The Bill Martin Jr Big Of Poetry:

The Bill Martin Jr. Big Book of Poetry, 2008 The definitive anthology of children's poetry with beautiful illustrations

The Read-Aloud Scaffold Judy Bradbury, 2011-09-16 This compendium of outstanding read aloud choices for grades pre K 3 will enrich and extend content area instruction helping busy teachers to meet curriculum requirements within the confines of their busy schedules. It's a familiar and unfortunate story educators everywhere are being asked to do more teaching with less money, less staff and less time. One easy way to provide more content area instruction to very young readers is by scaffolding beneficial learning subjects within memorable read aloud activities. This augments the instructional curriculum and keeps learning fun without adding to the educator's already full plate. *Read Aloud Scaffold: Best Books to Enhance Content Area Curriculum* Grades Pre K 3 offers teachers and librarians over 700 content area connections through carefully selected recently published children's trade books. These selections include fiction and non-fiction titles that represent outstanding read aloud choices that will augment the instructional curriculum covering subjects ranging from history to holidays to special events and from biographies and memoirs to poetry and character education. A Closer Look suggests outstanding read aloud choices related to key units in the curriculum and features discussion points, cross-curricular activities, writing prompts and related online and print materials.

Using Poetry Across the Curriculum Barbara Chatton, 2010-01-13 This comprehensive listing and discussion of poetic works supports the standards of all areas of the curriculum helping librarians and teachers working with kindergarten through middle school students. This second edition of *Using Poetry Across the Curriculum: Learning to Love Language* offers a comprehensive list of poetry anthologies, poetic picture books and poetic prose works in a wide variety of subject areas. While it maintains the original edition's focus on ideas and resource lists for integration of poetry into all areas of the curriculum, it is thoroughly revised to cover current issues in education and the wealth of new poetry books available. The book is organized by subject areas commonly taught in elementary and middle schools and within these by the national standards in each area. Numerous examples of poetry and poetic prose that can be used to help students understand and appreciate aspects of the standard are listed. A sampling of units that arise from groups of works, writing and performance ideas and links across the curriculum is also included. While many teaching ideas and topics provide references to the standards they meet, this title is unique in starting with those standards and making links across them.

Reading and Responding Denise Ryan, 2014-01-01 Introduce students to literary texts to help them become active and enthusiastic readers.
