 Lehnardt examines the significance of this concept in situations where states or the UN rely on private military companies
 instead of their own armed forces German description Private Militärfirmen stellen neuartige Herausforderungen an ein
 Rechtssystem das sich primär an Staaten und internationale Organisationen richtet Gleichzeitig ist das hergebrachte
 Konzept der völkerrechtlichen Verantwortlichkeit zentral für die Verwirklichung humanitär völkerrechtlicher und
 menschenrechtlicher Verpflichtungen Vor diesem Hintergrund untersucht Chia Lehnardt welche Bedeutung diesem Konzept
 zukommt wenn Staaten oder die UN private Militärfirmen einsetzen Dabei erweist sich das gegenwärtige System
 völkerrechtlicher Verantwortlichkeit aus zwei Gründen als wirklichkeitsnah Erstens ist nicht die formale sondern die
 tatsächliche Organisation eines Staates bzw einer Peacekeeping Operation entscheidend Zweitens wird die besondere Rolle

Vikki Bell,2014-06-20 Since the end of the last dictatorship in 1983 Argentina's visual artists and art activists have been central to campaigns to demand the criminal prosecution of those initially granted amnesty and to a variety of commemorative projects In *The Art of Post Dictatorship Ethics and Aesthetics in Transitional Argentina* Vikki Bell examines this involvement and intervention She argues that the problematics that arise within the aesthetic realm cannot be understood solely through an art historical approach instead they must be understood as a constitutive part of a broader collective endeavour In this sense the art of post dictatorship is not something that belongs to art or the artists themselves but is about how the subjectivities and imaginations of new generations are constituted and entwined with questions of response ethics and justice It concerns how people align themselves between the past and the future This book will be an invaluable resource for those studying the law politics art and sociology of contemporary Argentina as well as those concerned more widely with transitional justice and the politics of memory

Leaving the Twentieth Century McKenzie Wark,2024-08-20 The Situationist International who came to the fore during the Paris tumults of 1968 were revolutionary thinkers who continue to influence movements and philosophy into the twenty first century Mostly known for Guy Debord's *The Society of the Spectacle* as well as other key texts the group was in fact hugely diverse and radical In *XXX* McKenzie Wark explores the full range of the movement At once an extraordinary counter history of radical praxis and a call to arms in

the age of financial crisis and the resurgence of the streets Wark traces the group's development from the bohemian Paris of the 50s to the explosive days of May 68 Wark's take on the Situationists is biographically and historically rich presenting the group as an ensemble creation rather than the brainchild and dominion of its most famous member Guy Debord Roaming through Europe and the lives of those who made up the movement including Constant Asger Jorn Mich le Bernstein Alex Trocchi and Jacqueline De Jong Wark uncovers an international movement riven with conflicting passions She also follows the narrative beyond 1968 to show what happened after the movement disintegration exploring the lives and ideas of T J Clark the Fourierist utopia of Raoul Vaneigem Ren Vignet's earthy situationist cinema Gianfranco Sanguinetti's pranking of the Italian ruling class Alice Becker Ho's account of the anonymous language of the Romany Guy Debord's late films and his surprising work as a game designer

"Art, Sex and Eugenics " Anthea Callen,2017-07-05 This book reveals how art and sex promoted the desire for the genetically perfect body Its eight chapters demonstrate that before eugenics was stigmatized by the Holocaust and Western histories were sanitized of its prevalence a vast array of Western politicians physicians eugenic societies family leagues health associations laboratories and museums advocated through verbal and visual cultures the breeding of the master race Each chapter illustrates the uncanny resemblances between models of sexual management and the perfect eugenic body in America Britain France Communist Russia and Nazi Germany both before and after the Second World War Traced back to the eighteenth century anatomy lesson the perfect eugenic body is revealed as athletic hygienic pure blooded and sexually potent This paradigm is shown to have persisted as much during the Bolshevik sexual revolution as in democratic nations and fascist regimes Consistently posed naked these images were unashamedly exhibitionist and voyeuristic Despite stringent legislation against obscenity not only were these images commended for soliciting the spectator's gaze but also for motivating the spectator to act out their desire An examination of the counter archives of Maori and African Americans also exposes how biologically racist eugenics could be equally challenged by art Ultimately this book establishes that art inculcated procreative sex with the Corpus Delecti the delectable body healthy wholesome and sanctioned by eugenicists for improving the Western race

Highway Safety Literature ,1973

The Beach Beneath the Street McKenzie Wark,2015-04-07 Over fifty years after the Situationist International appeared its legacy continues to inspire activists artists and theorists around the world Such a legend has accrued to this movement that the story of the SI now demands to be told in a contemporary voice capable of putting it into the context of twenty first century struggles McKenzie Wark delves into the Situationists unacknowledged diversity revealing a world as rich in practice as it is in theory Tracing the group's development from the bohemian Paris of the 50s to the explosive days of May 68 Wark's take on the Situationists is biographically and historically rich presenting the group as an ensemble creation rather than the brainchild and dominion of its most famous member Guy Debord Roaming through Europe and the lives of those who made up the movement including Constant Asger Jorn Mich le Bernstein Alex Trocchi and Jacqueline De Jong Wark uncovers an

international movement riven with conflicting passions Accessible to those who have only just discovered the Situationists and filled with new insights *The Beach Beneath the Street* rereads the group's history in the light of our contemporary experience of communications architecture and everyday life The Situationists tried to escape the world of twentieth century spectacle and failed in the attempt Wark argues that they may still help us to escape the twenty first century while we still can United States Magazine, and Democratic Review ,1841 **Routledge Handbook on Turkish Literature** Didem Havlioğlu,Zeynep Uysal,2023-04-10 This Handbook provides a comprehensive overview of Turkish literature within both a local and global context Across eight thematic sections a collection of subject experts use close readings of literature materials to provide a critical survey of the main issues and topics within the literature The chapters provide analysis on a wide range of genres and text types including novels poetry religious texts and drama with works studied ranging from the fourteenth century right up to the present day Using such a historic scope allows the volume to be read across cultures and time while simultaneously contextualizing and investigating how modern Turkish literature interacts with world literature and finds its place within it Collectively the authors challenge the national literary historiography by replacing the Ottoman Turkish literature in the Anatolian civilizations with its plurality of cultures They also seek to overcome the institutional and theoretical shortcomings within current study of such works suggesting new approaches and methods for the study of Turkish literature The Routledge Handbook on Turkish Literature marks a new departure in the reading and studying of Turkish literature It will be a vital resource for those studying literature Middle East studies Turkish and Ottoman history social sciences and political science **Fugitive Time** Matthew Omelsky,2023-11-03 In *Fugitive Time* Matthew Omelsky theorizes the embodied experience of time in twentieth and twenty first century black artforms from across the world Through the lens of time he charts the sensations and coursing thoughts that accompany desires for freedom as they appear in the work of artists as varied as Toni Morrison Yvonne Vera Aim C saire and Issa Samb *Fugitive time* names a distinct utopian desire directed at the anticipated moment when the body and mind have been unburdened of the violence that has consumed black life globally for centuries bringing with it a new form of being Omelsky shows how fugitive time is not about attaining this transcendent release but is instead about sustaining the idea of it as an ecstatic social gathering From the desire for ethereal queer worlds in the Black Audio Film Collective's *Twilight City* to Sun Ra's transformation of nineteenth century scientific racism into an insurgent fugitive aesthetic Omelsky shows how fugitive time evolves and how it remains a dominant form of imagining freedom in global black cultural expression **Bowker's Complete Video Directory** ,2000
