examining the evolving role of the spiritual master This traditional Sufi function was reimagined by Shi'i intellectuals to incorporate the guidance of the infallible imams and their deputies the ulama Anzali goes on to address the institutionalization of irfan in Shi'i madrasas and the role played by prominent religious scholars of the eighteenth and early nineteenth centuries in this regard The book closes with a chapter devoted to fascinating changes in the thought and practice of irfan in the twentieth century during the transformative processes of modernity Focusing on the little studied figure of Kayvan Qazvini and his writings Anzali explains how irfan was embraced as a rational science friendly nonsectarian and anticlerical concept by secular Iranian intellectuals
