

Jon Gabriel lost over 103 kilos without dieting or surgery and his body shows almost no sign of ever having been morbidly obese ...

THE REVOLUTIONARY
DIET-FREE WAY TO LOSE WEIGHT

How did Jon do it? It's easy ... and you can do it too!

TOTALLY TRANSFORM YOUR BODY

This innovative approach will help you understand the influence of your mindset on your body's internal logic, rather than according to conventional - and often self-defeating - attitudes towards weight loss.

Truly unique and groundbreaking, *The Gabriel Method* is backed by solid, cutting-edge scientific research and over four years of full-time investigation into the roles of biochemistry, neurobiology and human consciousness in weight loss.

The result is a simple, diet-free protocol that defies generally accepted 'wisdom' and yet achieves dramatic, lasting results.

JON GABRIEL has pursued extensive coursework in biochemistry and performed research for the internationally renowned biochemist Dr. Jesse Belinfante. Jon's story has been featured on *A Current Affair* and *Talkin' Toughest* in Australia. His success in helping others lose weight has also been discussed on many popular talk shows in the United States.

"Jon is a miracle and a shining example to be shared with the world."

Kathleen Bell

Daughter of Muhammad Ali and author of *Fighting Weight*

"The most comprehensive and scientifically sound method I've ever encountered."

Dr. Jesse Belinfante M.D.
Director of the Endocrine Integrative Medical Center

Weight Loss With Gabriel Method

Melanie Robinson

Weight Loss With Gabriel Method:

Visualization for Weight Loss Jon Gabriel, 2015-01-06 In *Visualization for Weight Loss* Jon Gabriel expands on the most talked about tool in his best selling book *The Gabriel Method* visualization. This powerful technique helped Jon drop 220 pounds without dieting or deprivation because it didn't depend on calorie counting or extreme exercise rather it changed his biochemistry and neural pathways. In turn this helped lower stress and its associated inflammatory chemicals in his body allowing him to lose weight easily and naturally. Examining the importance of visualizing for weight loss Jon takes readers through the latest research on the power of the mind in order to show why this technique works. And then he lays out concrete unthreatening advice about how to implement visualization into their lives. In addition to teaching readers how to move into the most powerful brain state for enacting change Jon includes visualizations to help readers overcome disempowering beliefs surrounding food and weight loss. Melt away stress. Conquer fears of losing weight. Rediscover the joy of movement. Create healthy new habits. Kill food cravings and addictions. Achieve better sleep. Jon not only provides readers with these visualizations but also teaches them how to create their own personalized visualizations that can be even more powerful. He then presents a four month visualization strategy that can be easily included in anyone's life no matter what time constraints they face. As Jon found in his journey the biggest challenge in weight loss is not finding the perfect diet or the perfect exercise routine the biggest challenge is convincing your brain that your body needs to be thin. **Gabriel Method** Jon Gabriel, 2009-11-13 Jon Gabriel lost over 100 kilos without dieting or surgery and amazingly his body shows almost no sign of ever having been morbidly obese. His totally unique and groundbreaking approach to losing weight is backed by solid cutting edge obesity research from over four years of full time investigation of the roles of biochemistry neurobiology quantum physics and human consciousness in weight loss. The result is a method that defies common sense wisdom and yet achieves dramatic lasting benefits. Celebrity obesity survivors like Muhammad Ali's daughter Khaliah and Robin Moran star of The Discovery Channel's show *Super Obese* are strong advocates of Jon's Weightloss approach which has also been featured on *A Current Affair* and *Today Tonight* in Australia as well as on numerous radio shows and newspaper articles internationally. In addition to telling Jon's own story of his amazing transformation the book reveals why diets don't work and explains a truly unique and revolutionary diet free way to lose weight. It's based on the fact that your body has an internal logic that determines how fat or thin you will be at any given time. The way to lose weight is not to struggle or to force yourself to lose weight but to understand this internal logic and work with it so that your body wants to be thinner. When your body wants to be thinner weightloss is inevitable and becomes automatic and effortless. You simply crave less food you crave healthier foods your metabolism speeds up and you become very efficient at burning fat just like a naturally thin person. And that's the real transformation to transform yourself into a naturally thin person so that you can eat whatever you want whenever you want and still be thin fit and vibrantly healthy. [Visualization for Weight Loss](#) Jon Gabriel, 2015-01-06

Join best selling author and international weight loss expert Jon Gabriel as he teaches you the visualization technique he used to shed 220 pounds without restrictive dieting or deprivation Examining the importance of visualizing Jon takes you through the latest research on the power of the mind in order to show why this technique is so effective for weight loss With just a few minutes of visualization every day you ll learn how to Break free from negative beliefs and patterns around food Reduce hunger and increase your metabolism Overcome the stresses and emotional issues that can lead to weight gain Rediscover the joy of movement Create healthy habits for life Eliminate junk food cravings and addictions Improve your sleep and increase your energy All of which lead to natural enjoyable and sustainable weight loss Jon also teaches you how to create your own visualizations that apply to your unique life And then he walks you through a 16 week transformational program that includes both visualizations and nutritional guidance The big challenge Jon discovered is not finding the perfect diet or exercise routine instead it s convincing your brain that it s safe to let go of excess weight which you can do with visualization When that happens it s as if your body actually wants to be thin And as Jon says There is nothing easier and more natural than losing weight when your body wants to be thin
