Communicating Corporate Social Responsibility in the Digital Era Adam Lindgreen, Joelle Vanhamme, Rebecca Watkins, Francois Maon, 2017-12-12 Although literature on corporate social responsibility is vast research into the use and effectiveness of various communications through digital platforms about such corporate responsibility is scarce This gap is surprising communicating about corporate social responsibility initiatives is vital to organizations that increasingly highlight their corporate social responsibility initiatives to position their corporate brands for both consumers and other stakeholders Yet these organizations still sometimes rely on traditional methods to communicate or even decide against communicating at all because they fear triggering stakeholders skepticism or cynicism A systematic interdisciplinary examination of corporate social responsibility communication through digital platforms therefore is necessary to establish an essential definition and up to date picture of the field This research anthology addresses the above objectives Drawing on marketing management and communication disciplines among others this

anthology examines how organizations construct implement and use digital platforms to communicate about their corporate social responsibility and thereby achieve their organizational goals The 21 chapters in this anthology reflect six main topic sections Challenges and opportunities for communicating corporate social responsibility through digital platforms Moving toward symmetry and interactivity in digital corporate social responsibility communication Fostering stakeholder engagement in and through digital corporate social responsibility communication Leveraging effective digital corporate social responsibility communication Digital activism and corporate social responsibility Digital methodologies and corporate social responsibility

CSR und Geschäftsmodelle Patrick Bungard, 2017-11-15 Dieses Buch beschreibt wie soziale kologische und wirtschaftliche Aspekte mittels innovativer Geschäftsmodelle gewinnbringend miteinander in Einklang gebracht werden können Anhand zahlreicher Praxisbeispiele und Fachbeiträge zeigen Autoren aus Wissenschaft und Praxis wie Unternehmen in gleichem Maße Mehrwert für die eigene Organisation und die Gesellschaft schaffen Aufgrund der globalen Herausforderungen des 21. Jahrhunderts stehen Unternehmen vor der Konfrontation mit sich rasant verändernden wirtschaftlichen Rahmenbedingungen Der Klimawandel das Bevölkerungswachstum oder der demographische Wandel sind nur einige Themen auf die sich Unternehmen einstellen müssen Zum einen um konkurrenzfähig zu bleiben zum anderen um Ihre gesellschaftliche Verantwortung wahrzunehmen Dieses Buch zeigt dass gesellschaftlicher Nutzen und unternehmerisches Eigeninteresse nicht im Widerspruch zueinander stehen sondern ihre Verschmelzung im Rahmen von Geschäftsmodellen vielseitige Chancen und Möglichkeiten bietet

Implementing Triple Bottom Line Sustainability into Global Supply Chains Lydia Bals,Wendy Tate,2017-09-08 The global sustainability challenge is urgent tremendous and increasing From an ecological perspective the current worldwide resource footprint requires approximately 1 5 planets to

sustain existing life and with current usage would require two planets by 2030 The social impact of ever growing resource use disproportionately affects the world's poor the 3 billion people living on less than 2.50 a day as they struggle to acquire what is needed to survive The serious ecological and social challenges we face in trying to establish global sustainable supply chains must not be underestimated yet so far research has largely ignored the social dimension in favour of the environmental and economic So how can we develop business strategies that move away from a primary economic focus and give equal weight to people planet and profit How can we create sustainable supply chains that take a true triple bottom line approach Implementing Triple Bottom Line Sustainability into Global Supply Chains features innovative research highlighting new cases approaches and concepts in how to successfully implement sustainability covering economic ecological and social dimensions into global supply chains The four parts cover the rationale for sustainable global supply chains key enablers case studies showing clear implementation steps and directions for future research and development This book is a must read for any academic researching in sustainable supply chain management procurement or business strategy and for business leaders seeking cases that will inform a critical step forward for CSR programmes

The Sustainable Fashion Quest

Nikolay Anguelov, 2021-06-27 When thinking about lowering or changing consumption to lower carbon footprints the obvious offenders come easily to mind petroleum and petroleum products paper and plastic even food but not clothes When people evaluate ways to lower their personal carbon footprint by changing purchasing habits they are bombarded with information to avoid petroleum and petroleum products plastics paper even food but not clothes Most consumers do not think of clothes as a source of environmental damage Yet clothes are made with petroleum products through chemically laden industrial processes that generate significant pollution The fashion industry is among the largest organic water polluters in the world accounting for significant greenhouse gas emissions and generating massive amounts of waste as a function of the frequent discarding of used clothing In the Dirty Side of the Garment Industry Fast Fashion and Its Negative Impact on Environment and Society author Nikolay Anguelov exposed the ecological damage from the fast fashion business model In this book The Sustainable Fashion Quest Innovations in Business and Policy the author takes this one step further by focusing on solutions This book uses the familiar yet complex industry of fashion as a lens to examine how business pressures and national and international policies can have both positive and negative social and ecological impacts It provides an analysis of extant and emerging policies to address the divergence in the ongoing quest to maximize economic development and minimize the social costs of the industrialization process It also examines emerging technologies and innovative business models that have the potential to revolutionize how fashion is perceived manufactured and consumed This book begins with an introductory letter that outlines the social and environmental issues facing the fashion industry as well as emphasizing the seriousness and urgency of addressing them Each chapter then focuses on a major aspect of the industry with an increasing emphasis on policy The chapters outline the impact of global level and business level decisions on the industry's success its social and

environmental impact and its relationship to consumers The goal of the book is to define that transition explain its challenges and educate readers on the possibilities to become powerful drivers of change through their professional actions and their personal behavior as consumers While the book specifically analyzes the fashion industry it also explains the implications for other industrial sectors It uses a product everyone is familiar with we all buy clothes after all to examine the decisions impacts and policies shaping the industry behind the scenes The linkages are applicable to other fast moving consumer goods FMCG business sectors such as consumer electronics which are starting to face sustainability criticism for relying on a business model of promoting a high frequency of repeat purchasing *Fashion & Luxury Marketing* Michael R.
