The Age Of Spiritual Machines When Computers Exceed Human Intelligence:

The Age of Spiritual Machines Ray Kurzweil, 2000-01-01 NATIONAL BESTSELLER Bold futurist Ray Kurzweil author of *The Singularity Is Near* offers a framework for envisioning the future of machine intelligence a book for anyone who wonders where human technology is going next The New York Times Book Review Kurzweil offers a thought provoking analysis of human and artificial intelligence and a unique look at a future in which the capabilities of the computer and the species that invented it grow ever closer BILL GATES Imagine a world where the difference between man and machine blurs where the line between humanity and technology fades and where the soul and the silicon chip unite This is not science fiction This is the twenty first century according to Ray Kurzweil the restless genius The Wall Street Journal ultimate thinking machine Forbes and inventor of the most innovative and compelling technology of our era In his inspired hands life in the new millennium no longer seems daunting Instead it promises to be an age in which the marriage of human sensitivity and artificial intelligence fundamentally alters and improves the way we live More than just a list of predictions Kurzweil's prophetic blueprint for the future guides us through the inexorable advances that will result in Computers exceeding the memory capacity and computational ability of the human brain with human level capabilities not far behind Relationships with automated personalities who will be our teachers companions and lovers Information fed straight into our brains along direct neural pathways Eventually the distinction between humans and computers will have become sufficiently blurred that when the machines claim to be conscious we will believe them The Age of Spiritual Machines Ray Kurzweil, 2000-03-01 The ultimate thinking machine Forbes whose predictions for the future are startling provocative and closer to fruition than one might think takes a serious and surprising look at the future that reads like great science fiction and offers a framework for envisioning the 21st century Illustrations diagrams Technology *The Age of Spiritual Machines* Ray Kurzweil, 2000
