Global Political Economy Jean Marie Chenou, Ralf J. Leiteritz, Carolina Urrego-Sandoval, 2025-03-15 Taking first the profound transformations underway in the global political economy this pathbreaking new text redefines how we understand trade finance money and labour In this new problem based approach the core concerns of the global economy are joined by key topics spanning energy to development inequalities to illicit economies reflecting the fluid and dynamic nature of contemporary GPE scholarship The book addresses four major transformations shaping the global political economy today

the questioning of the liberal international order the rise of the Anthropocene the technological advancements of the fourth industrial revolution and the increasing significance of identity politics These transformations are explored through a comprehensive framework that integrates diverse theoretical and methodological approaches ensuring a nuanced understanding of real world problems Each chapter tackles key problems and global issues from global energy dependency and rising inequality to the commodification of personal data and platform economies The book also emphasises the need for a truly global perspective integrating lenses concepts voices and ideas from scholarship all round the world This inclusive approach broadens understanding and reflects the complexity and diversity of the global landscape By adopting the stance of hybrid GPE scholars the authors bridge the gap between different geographical and intellectual traditions offering a rich and varied examination of contemporary GPE Global Political Economy is an essential resource providing a fresh and relevant perspective on the field It fosters critical discussions and debates encouraging readers to rethink entrenched beliefs and engage with the ever evolving landscape of global political economy

Transnational Mobility and Externalization of EU Borders Robel Afeworki Abay, Petra Danková, Tanja Kleibl, Nikos Xypolytas, 2024-01-22 Transnational Mobility and Externalization of EU Borders Social Work Migration Management and Resistance addresses the topics of social work and international migration with specific focus on the consequences of EU border externalization policies The increasingly authoritarian character of EU border management raises a number of issues related to the role of social work within a context that is heavily charged both ideologically and politically After theoretically and historically contextualizing externalization with explicit attention to neo colonial genealogies of the current migration regimes this book examines the complex inter relations of social workers with key actors namely mobile people policy makers or funders Particular attention is paid to the socio economic and political impacts of the global Covid 19 pandemic on social work with variously categorized people moving across borders or immobilized incamps Finally the book explores how social workers and refugees resist violent migration controls and increasing criminalization of cross border movements This volume brings together contributions located in the so called countries of origin and transit targeted by EU externalization interventions as well as EU countries in which social workers deal with the effects of border externalization and internalization

The Psychology of Social Influence Gordon Sammut, Martin W. Bauer, 2021-01-07 This volume brings together the full range of modalities of social influence from crowding leadership and norm formation to resistance and mass mediation to set out a challenge and response cyclone model The authors use real world examples to ground this model and review each modality of social influence in depth A periodic table of social influence is constructed that characterises and compares exercises of influence in practical terms The wider implications of social influence are considered such as how each exercise of a single modality stimulates responses from other modalities and how any everyday process is likely to arise from a mix of influences The book demonstrates that different modalities of social influence are tactics that defend question and develop common sense over
