Basics of Literary Devices in English Literature Ainaab Tariq, Asma Arshi, Dr. Uma

Rajmohan, Dr. T.V.S. Padmaja, 2023-02-14 There is no denying the significance of literary devices when conveying a story. They may make the author's tale more comprehensible and engaging by emphasising key phrases evoking certain emotions and providing more context. One may improve story telling skills by using these literary tools. We can identify, recognise, interpret and/or evaluate any element of literature or any one piece as a literary device. Some literary devices include both aspects of literature and literary strategies. Literary tactics are the linguistic structures that an author utilises to express an idea. In most cases a literary method is used by an author using the single word or phrase or a small cluster of words or phrases at a specific location in the text. Unlike components of literature literary strategies need not be included in every piece of writing. All literary techniques have one thing in common they make the reader think about the world in new ways by pointing out or exploring connections between various elements. The use of comparison as a linking mechanism is widespread in literature. Metaphors and similes the two most common forms of analogy will be introduced throughout the book. Putting two items side by side is an example of a metaphor. Each literary device deserves its own dedicated discussion and set of illustrative texts. This is a book devoted to the most often used literary devices in both poetry and prose. **Image to Word** Kathleen Walsh-Piper, 2002-10-28 Explore effective ways to teach creative writing using art with an experienced writing teacher whose classroom is in a museum not a school. Each is presented as a type which makes it easy to substitute more readily available artworks in any museum. Lessons on point of view stream of consciousness description and monologue are developed along with imagination sensations and dreams. This guide is a masterpiece of ideas and inspiration that marries the act of writing imaginatively with the art of observation. Includes a CD ROM featuring a collection of images by known artists. **Literacy in America** Barbara J.
