field Counter Shock offers a balanced approach between the global picture and local study cases In particular it highlights the crucial interaction between the oil counter shock and the political counterrevolution against state intervention in economic management put forward by Ronald Reagan and Margaret Thatcher in the same period **Senses of Mourning** Babak Rahimi, 2026-01-06 No detailed description available for Senses of Mourning **The Global 1980s** Jonathan Davis, 2019-03-28 The Global 1980s takes an international perspective on the upheaval across the world during the long 1980s 1979 1991 with the end of the Cold War a move towards a free market economic system and the increasing connectedness of the world The 1980s was a decade of unimaginable change At its start dictatorships across the world appeared stable the state was still seen as having a role to play in ensuring people s well being and the Cold War seemed set to continue long into the future By the end of the decade dictatorships had fallen globalisation was on the march and the opening of the Berlin Wall paved the way for the end of the Cold War Divided into four chronological parts sixteen chapters on themes including domestic politics the global spread of democracy international relations and global concerns including AIDS acid rain and nuclear war explore how world wide change was initiated both from above and below The book covers such topics as ideological changes in the liberal democratic west and socialist east protests against nuclear weapons and for democratic governance global environmental worries and the end of apartheid in South Africa Offering an overview of a decade in transition as the global order established after 1945 broke down and a new globalised world order emerged and supported by case studies from across the world this truly global book is an essential resource for students and scholars of the long 1980s and the twentieth century more generally **The Return of the Past** Uzi Rabi, 2019-11-04 This book argues that the Arab Spring brought to the forefront numerous societal political and historical problems in the Middle East that scholars and practitioners throughout the 20th century and into the 21st century have continually glossed over or reduced in their analysis and analytical frameworks when studying the Middle East These include the prevalent and persistent impact of Islam on political life an impact of transnational and subnational identities including sect tribe and regional identity as well as the overuse of the state as the fundamental unit of analysis when studying the region As a result this book asserts that primordial identities including religion sect and tribe have and will continue to have a significant impact on the conduct of politics in the Middle East **Global 1979** Arang Keshavarzian, Ali Mirsepassi, 2021-07-15 The Iranian revolution of 1979

not only had an impact on regional and international affairs but was made possible by the world and time in which it unfolded. This multi disciplinary volume presents this revolution within its transnational and global contexts. Moving deftly from the personal to the global and from the provincial to the national it draws attention to the multiplicity of spaces of the revolution such as streets, schools, prisons, personal lives and histories such as the Cold War and Global 1960s and 70s. With a broad range of approaches Global 1979 conceives of the Iranian Revolution not as exceptional or anachronistic but as an uprising constituted by multiple interwoven geographies and histories which disrupt static and bounded notions of the local, national, regional and global.
