International Law Dejo Olowu, 2010-02 International Law A Textbook for the South Pacific is an introductory textbook for students and practitioners of international law It provides a concise and clear introduction to the subject from the perspective of the South Pacific This textbook takes advantage of Professor Olowu's unique experience as a lawyer trained at universities in Africa North America and Europe and having taught international law in the South Pacific Few academics can claim his breadth and depth of expertise concerning international law in diverse geographical and cultural contexts This textbook introduces the most important aspects of public international law in a clear and authoritative manner

International Economic Actors and Human Rights Adam McBeth, 2009-09-28 In noting that the actions of entities other than states in the economic arena can and often do have a profound effect on human rights this book poses the question as to how international human rights law can and should address that situation This book takes three very different categories of international actor the World Trade Organization the international financial institutions World Bank and IMF and multinational enterprises and analyses the interaction of each category with human rights in each case analysing the interaction of the different fields of law and seeking to identify a role for international human rights law Adam McBeth concludes that each of the selected international economic actors can and should be considered to operate within a holistic system of international law including human rights obligations but that changes in the operations and the accountability mechanisms for each actor are necessary for the practical implementation of that approach While written from a human rights perspective the underlying theme of the book is one of engagement and harmonisation rather than condemnation It provides valuable insight for those who approach this topic from a background of international trade law commercial law or general international law just as much as those who have a human rights background International Economic Actors and Human Rights will be of great interest to those studying or working in any field of international economic law as well as human rights scholars and practitioners

Contested States in World Politics D. Geldenhuys, 2009-04-22 This book investigates a phenomenon in world politics that is largely overlooked by scholars namely entities lacking international recognition of their status as independent states It includes case studies on the Eurasian Quartet Kosovo Somaliland

Palestine Northern Cyprus Western Sahara and Taiwan **Preservation of Ecosystems of International Watercourses and the Integration of Relevant Rules** Lee Jing, 2014-07-17 In *Preservation of Ecosystems of International Watercourses and the Integration of Relevant Rules* An Interpretative Mechanism to Address the Fragmentation of International Law Lee Jing takes an innovative approach to developing an international legal framework for preserving ecosystems Deploying Article 31 3 c of the 1969 Vienna Convention an analytical framework is devised that examines the ecosystem approach under international law through the prism of Article 20 of the UN Watercourses Convention The analysis provides an enhanced normative scope and content for the UN Watercourses Convention s approach to the obligation to preserve taking into account contemporary developments in international law The work demonstrates the full potential of the Vienna Convention s Article 31 3 c as an integration tool in addressing the fragmentation of international law *Tracing Value Change in the International Legal Order* Heike Krieger, Andrea Liese, 2023 The international legal order is undergoing a crisis of unusual proportions This book brings together multiple interdisciplinary contributors to explore whether the values underpinning international law itself are changing the processes and mechanisms through which changes might be taking place and how these changes can be negotiated **Governance, Human Rights, and Political Transformation in Africa** Michael Addaney, Michael Gyan Nyarko, Elsabé Boshoff, 2019-11-19 This edited volume examines the development and challenges of governance democracy and human rights in Africa It analyzes the emerging challenges for strengthening good governance in the region and explores issues related to civil political economic cultural and social rights highlighting group rights including women girls and other minority groups The project presents a useful study of the democratization processes and normative developments in Africa exploring challenges in the form of corruption conflict political violence and their subsequent impact on populations The contributors appraise the implementation gap between law and practice and the need for institutional reform to build strong and robust mechanisms at the domestic regional and international levels *Catholic Cosmopolitanism and Human Rights* Leonard Francis Taylor, 2020-03-05 Provides a more complete account of the human rights project that factors in the contribution of cosmopolitan Catholicism Religion as Empowerment Kyriaki Topidi, Lauren Fielder, 2016-06-10 This volume shows how and why legal empowerment is important for those exercising their religious rights under various jurisdictions in conditions of legal pluralism At the same time it also questions the thesis that as societies become more modern they also become less religious The authors look beyond the rule of law orthodoxy in their consideration of the freedom of religion as a human right and place this discussion in a more plurality sensitive context The book sheds more light on the informal and or customary mechanisms that explain the limited impact of law on individuals and groups especially in non Western societies The focus is on discussing how religion and the exercise of religious rights may or may not empower individuals and social groups and improve access to human rights in general This book is important reading for academics and practitioners of law and religion religious rights religious diversity and cultural difference as well

as NGOs policy makers lawyers and advocates at multicultural jurisdictions It offers a contemporary take on comparative legal studies with a distinct focus on religion as an identity marker

Diplomatic Law in a New Millennium Paul Behrens, 2017-08-04 The granting of diplomatic asylum to Julian Assange the dangers faced by diplomats in trouble spots around the world WikiLeaks and the publication of thousands of embassy cable situations like these place diplomatic agents and diplomatic law at the very centre of contemporary debate on current affairs Diplomatic Law in a New Millennium brings together 20 experts to provide insight into some of the most controversial and important matters which characterise modern diplomatic law They include diplomatic asylum the treatment and rights of domestic staff of diplomatic agents the inviolability of correspondence of the diplomatic bag and of the diplomatic mission the immunity to be given to members of the diplomatic family diplomatic duties including the duty of non interference but also the rise of diplomatic actors which are not sent by States including members of the EU diplomatic service This book explores these matters in a critical yet accessible manner and is therefore an invaluable resource for practitioners scholars and students with an interest in diplomatic relations The authors of the book include some of the leading authorities on diplomatic law including a delegate to the 1961 conference which codified modern diplomatic law as well as serving and former members of the diplomatic corps

Privatizing War Lindsey Cameron, Vincent Chetail, 2013-03-07 A growing number of states use private military and security companies PMSCs for a variety of tasks which were traditionally fulfilled by soldiers This book provides a comprehensive analysis of the law that applies to PMSCs active in situations of armed conflict focusing on international humanitarian law It examines the limits in international law on how states may use private actors taking the debate beyond the question of whether PMSCs are mercenaries The authors delve into issues such as how PMSCs are bound by humanitarian law whether their staff are civilians or combatants and how the use of force in self defence relates to direct participation in hostilities a key issue for an industry that operates by exploiting the right to use force in self defence Throughout the authors identify how existing legal obligations including under state and individual criminal responsibility should play a role in the regulation of the industry
