Louis W. Pauly, Bruce W. Jentleson

Rethinking The World Great Power Strategies And International Order Cornell Studies In Security Affairs:

Rethinking the World Jeffrey W. Legro, 2016-12-01 Stunning shifts in the worldviews of states mark the modern history of international affairs how do societies think about and rethink international order and security Japan's opening German conquest American internationalism Maoist independence and Gorbachev's new thinking molded international conflict and cooperation in their eras How do we explain such momentous changes in foreign policy and in other cases their equally surprising absence The nature of strategic ideas Jeffrey W Legro argues played a critical and overlooked role in these transformations Big changes in foreign policies are rare because it is difficult for individuals to overcome the inertia of entrenched national mentalities Doing so depends on a particular nexus of policy expectations national experience and ready replacement ideas In a sweeping comparative history Legro explores the sources of strategy in the United States and Germany before and after the world wars in Tokugawa Japan and in the Soviet Union He charts the likely future of American primacy and a rising China in the coming century Rethinking the World tells us when and why we can expect changes in the way states think about the world why some ideas win out over others and why some leaders succeed while others fail in redirecting grand strategy

Handbuch Internationale Beziehungen Frank Sauer, Luba von Hauff, Carlo Masala, 2024-05-15 Das Handbuch Internationale Beziehungen erscheint mittlerweile in der dritten vollständig bearbeiteten und erweiterten Auflage Das Handbuch vermittelt einen umfassenden Überblick über den state of the art der politikwissenschaftlichen Teildisziplin Internationale Beziehungen in deutscher Sprache Es präsentiert theoretische und methodische Grundlagen der Forschung in den Internationalen Beziehungen und stellt die wesentlichen Akteure und Problemfelder der internationalen Politik vor Das Nachschlagewerk richtet sich sowohl an Wissenschaftlerinnen als auch an Studierende und die interessierte Öffentlichkeit

Internationale Politikgeschichte Michael Gal, 2021-08-01 Internationale Politik gibt es solange wie Menschen in eigenständigen und selbstständigen Siedlungseinheiten gelebt haben Der Erforschung der dabei zum Tragen kommenden vielfältigen Kontakte Transfers und Interaktionen zwischen diesen Siedlungseinheiten haben sich die Gelehrten schon lange gewidmet Seit einiger Zeit stehen nun auch die Grundlagen dieses Forschens im Zentrum der wissenschaftlichen Diskussion Michael Gal taucht tief in diese Grundlagendiskussion zum Forschungsfeld der Internationalen Politikgeschichte ein Er erörtert grundlegende Fragen der Forschungskonzeption zentrale Probleme im Umgang mit Theorien und Begriffen sowie verschiedene Aspekte eines allgemeinen historischen Verständnisses von Staatlichkeit und internationalen politischen Ordnungen Durch die konsequente epochenbergreifende und multidisziplinäre Ausrichtung und die Integration sowohl älterer als auch neuer Konzepte stellt er wichtige Ansatzpunkte zur Weiterentwicklung des Forschungsfeldes bereit

Handbuch der Internationalen Politik Carlo Masala, Frank Sauer, Andreas Wilhelm, 2010-06-07 Vorwort Beim vorliegenden Handbuch der Internationalen Politik ist wie bei vielen Projekten dieser Art von der anfänglichen Idee bis zum endgültigen Produkt mehr Zeit vergangen als ursprünglich geplant Allen Beteiligten die den

mitunter beschwerlichen Weg mitgegangen sind sei an dieser Stelle herzlich gedankt Durch Frank Sauers Aufnahme in den Kreis der Herausgeber konnte die Fertigstellung des Bandes erheblich beschleunigt werden Konstantinos Tsetsos gilt unser Dank für seine intensive Mitarbeit in der redaktionellen Endphase des Projekts Sebastian Weise Sebastian Enskat Myriam Steidle Heiko Lingelbach und Alexander Kohn danken wir für das Vereinheitlichen der Literaturverzeichnisse die Mithilfe bei der gründlichen Korrektur der Druckfahnen und das Erstellen des Autorenverzeichnisses Frank Schindler vom Verlag für Sozialwissenschaften ohne den das Handbuch nicht hätte realisiert werden können sind wir für seine Geduld und sein Engagement ganz besonders zu Dank verpflichtet Um dem langen Entstehungsprozess Rechnung zu tragen wurde eine Reihe von Beiträgen kurz vor Abschluss des Projekts noch einmal von den Autorinnen und Autoren bearbeitet und aktualisiert Dies betraf vor allem Beiträge aus dem Abschnitt Akteure und Problemfelder in dem sich wichtige Geschehnisse der internationalen Politik widerspiegeln müssen und in dessen Kapiteln nun auch aktuelle Entwicklungen wie die Finanz- und Wirtschaftskrise um nur ein Beispiel zu nennen Niederschlag gefunden haben Aber auch in den Abschnitten zu Theorien und Forschungsmethoden wurden Aktualisierungen vorgenommen Verweise auf aktuelle Literatur wurden in einige Beiträge noch in letzter Minute auf Ebene der Druckfahnen eingearbeitet

The Oxford Handbook of International Security

Alexandra Gheciu, William C. Wohlforth, 2018-03-08 This Oxford Handbook is the definitive volume on the state of international security and the academic field of security studies It provides a tour of the most innovative and exciting new areas of research as well as major developments in established lines of inquiry It presents a comprehensive portrait of an exciting field with a distinctively forward looking theme focusing on the question what does it mean to think about the future of international security The key assumption underpinning this volume is that all scholarly claims about international security both normative and positive have implications for the future By examining international security to extract implications for the future the volume provides clarity about the real meaning and practical implications for those involved in this field Yet contributions to this volume are not exclusively forecasts or prognostications and the volume reflects the fact that within the field of security studies there are diverse views on how to think about the future Readers will find in this volume some of the most influential mainstream positivist voices in the field of international security as well as some of the best known scholars representing various branches of critical thinking about security The topics covered in the Handbook range from conventional international security themes such as arms control alliances and Great Power politics to new security issues such as global health the roles of non state actors cyber security and the power of visual representations in international security The Oxford Handbooks of International Relations is a twelve volume set of reference books offering authoritative and innovative engagements with the principal sub fields of International Relations The series as a whole is under the General Editorship of Christian Reus Smith of the University of Queensland and Duncan Snidal of the University of Oxford with each volume edited by a distinguished pair of specialists in their respective fields The series both surveys the broad terrain of

International Relations scholarship and reshapes it pushing each sub field in challenging new directions Following the example of the original Reus Smit and Snidal The Oxford Handbook of International Relations each volume is organized around a strong central thematic by a pair of scholars drawn from alternative perspectives reading its sub field in an entirely new way and pushing scholarship in challenging new directions

The Oxford Handbook of Grand Strategy Thierry Balzacq, Ronald R. Krebs, 2021-09-13 A clearly articulated well defined and relatively stable grand strategy is supposed to allow the ship of state to steer a steady course through the roiling seas of global politics However the obstacles to formulating and implementing grand strategy are by all accounts imposing The Oxford Handbook of Grand Strategy addresses the conceptual and historical foundations production evolution and future of grand strategy from a wide range of standpoints The seven constituent sections present and critically examine the history of grand strategy including beyond the West six distinct theoretical approaches to the subject the sources of grand strategy ranging from geography and technology to domestic politics to individual psychology and culture the instruments of grand strategy s implementation from military to economic to covert action political actors including non state actors grand strategic choices the debatable merits of grand strategy relative to alternatives and the future of grand strategy in light of challenges ranging from political polarization to technological change to aging populations The result is a field defining interdisciplinary and comparative text that will be a key resource for years to come

The Justice Cascade Kathryn Sikkink, 2011-09-19 Acclaimed scholar Kathryn Sikkink examines the important and controversial new trend of holding political leaders criminally accountable for human rights violations Grawemeyer Award winner Kathryn Sikkink offers a landmark argument for human rights prosecutions as a powerful political tool She shows how in just three decades state leaders in Latin America Europe and Africa have lost their immunity from any accountability for their human rights violations becoming the subjects of highly publicized trials resulting in severe consequences This shift is affecting the behavior of political leaders worldwide and may change the face of global politics as we know it Drawing on extensive research and illuminating personal experience Sikkink reveals how the stunning emergence of human rights prosecutions has come about what effect it has had on democracy conflict and repression and what it means for leaders and citizens everywhere from Uruguay to the United States The Justice Cascade is a vital read for anyone interested in the future of world politics and human rights

Wars of Revelation Rebecca Lissner, 2021 Rich in historical detail and theoretical insight Wars of Revelation explains why the United States military interventions have repeatedly transformed its global role and what that means for the future of American grand strategy More than seventy five years since the end of World War II military interventions rather than major wars have emerged as a defining feature of contemporary geopolitics Yet for all the fierce policy debates over interventions and their lessons scholars have largely ignored the systematic linkages between these smaller scale wars and transformations in the grand strategies of states that prosecute them In Wars of Revelation Rebecca Lissner explains why military interventions can be crucibles of grand strategy

testing strategic axioms on the battlefield and prompting combatant states to reconceive their global roles Through detailed historical case studies of US involvement in the Korean Vietnam and Persian Gulf Wars Lissner shows how each intervention generated searing insights into the capabilities and intentions of America s international adversaries as well as the potential and limits of its own national power By focusing on these three wars of revelation Lissner presents a fresh perspective on the origins and evolutions of US grand strategy from the dawn of the Cold War to its twilight Persuasively argued and historically illuminating Wars of Revelation is essential reading for anyone who crafts studies or follows international security policy

China and Great Power Responsibility for Climate Change Sanna Kopra,2018-08-06 As American leadership over climate change declines China has begun to identify itself as a great power by formulating ambitious climate policies Based on the premise that great powers have unique responsibilities this book explores how China s rise to great power status transforms notions of great power responsibility in general and international climate politics in particular The author looks empirically at the Chinese party state s conceptions of state responsibility discusses the influence of those notions on China s role in international climate politics and considers both how China will act out its climate responsibility in the future and the broader implications of these actions Alongside the argument that the international norm of climate responsibility is an emerging attribute of great power responsibility Kopra develops a normative framework of great power responsibility to shed new light on the transformations China s rise will yield and the kind of great power China will prove to be The book will be of interest to students and scholars of international relations China studies foreign policy studies international organizations international ethics and environmental politics

Contested World Orders Matthew D. Stephen,Michael Zürn,2019-07-11 World orders are increasingly contested As international institutions have taken on ever more ambitious tasks they have been challenged by rising powers dissatisfied with existing institutional inequalities by non governmental organizations worried about the direction of global governance and even by some established powers no longer content to lead the institutions they themselves created For the first time this volume examines these sources of contestation under a common and systematic institutionalist framework While the authority of institutions has deepened at the same time it has fuelled contestation and resistance In a series of rigorous and empirically revealing chapters the authors of Contested World Orders examine systematically the demands of key actors in the contestation of international institutions Ranging in scope from the World Trade Organization and the Nuclear Non proliferation Regime to the Kimberley Process on conflict diamonds and the climate finance provisions of the UNFCCC the chapters deploy a variety of methods to reveal just to what extent and along which lines of conflict rising powers and NGOs contest international institutions Contested World Orders seeks answers to the key questions of our time Exactly how deeply are international institutions contested Which actors seek the most fundamental changes Which aspects of international institutions have generated the most transnational conflicts And what does this mean for the future of world order

Orders of Exclusion Kyle M. Lascurettes,2020-03-31 When and why do powerful countries

seek to enact major changes to international order the broad set of rules that guide behavior in world politics This question is particularly important today given the Trump administration's clear disregard for the reigning liberal international order in the United States Across the globe there is also uncertainty over what China might seek to replace that order with as it continues to amass power and influence Together these developments mean that what motivates great powers to shape and change order will remain at the forefront of debates over the future of world politics Prior studies have focused on how the origins of international orders have been consensus driven and inclusive By contrast Kyle M Lascurettes argues in *Orders of Exclusion* that the propelling motivation for great power order building has typically been exclusionary Dominant powers pursue fundamental changes to order when they perceive a major new threat on the horizon Moreover they do so for the purpose of targeting this perceived threat be it another powerful state or a foreboding ideological movement The goal of foundational rule writing in international relations then is blocking that threatening entity from amassing further influence a motive Lascurettes illustrates at work across more than three hundred years of history Far from falling outside of the bounds of traditional statecraft order building is the continuation of power politics by other means *Rising States, Rising Institutions* Alan S. Alexandroff, Andrew F. Cooper, 2010-04-01 A Brookings Institution Press and Centre for International Governance Innovation publication The global order is shifting Even though no major war has intervened to reshape the architecture of the international order the global financial crisis has accentuated the emergence of an enlarged global leadership It is clear that change is afoot The United States may be hanging on as the world's leading power as the European Union remains an independent force in global politics but a host of rising states including China India and Brazil clamor to be heard and take on bigger roles in world forums *Rising States Rising Institutions* features a panel of distinguished scholars who examine the forces at work Gregory Chin York University Daniel W Drezner Tufts University Thomas Hale Princeton University Andrew Hurrell Oxford University G John Ikenberry Princeton University John Kirton University of Toronto Flynt Leverett New America Foundation Steven E Miller Harvard University Andrew Moravcsik Princeton University Amrita Narlikar Cambridge University and Anne Marie Slaughter U S State Department Together they analyze different models of international cooperation the states that have most actively challenged the existing order and leading and emergent international institutions such as the G 20 the nascent regime for sovereign wealth funds the International Atomic Energy Agency and the entities organized to foster cooperation in the war on terror *Power in a Complex Global System* Louis W. Pauly, Bruce W. Jentleson, 2014-05-09 Can twenty first century global challenges be met through the limited adaptation of existing political institutions and prevailing systemic norms or is a more fundamental reconstitution of governing authority unavoidable Are the stresses evident in domestic social compacts capable of undermining the fundamental policy capacity of contemporary governments This book inspired by the work of the distinguished scholar Peter J Katzenstein examines these important and pressing questions In a period of complex political transition the authors combine original research and

intensive dialogue to build on Katzenstein's innovative insights. They highlight his seminal work on variations in domestic structures on the role of ideologies of social partnership on the regionally differentiated foundations of political legitimation on diverse conceptions of civilization and on the idea and practice of power in a tenuous American imperium. Together the chapters map the complex terrain upon which legitimate political authority and effective policy capacity will have to be reconstituted to address twenty-first century global, regional and state level challenges. The book will be of great interest to students and scholars in international organization, global governance, foreign policy analysis and comparative politics.

The EU-Russia Strategic Partnership Hiski Haukkala, 2010-02-25. Why have the European Union and the Russian Federation encountered severe difficulties in developing their relationship? Why haven't the parties lived up to the initial promise and enthusiasm of the early 1990s? Beginning with the immediate aftermath of the dissolution of the Soviet Union, this book provides a practical answer to these questions whilst linking the issues to International Relations theorizing. Taking into account both the role of ideas and power, the book links the topic with three variants of mainstream theorizing: the English School, neoliberal institutionalism and constructivism. In the process, a multi-causal framework that looks for points of convergence between different paradigms in the study of IR is developed. Providing an overview history and explanation of the problems of institutionalization in EU-Russia relations during the post-Cold War era, this book is vital reading for students and scholars of the EU and Russia, European studies, European security and Russian foreign policy. It will also be of major interest to scholars of International Relations theory. Britain and World Power Since 1945 David M. McCourt, 2014-08-18.

After the fall of its empire, Britain still holds sway. **The Transition of Global Order** M. Terhalle, 2015-03-17. This study looks at the underlying foundations of global order, putting aside mainstream institutionalist approaches in showing how China and the US are engaged in an intense process of contestation and renegotiation of an institutionalized order that has long been taken for granted. **India's Grand Strategy** Kanti Bajpai, Saira Basit, V. Krishnappa, 2014-08-07.

As India prepares to take its place in shaping the course of an Asian century, there are increasing debates about its grand strategy and its role in a future world order. This timely and topical book presents a range of historical and contemporary interpretations and case studies on the theme. Drawing upon rich and diverse narratives that have informed India's strategic discourse, security and foreign policy, it charts a new agenda for strategic thinking on postcolonial India from a non-Western perspective. Comprehensive and insightful, the work will prove indispensable to those in defence and strategic studies, foreign policy, political science and modern Indian history. It will also interest policy makers, think tanks and diplomats. **Strategic**

Narratives Alister Miskimmon, Ben O'Loughlin, Laura Roselle, 2014-02-18. Communication is central to how we understand international affairs. Political leaders, diplomats and citizens recognize that communication shapes global politics. This has only been amplified in a new media environment characterized by Internet access to information, social media and the transformation of who can communicate and how. Soft power, public diplomacy 2.0, network power: scholars and policymakers

are concerned with understanding what is happening This book is the first to develop a systematic framework to understand how political actors seek to shape order through narrative projection in this new environment To explain the changing world order the rise of the BRICS the dilemmas of climate change poverty and terrorism the intractability of conflict the authors explore how actors form and project narratives and how third parties interpret and interact with these narratives The concept of strategic narrative draws together the most salient of international relations concepts including the links between power and ideas international and domestic and state and non state actors The book is anchored around four themes order actors uncertainty and contestation Through these Strategic Narratives shows both the possibilities and the limits of communication and power and makes an important contribution to theorizing and studying empirically contemporary international relations International Studies Association International Communication Best Book Award

China's Rise in the Global South Dawn C. Murphy, 2022-01-11 As China and the U S increasingly compete for power in key areas of U S influence great power conflict looms Yet few studies have looked to the Middle East and Africa regions of major political economic and military importance for both China and the U S to theorize how China competes in a changing world system China's Rise in the Global South examines China's behavior as a rising power in two key Global South regions the Middle East and sub Saharan Africa Dawn C Murphy drawing on extensive fieldwork and hundreds of interviews compares and analyzes thirty years of China's interactions with these regions across a range of functional areas political economic foreign aid and military From the Belt and Road initiative to the founding of new cooperation forums and special envoys China's Rise in the Global South offers an in depth look at China's foreign policy approach to the countries it considers its partners in South South cooperation Intervening in the emerging debate between liberals and realists about China's future as a great power Murphy contends that China is constructing an alternate international order to interact with these regions and this book provides policymakers and scholars of international relations with the tools to analyze it

Contesting Revisionism Steve Chan, Huiyun Feng, Kai He, Weixing Hu, 2021 How can we know a country such as the United States or China is revisionist that is whether it intends to upset the international order What motivates states to act the way they do Contesting Revisionism focuses on a particular kind of motivation inclining a state to challenge the existing norms rules and institutions of international order revisionism The authors offer a critique of the existing discourse on revisionism and investigate the origin and evolution of the foreign policy orientations of revisionist states in the past Furthermore they introduce an ensemble of indicators to discern and compare the extent of revisionist tendencies on the part of contemporary China and the United States Questioning the facile assumption that past episodes will repeat in the future they argue that hard revisionism relying on war and conquest is less viable and likely in today's world Instead soft revisionism seeking to promote institutional change is more relevant and likely Focusing on contemporary Sino American relations they conclude that much of the current discourse based on power transition theory is problematic A dominant power is not inevitably committed to the

defense of international order nor does a rising power always have a revisionist agenda to challenge this order The transformation of international order does not necessarily require a power transition between China and the US nor does a possible power transition necessarily augur war After developing the concept of revisionism both theoretically and empirically they conclude with a series of policy recommendations for enhancing international stability and diminishing tension in Sino American relations

Rethinking The World Great Power Strategies And International Order Cornell Studies In Security Affairs

Introduction

In the digital age, access to information has become easier than ever before. The ability to download Rethinking The World Great Power Strategies And International Order Cornell Studies In Security Affairs has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Rethinking The World Great Power Strategies And International Order Cornell Studies In Security Affairs has opened up a world of possibilities. Downloading Rethinking The World Great Power Strategies And International Order Cornell Studies In Security Affairs provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Rethinking The World Great Power Strategies And International Order Cornell Studies In Security Affairs has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Rethinking The World Great Power Strategies And International Order Cornell Studies In Security Affairs. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Rethinking The World Great Power Strategies And International Order Cornell Studies In Security Affairs. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Rethinking The World Great Power Strategies And International Order Cornell Studies In Security Affairs, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Rethinking The World Great Power Strategies And International Order Cornell Studies In Security Affairs has

transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Rethinking The World Great Power Strategies And International Order Cornell Studies In Security Affairs Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Rethinking The World Great Power Strategies And International Order Cornell Studies In Security Affairs is one of the best book in our library for free trial. We provide copy of Rethinking The World Great Power Strategies And International Order Cornell Studies In Security Affairs in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Rethinking The World Great Power Strategies And International Order Cornell Studies In Security Affairs. Where to download Rethinking The World Great Power Strategies And International Order Cornell Studies In Security Affairs online for free? Are you looking for Rethinking The World Great Power Strategies And International Order Cornell Studies In Security Affairs PDF? This is definitely going to save you time and cash in something you should think about.
