Teaching Cultural Dexterity in Creative Writing Micah McCrary, 2023-04-20. Aimed toward graduate student instructors and other creative writing educators, *Teaching Cultural Dexterity in Creative Writing* offers a formula for important changes in creative writing instruction, especially in literary creative nonfiction, probing how instruction might become more inclusive and accessible for minoritized, marginalized student authors. The book's chapters use antiracist, trauma-informed and anticolonial frameworks toward exploring the 21st-century professional, theoretical and institutional concerns surrounding creative writing practices in North American higher education. As a result, the book explores ways creative writing pedagogies and theories might be adapted for racially and linguistically marginalized by English student authors who often inhabit minoritized positions within North American colleges and universities. Applying as a frame the notion of cultural dexterity as it is taught to medical professionals to allow them to engage effectively with patients from all backgrounds, ethnic groups and with all sensitivities, *Teaching Cultural Dexterity in Creative Writing*
