report concludes that big questions remain over how radically the BBC needs to reconfigure both content and delivery in the years ahead

Rough Justice - A True Story Robert Steele, 2013-06-06 This is a true story about a shop steward who had 83 grievances with his employer over a 14 month period By doing his best as a shop steward he ended up with 57 personal grievances and was threatened with the sack 8 times and was actually sacked twice The Trade Unions District Audit were informed of these problems though they seemed to decide to protect the employer rather than their union member Solicitors and barristers were subsequently involved however time passed and this led to time running out for a potential claim The issues were put into court which in the opinion of the author led to rough justice

Report of the Auditor-General on Appropriation Accounts Canada. Office of the Auditor General, 1889 *HM Revenue & Customs accounts 2010-11* Great Britain: Parliament: House of Commons: Committee of Public Accounts, 2011-12-20 The Commons Public Accounts Committee publishes its 61st Report of the Session which on the basis of evidence from the Cabinet Office and HM Revenue and Customs HMRC examined tax disputes At 31 March 2011 HM Revenue Customs was seeking to resolve tax issues valued at over 25 billion with large companies some of which included disputes over outstanding tax In this report the Committee expresses concern about how the Department handled some cases involving large settlements and that there needs to be proper separation between the negotiation of tax settlements and the authorization of such settlements The Committee also states that HMRC made matters worse by trying to avoid scrutiny of these settlements keeping confidential the details of specific settlements with large companies This effects Parliament s ability to establish value for money compounded further by imprecise inconsistent and potentially misleading answers given by senior departmental officials including the Permanent Secretary for Tax in particular over his evidence on his relationship with Goldman Sachs in facilitating a settlement with the company over their tax dispute HMRC governance processes in these matters were inconsistent and it has now appointed two new Commissioners with tax expertise and plans to introduce a new assessor role to permit independent review of large settlements before they are finalised The Committee further states that it saw little evidence of personal accountability within the Department and that a perception has developed that large companies are treated more favourably receiving preferential treatment compared to small businesses and individuals

Defense Contract Audit Agency, (organization, Functions, and Relationships with the General Accounting Office) United States. Congress. House. Government Operations, 1967

Legislative scrutiny Great Britain: Parliament: Joint Committee on Human Rights, 2008-02-06 In this report the Committee recommends amendments to the Health and Social Care Bill to ensure that private or voluntary sector care homes which accommodate publicly funded residents are brought within the scope of the Human Rights Act It also calls on the Government to implement recommendations in its earlier report on the human rights of older people in health care HL 156 I HC 378 I session 2006 07

ISBN 9780104011447 The Committee's concerns arise from the meaning of public function and public authority in the Human Rights Act. It believes it was clear that Parliament intended the Act's requirement of public authorities to act compatibly with the European Convention on Human Rights to cover private sector providers of publicly funded services and is disappointed that the Government has deferred a decision on a new statute to reinstate the original intention of the Act.
