Rhetorical Healing Tamika L. Carey, 2016-10-04 Reveals the rhetorical strategies African American writers have used to promote Black women's recovery and wellness through educational and entertainment genres and the conservative gender politics that are distributed when these efforts are sold for public consumption Since the Black women's literary renaissance ended nearly three decades ago a profitable and expansive market of self help books inspirational literature family friendly plays and films marketed to Black women has emerged Through messages of hope and responsibility the writers of these texts develop templates that tap into legacies of literacy as activism preaching techniques and narrative formulas to teach strategies for overcoming personal traumas or dilemmas and resuming one's quality of life Drawing upon Black vernacular culture as well as scholarship in rhetorical theory literacy studies Black feminism literary theory and cultural studies Tamika L Carey deftly traces discourses on healing within the writings and teachings of such figures as Oprah Winfrey Iyanla Vanzant T D Jakes and Tyler Perry revealing the arguments and curricula they rely on to engage Black women and guide them to an idealized conception of wellness As Carey demonstrates Black women's wellness campaigns indicate how African Americans use rhetorical education to solve social problems within their communities and the complex gender politics that are mass produced when these efforts are commercialized

We Have Plenty Lorena M. Parrish, 2025-09-23 The Black church often maintains an allegiance to white Western approaches to wealth and material acquisition In doing so it can ignore Jesus's teachings on poverty wealth and materialism The church's ambivalence toward Jesus's understandings of poverty and wealth uniquely impacts the spiritual and material well being of Black women and the Black community As a womanist theologian Lorena Parrish argues that the Black church needs a new liberative way forward In We Have Plenty Parrish traces the history of theologies of prosperity to help scholars and practitioners understand the long standing appearance of prosperity gospels in the Western church In doing so she explores selected sermons and writings of St Augustine John Calvin John Wesley and Walter Rauschenbusch to show how theologies of prosperity have long been embedded in mainline Christianity sometimes imperceptibly so Parrish argues that recognizing these trajectories is critical for the Black church's capacity to foster pathways toward communal liberation and wholeness Parrish offers a womanist theology that hearkens to the liberative work

of Fannie Lou Hamer's Freedom Farm Collective and illumines contemporary initiatives that cultivate pathways toward Black communal abundance Parrish shows how equipping Black church pastors and community leaders with tools to build similar strategies better positions the church and community in turn to promote more equitable human relations and communal asset building and sharing We Have Plenty offers a moral imagination for theologians church leaders and community activists to envision Black communal abundance and thriving in light of Jesus's teachings **e-Jeanne: 2004 (Part Two: July through December)**
