Losing Ourselves Jay L. Garfield, 2023-11-14 Why you don t have a self and why that s a good thing In Losing Ourselves Jay Garfield a leading expert on Buddhist philosophy offers a brief and radically clear account of an idea that at first might seem frightening but that promises to liberate us and improve our lives our relationships and the world Drawing on Indian and East Asian Buddhism Daoism Western philosophy and cognitive neuroscience Garfield shows why it is perfectly natural to think you have a self and why it actually makes no sense at all and is even dangerous Most importantly he explains why shedding the illusion that you have a self can make you a better person Examining a wide range of arguments for and against the existence of the self Losing Ourselves makes the case that there are not only good philosophical and scientific reasons to deny the reality of the self but that we can lead healthier social and moral lives if we understand that we are selfless persons The book describes why the Buddhist idea of no self is so powerful and why it has immense practical benefits helping us to abandon egoism act more morally and ethically be more spontaneous perform more expertly and navigate ordinary life more skillfully Getting over the self illusion also means escaping the isolation of self identity and becoming a person who participates with others in the shared enterprise of life The result is a transformative book about why we have nothing to lose and everything to gain by losing our selves
