Safety Audit Standard For Adventure Activities:

Safety Audit Standard for Adventure Activities, 2017 *Routledge International Handbook of Outdoor Studies* Barbara Humberstone, Heather Prince, Karla A. Henderson, 2015-11-19 The outdoors is a physical and ideological space in which people engage with their environment but it is also an important vehicle for learning and for leisure The Routledge Handbook of Outdoor Studies is the first book to attempt to define and survey the multi disciplinary set of approaches that constitute the broad field of outdoor studies including outdoor recreation outdoor education adventure education environmental studies physical culture studies and leisure studies It reflects upon the often haphazard development of outdoor studies as a discipline critically assesses current knowledge in outdoor studies and identifies further opportunities for future research in this area With a broader sweep than any other book yet published on the topic this handbook traces the philosophical and conceptual contours of the discipline as well as exploring key contemporary topics and debates and identifying important issues in education and professional practice It examines the cultural social and political contexts in which people experience the outdoors including perspectives on outdoor studies from a wide range of countries providing the perfect foundation for any student researcher educator or outdoors practitioner looking to deepen their professional knowledge of the outdoors and our engagement with the world around us

Safety, Risk and Adventure in Outdoor Activities Bob Barton, 2006-11-15 Bureaucracy is the reason for the decline in school trips A statement often quoted But it is a myth that there is a decline in school visits It s competent people not paperwork that make visits safer Ian Park ex Chairman Outdoor Education Advisers Panel Every man and woman who is involved in the development or education of young people however slightly should be chained to one of the Barns of Bynack and not released until they have read this book cover to cover Alan Bantick wildlife conservationist lecturer photographer and guide Bob Barton s balanced and well thought out book will help anyone involved with the planning and management of outdoor activities for young people Bob explores the issues that need to be considered when developing and implementing outdoor policies and procedures in an interesting and thought provoking style drawing on his wealth of outdoor experience Peter Westgarth Chief Executive The Duke of Edinburgh s Award This book fills a gap which sorely needed filling The safety versus adventure debate is discussed in a thoroughly refreshing way and should inspire a new generation of teachers and youth workers to take their charges into the great outdoors The book should be required reading for every Health and Safety Officer throughout the land to improve their understanding of what Adventure Educators are trying to achieve Doug Jones County Officer Outdoor Education and Adventure Activities Bedfordshire County Council A distillation of years of experience in adventure activities and an essential guide to getting the proper balance between adventure and safety Nick Barrett Chief Executive of the Outward Bound Trust Providers of outdoor education must strike the right balance between adventure and security Effective risk management enables providers to deliver lasting educational value without breaching their moral and legal duties of care This practical guide shows how genuinely

adventurous outdoor activities can be provided to acceptable standards of safety Drawing on the author s own experience as an expert mountaineer instructor and consultant the systems and processes of successful outdoor adventure are clearly explained using real life examples and case studies Bob Barton is Safety Adviser to the Outward Bound Trust and works as a consultant on the management of adventure activities Preventing Fatal Incidents in School and Youth Group Camps and Excursions Andrew Brookes,2018-05-07 This book approaches the prevention of fatal incidents in outdoor education and related fields through detailed study of past tragedies Although safety in many fields is built on accumulated lessons from past incidents tragedies on school or youth group camps and excursions are so infrequent and so widely scattered that knowledge from previous incidents can elude those who would benefit Nevertheless the emergence of unlearned lessons from the past weighs heavily when those affected by a tragedy judge whether an incident should have been prevented This book provides a foundation for a detailed and comprehensive understanding of fatality prevention in outdoor education and in youth camps and excursions It compiles examines and analyses information on fatal incidents that have occurred over many decades involving many kinds of groups and endeavours from around the globe No previous work has attempted this task *Tourist Health, Safety and Wellbeing in the New Normal* Jeff Wilks,Donna Pendergast,Peter A. Leggat,Damian Morgan,2021-11-29 The COVID 19 pandemic has changed the face of international and domestic tourism and sharply focused attention on the importance of tourist health safety and wellbeing like never before This book offers a unique perspective on the challenges facing the world s largest service industry to protect and care for customers in a rapidly evolving environment where borders have closed social distancing rules apply and personal hygiene has become a key focus in everyday life Yet tourism is a very resilient industry and history shows there is always an immediate surge toward recovery after a crisis has passed Humans want to travel and see the world While we appreciate that the pandemic is far from over already there are reports of pent up demand for travel as restrictions ease at some destinations and borders begin to open As we move hopefully toward the recovery phase and people begin to move around for business and pleasure this book presents the reader with key information and insights in both traditional and emerging areas of tourist health safety and wellbeing recognising that the world is now shaped by this pandemic bringing change potentially enduring benefits and lasting legacies

importance and offers lessons for other nations across the world The beginning of the new millennium marks a major long term turning point in the historical development of Britain s maritime interest discernible by continued diversification and intensification in the uses of the sea unprecedented and often adverse environmental impacts engendered by these uses and the beginning of a major effort to establish a comprehensive management system which can deal with both multiple uses and environmental impacts This collection featuring an impressive list of contributors covers themes including maritime history environmental issues public policy tourism technology and resources as well as open sea development and management It is a useful addition for those interested in geography the environment maritime studies and also engineering **Advanced**

Leisure and Recreation Ian Roberts,2001 These Student Books Tutor s Resource File and photocopiable option unit packs provide thorough and up to date material for the AVCE Leisure and Recreation and Travel and Tourism awards Risk and Safety Management in the Leisure, Events, Tourism and Sports Industries Mark Piekarz,Ian Jenkins,Peter Mills,2015-09-02

The management of risk and safety is not simply a matter of trying to remove risks but is necessary and vital to these industries Sensible risk management is concerned with making the most of the positive opportunities or reducing the negative risks This books shows how the absence of explicit risk practices is not necessarily an absence of risk management and how many existing operational and strategic practices can be understood as part of a process of risk and safety management Its main objective is to develop greater clarity in the communication of risks and the development of safety programmes illustrating how organisations can use a single language of risk relevant for all levels of management and areas of operation
