Zen and the Art of MIXING Mixerman, 2021-06 Mixing is an Attitude When I think back to my best mixes regardless of their commercial success in each and every case I can only describe the experience as one in which I was working from deep within outside of any external forces I wasn't thinking I was doing I wasn't scared of what anyone would think I wasn't scared of failure All my decisions were made with confidence and once a judgment was made I didn't second guess myself I allowed the music to guide me and I based all of my mix decisions on nothing more than one simple criterion Are the song and production doing what they're supposed to be doing That sounds nice huh I mean that's the headspace you want to be in when you're mixing The problem is you can't get there if you're focused on all the wrong things and we're all susceptible to distraction and self-doubt Great mixing involves trusting yourself first and foremost And I can promise you that trust is downright infectious to everyone on your project Who Am I I'm Mixerman a gold and multi-platinum mixer producer and recordist I've been mixing professionally and at a high level for over three decades now and I can assure you great mixing isn't about manipulating sound It's about the decisions you make in regards to the music the balances and how you use the arrangement to push the listener forward through the song This is accomplished through concrete strategies and techniques Boost Your Confidence Now You can spend the next decade mixing two songs a day to get there Or you can get Zen the Art of MIXING 2021 and I'll explain the thinking behind great mixing And then watch your confidence soar There's a reason why this is my most popular work to date Enjoy Mixerman
