Shadows of Things to Come Rick Joyner, 2001-04-08. One of the greatest sources of prophetic vision is found by better understanding our past, says Rick Joyner. I studied Christ's interaction with the apostles as well as the life of the early church to be obedient to a heavenly vision in which I was told that I would not be able to accurately foresee the future until I understood the past. In this important book, Joyner looks at the life and ministry of the apostles and of later generations so that Christians today can close the openings the enemy has used to gain entry and do his deadly work. He examines the successes and failures of Christians of the past so we can better understand how to be God's servants today.
