What's Wrong with Pakistan? Babar Ayaz, 2013-08-01 A courageous comprehensive and no holds barred account by a veteran journalist of a 66 year old nation that is still trying to find its identity and fighting its own demons Beginning with the genetic defect that Pakistan was born with Babar Ayaz highlights the numerous problems faced by Pakistan today that have arisen as a result of the country's foundation being based on religion What Quaid e Azam Muhammad Ali Jinnah managed to achieve as a separate homeland in August 1947 is today being consumed by religious fanaticism Ayaz attributes such a state of affairs to the Islamization of Pakistani laws which are in conflict with the twenty first century value systems The author next pinpoints how Jinnah failed to recognize the ethno linguistic diversity of the Pakistan he had created which needed proper distribution of power between the Centre and the states in the then existent West Pakistan and East Pakistan He describes how the centralization of power and the imposition of a single language for both wings of the country led to the dismemberment of Pakistan and the creation of Bangladesh in 1971 The book also analyzes the unwritten national security policy of Pakistan and how it has dictated its foreign policy Relations with the US India China Saudi Arabia Iran and Afghanistan are discussed vis vis the overall national security policy The author contends that the rise of fundamentalism is a global phenomenon but in Pakistan it has given birth to a plethora of Islamic militant groups covertly supported by the Pakistani intelligence services Pakistan has been branded as the most dangerous state of the world and the epicentre of terrorism He laments the fact that attempts to present the peaceful side of Islam are extremely feeble because of the dominance of the pro jihad elements which are pushing the country into a civil war like situation In spite of several years of attempts at indoctrination of the people through mass media and educational institutions in Pakistan the anti Indian feelings and extreme stands on Kashmir have been limited Ayaz believes that India and the developed world would have to help by being more accommodating and understanding so that the people of Pakistan can re invent their country Without moving towards secularism the author warns Pakistan will remain at war with itself as it is torn between the twenty first century and medieval religious value systems

Jinnah vs. Gandhi Roderick Matthews, 2012-11-30 The modern history of South Asia is shaped by the personalities of its two most prominent politicians and ideologues Mohammad Ali Jinnah and Mahatma Gandhi Jinnah shaped the final settlement by consistently demanding Pakistan and Gandhi defined the largely non violent nature of the campaign Each made their contribution by taking over and refashioning a national political party which they came to personify Theirs would seem therefore to be a story of success yet for each of them the story ended in a kind of failure How did two educated barristers who saw themselves as heralds of a newly independent country come to find themselves on opposite ends of the political spectrum

How did Jinnah who started out a secular liberal end up a Muslim nationalist How did a God fearing moralist and social reformer like Gandhi become a national political leader And how did their fundamental divergences lead to the birth of two new countries that have shaped the political history of the subcontinent This book skilfully chronicles the incredible similarities and ultimate differences between the two leaders as their admirers and detractors would have it and as they actually were Forged in Crisis Rudra Chaudhuri,2014 Offers a fresh and challenging interpretation of India s relationship with the United States over six decades revealing the complex and distinctive manner in which New Delhi has pursued its interests **Liberty or Death** Patrick French,2011-09-08 At midnight on 14 August 1947 Britain s 350 year old Indian Empire was broken into three pieces The greatest mass migration in history began as Muslims fled north and Hindus fled south and Britain s role as an imperial power came to an end Patrick French s vivid and surprising account of the chaotic final years of colonial rule in India has been acclaimed as the definitive book on this subject Journeying across India Bangladesh and Pakistan he brings to life a cast of characters including spies idealists freedom fighters and politicians from Churchill to Gandhi *Power of Positive Anecdotes* Rakesh K. Mittal,2009-08-01 Every meaningful life is a series of trials and triumphs and both have to be accepted with equal poise for perennial joy This book explains that no matter how much one may try or wish there is no real control over the events of life and one has to face them as they come A positive person accepts these gracefully and grows wiser in the process However the reverse is what befalls upon a negative person with negative thoughts and actions In this motivational book the author has narrated several anecdotes from his own life or from those closely connected to him From every incident he draws a positive inspiration for himself as well as for others Very aptly titled each incident has been described in a simple short and lucid manner which keeps the reader engaged throughout the book A very powerful and moving book that provides ample scope for self development *The Journey Towards Greatness* Ashutosh Kumar,2022-05-24 Legends who leave their mark on history are born of enlightened thinking and action Through the illuminating pages of this handy book the reader gets a splendid opportunity to be at close quarters with these legends and the life lessons learned by them during their journeys towards the pinnacle All these legends are indelibly associated with human progress They are great by any standard and their lives have become a part of history This book is the result of more than twelve years of sadhana by Ashutosh Kumar It is not a set of biographical essays in chronological order rather it is a distillation of the experiences and learnings of the chosen legends It provides glimpses of the leadership mantras of business leaders and the life lessons and wisdom of Lord Buddha Sai Baba Sri Chaitanya Mahaprabhu Swami Vivekananda Rabindranath Tagore Sri Aurobindo Mother Teresa Mahatma Gandhi Nani Palkhivala J R D Tata Dr B R Ambedkar Sardar Patel Dr S Radhakrishnan Rajendra Prasad Pt Sriram Sharma Acharya Dr Abdul Kalam and many more Henry Wadsworth Longfellow once stated The heights by great man reached and kept were not attained by sudden flight but they while their companions slept were toiling upwards in the night Zig Ziglar taught us People often complain about the lack of time when

lack of direction is the real problem It is equally important that it is not how you know but how you go about fulfilling the purpose of your life that counts That is what sets the legends apart A must read for all those who want to gain a deeper understanding of life by learning from the life experiences of legends and charting a path towards greatness

Radhakrishnan K. Satchidananda Murty, Ashok Vohra, 1990-09-11 This book presents a critical and comprehensive biography of Radhakrishnan The authors explain how Radhakrishnan who had a British knighthood and an Oxford Professorship and who did not participate in India's struggle for freedom became important in the political life of Independent India They show how this philosophy professor and vice chancellor often expressed radical views developed rapport with national leaders and became President of Indian under Nehru without losing the goodwill and regard of either the British intellectuals or the colonial government of India It is the thought of Sarvepalli Radhakrishnan that is most often presented in the West as Hinduism Through an analysis of his autobiographical sketches writings of those who knew him and worked with him and documents the authors come to grips with Radhakrishnan's complex personality which in spite of his greatness and varied achievements is all too human

A Tale of Three Lawyers N.C. Beohar, 2020-04-22 A Tale of Three Lawyers is an analytical and objective study of three colossal leaders of an era in which one struggled for the independence of the country the second struggled for the creation of his new country while the third struggled for the political rehabilitation of the deprived classes Three different objectives motivated Mahatma Mohandas Karamchand Gandhi Quaid e Azam Mohammad Ali Jinnah and Bharat Ratna Dr Bhimrao Ramji Ambedkar They employed three different means and methods and therefore it is no surprise that they brought about three distinct achievements delivering three different legacies to their succeeding generations The author attempts to present to the readers a dispassionate assessment of these three mass leaders without an intention to compare and contrast any of the three great leaders advantages or disadvantages

Road to Pakistan B. R. Nanda, 2013-07-03 This is a biography of Mohammad Ali Jinnah and the story of the creation of Pakistan At a time of much interest and concern about Pakistan in the international community this volume provides a historical context which helps in an understanding of the present It traces the development of the Muslim identity on the Indian subcontinent and follows Jinnah as he rode the wave of Muslim communalism to ultimate success in the demand for the partition of India and the creation of Pakistan at independence from British rule Jinnah's successful espousal of the demand for Pakistan was a remarkable feat In achieving this success Jinnah traversed a long distance from the beliefs with which he entered public life He started out a nationalist as a protégé of senior Congress leaders like Dadabhai Naoroji However the introduction of separate electorates for Muslims after the Minto Morley reforms in 1909 led him to change his position in order to appeal to his changed constituency Even so it was not until 1937 that he unabashedly played the religious card He now began to see the Congress and the Hindus as his adversaries rather than the British Through these twists and turns of posture the one constant factor was his underlying ambition to remain in a position of leadership and eminence This

volume traces the zigzag course of Jinnah's political life and the establishment of Pakistan within the broader framework of the Indian freedom struggle. Indeed the main players in this struggle with three protagonists were the Indian National Congress and the British rulers. This work demonstrates how this bigger struggle opened the door for Muslim separatism led by Jinnah. It was through this opening aided by British moves to use the Muslim League as a foil to the Congress that Jinnah very astutely led his party to success in its demand for the creation of Pakistan.

Knowing Asia, Being Asian Sarvani Gooptu, 2021-12-09 This book studies the various representations of Asia in Bengali literary periodicals between the 1860s and 1940s. It looks at how these periodicals tried to analyse the political situation in Asia in the context of world politics and how Indian nationalistic ideas and associations impacted their vision. The volume highlights the influences of cosmopolitanism, universalism and nationalism which contributed towards a common vision of a united and powerful Asia and how these ideas were put into practice. It analyses travel accounts by men and women and examines how women became the focus of the didactic efforts of all writers for a horizontal dissemination of Asian consciousness. The author also provides a discussion on Asian art and culture, past and present connections between Asian countries and the resurgence of 19th century Buddhism in the consciousness of the Bengalis. Rich in archival material, *Knowing Asia, Being Asian* will be useful for scholars and researchers of history, Asian studies, modern India, cultural studies, media studies, journalism, publishing, post colonial studies, travel writings, women and gender studies, political studies and social anthropology.

Gandhi's Hinduism the Struggle against Jinnah's Islam M. J. Akbar, 2020-03-05 Gandhi, a devout Hindu, believed faith could nurture the civilizational harmony of India, a land where every religion had flourished. Jinnah, a political Muslim, rather than a practicing believer, was determined to carve up a syncretic subcontinent in the name of Islam. His confidence came from a wartime deal with Britain embodied in the August Offer of 1940. Gandhi's strength lay in ideological commitment which was in the end ravaged by the communal violence that engineered partition. The price of this epic confrontation paid by the people has stretched into generations. M. J. Akbar's book, meticulously researched from original sources, reveals the astonishing blunders, lapses and conscious chicanery that permeated the politics of seven explosive years between 1940 and 1947. Facts from the archives challenge the conventional narrative and disturb the conspiratorial silence used to protect the image of famous icons. *Gandhi's Hinduism: The Struggle Against Jinnah's Islam* delves into both the ideology and the personality of those who shaped the fate of a region between Iran and Burma. It is essential reading for anyone interested in modern Indian history and the past as a prelude to the future.
