Ring Bernard Smith:

Level 3: The Ring Bernard Smith, 2019 Penguin Readers Level 3: the Ring Bernard Smith, 2000-12 Original British English One day Rafael was well the next day he was completely mad What happened to him The story of Rafael and his gold ring is a strange story of murder mystery and love Many people know part of the story But only Rafael knows the true facts And Rafael is mad **Abstracts of Somersetshire Wills, Etc** Frederick Arthur Crisp, 1890 *Progressive Historians* Richard Hofstadter, 2012-02-29 Richard Hofstadter the distinguished historian and twice winner of the Pulitzer Prize brilliantly assesses the ideas and contributions of the three major American interpretive historians of the twentieth century Frederick Jackson Turner Charles A Beard and V L Parrington These men whose views of history were shaped in large part by the political battles of the Progressive era provided the Progressive movement with a usable past and the American liberal mind with a historical tradition The *Progressive Historians* is at once a critique of historical thought during this decisive period of American development and an account of how these three writers led American historians into the controversial political world of the twentieth century Turner in developing his idea that American democracy is the outcome of the experience of frontier expansion and the settlement of the West introduced his fellow historians to a set of new concepts and methods and in doing so drew the guidelines of American historiography Beard insisted upon the elitist origins of the Constitution crusaded for the economic interpretation of history and ultimately staked his historical reputation on an isolationist view of recent American foreign policy Parrington emphasized the moral and social functions of literature and read the history of literature as a history of the national political mind In recent years the tide has run against the Progressive historians as one specialist after another has taken issue with their interpretations The movement of contemporary historical thought has led to a rediscovery of the complexity of the American past Although he cannot share the faith of the Progressive historians in the sufficiency of American liberalism as a guide to the modern world Richard Hofstadter believes we have much to learn about ourselves from a reconsideration of their insights Beyond Wilderness John O'Brian, Peter White, 2017-12-30 The great purpose of landscape art is to make us at home in our own country was the nationalist maxim motivating the Group of Seven's artistic project The empty landscape paintings of the Group played a significant role in the nationalization of nature in Canada particularly in the development of ideas about northernness wilderness and identity In *Beyond Wilderness* contributors pick up where the Group of Seven left off They demonstrate that since the 1960s a growing body of both art and critical writing has looked beyond wilderness to re-imagine landscape in a world of vastly altered political technological and environmental circumstances By emphasizing social relationships changing identity politics and issues of colonial power and dispossession contemporary artists have produced landscape art that explores what was absent in the work of their predecessors *Beyond Wilderness* expands the public understanding of Canadian landscape representation tracing debates about the place of landscape in Canadian art and the national

imagination through the twentieth century to the present Critical writings from both contemporary and historically significant curators historians feminists media theorists and cultural critics and exactly reproduced artworks by contemporary and historical artists are brought together in productive dialogue Beyond Wilderness explains why landscape art in Canada had to be reinvented and what forms the reinvention took Contributors include Benedict Anderson Cornell Grant Arnold Vancouver Art Gallery Rebecca Belmore Jody Berland York Eleanor Bond Concordia Jonathan Bordo Trent Douglas Cole Marlene Creates Marcia Crosby Malaspina Greg Curnoe Ann Davis Nickle Arts Museum Leslie Dawn Lethbridge Shawna Dempsey Christos Dikeakos Peter Doig Rosemary Donegan OCAD Stan Douglas Paterson Ewen Robert Fones Northrop Frye Robert Fulford General Idea Rodney Graham Reesa Greenberg Gu Xiong British Columbia Cole Harris British Columbia Richard William Hill Middlesex Robert Houle Andrew Hunter Waterloo Lynda Jessup Queen s Zacharias Kunuk Igloolik Isuma Productions Johanne Lamoureux Montr al Robert Linsley Waterloo Barry Lord Lord Cultural Resources Marshall McLuhan Mike MacDonald Liz Magor ECIAD Lorri Millan Gerta Moray Guelph Roald Nasgaard Florida State N E Thing Company Carol Payne Carleton Edward Poitras Dennis Reid Art Gallery of Ontario Michel Saulnier Nancy Shaw Simon Fraser Johanne Sloan Concordia Michael Snow Robert Stacey David Thauberger Loretta Todd Esther Tr panier Qu bec Dot Tuer OCAD Christopher Varley Jeff Wall Paul H Walton McMaster Mel Watkins Toronto Scott Watson British Columbia Anne Whitelaw Alberta Joyce Wieland Jin me Yoon Simon Fraser Lawrence Paul Yuxweluptun and Joyce Zemans York

Toward a New Historicism Wesley Morris, 2015-03-08 Assessing major critics from Vernon Parrington to Murray Krieger Wesley Morris points the way to a new historicism He outlines traditional historicist interests in American literary theory and draws from them the foundation for a vital new study of literature As Mr Morris shows however the new historicism moves beyond necessarily using the most recent developments in linguistics anthropology psychoanalysis the psychology of perception and literary response to see the aesthetic relationship between the work and its context Originally published in 1972 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
