The Atlantis Blueprint Colin Wilson, Rand Flem-Ath, 2008-12-10 A spellbinding blend of history and science scholarship and speculation this landmark work presents startling new evidence that traces archaeology s most enduring mysteries back to the lost civilization of Atlantis The Great Pyramid Stonehenge Machu Picchu For centuries these and other sacred sites have inspired wonder among those who ponder their origins Conventional science tells us they were constructed by local peoples working with the primitive tools of a fledgling civilization But these megaliths nonetheless continue to attract pilgrims scholars and adventurers drawn by the possibility that their true spiritual and technological secrets remain hidden Who could have built these elaborate monuments How did they do it And what were their incomprehensible efforts and sacrifices designed to accomplish Now comes a revolutionary theory that connects these mysteries to reveal a hidden global pattern the ancient work of an advanced civilization whose warnings of planetary cataclysm now reverberate across one hundred millennia International bestselling author Colin Wilson and Canadian researcher Rand Flem Ath join forces to share startling evidence of a fiercely intelligent society dating back as much as 100 000 years one that sailed the oceans of the world building monuments to preserve and communicate its remarkable wisdom The Atlantis Blueprint is their term for a sophisticated network of connections between these sacred sites that they trace to Atlantis a sophisticated maritime society that charted the globe from its home base in Antarctica until it was obliterated by the devastating global changes it anticipated but could not escape Here is adventure to realms beyond our imaginings to shifting poles changing latitudes into the world of ancient mariners who recharted the globe to astonishing discoveries about our ancestors. Here are the great mysteries the incredibly complex geography of the Temple of Luxor the startling sophistication of Egyptian science and math and tantalizing similarities among the Hebrew Greek and Mayan alphabets to the Chinese lunar zodiac The Atlantis Blueprint opens up a Pandora s box of ancient mysteries lost worlds and millennial riddles It is a story as controversial fascinating dangerous and inspiring as any ever told The Giza Death Star Destroyed Joseph P. Farrell, 2005 Final volume in a trilogy the first of which is the author's The Giza death star and the second of which is his The Giza death star deployed

Reveals how the earth's crust shifted in 9600 BCE dragging Atlantis into the polar zone beneath miles of Antarctic ice Examines ancient yet highly accurate maps including the Piri Reis map of 1513 which reveals a pre glacial Antarctica Shows how myths of floods and disaster from around the world all point to a common source In this completely revised and expanded edition of When the Sky Fell Rand and Rose Flem Ath show that 12 000 years ago vast areas of Antarctica were free from ice and home to the kingdom of Atlantis a proposition that also elegantly solves the mysteries of ice ages and mass extinctions the simultaneous worldwide rise of agriculture and the source of devastating prehistoric climate change Expanding upon Charles Hapgood's theory of earth crust displacement which was championed by Albert Einstein they examine ancient yet highly accurate world maps including the Piri Reis map of 1513 and show how the earth's crust shifted in 9600 BCE dragging Atlantis into the polar zone where it now lies beneath miles of Antarctic ice From the Cherokee Haida and Okanagan of North America to the earliest records of Egypt Iran Mexico and Japan they reveal that ancient myths of floods lost island paradises and visits from advanced godlike peoples from all corners of the globe all point to the same worldwide catastrophe that resulted in Atlantis s demise The authors explain how the remaining Atlanteans amid massive earthquakes and epic floods evacuated and spread throughout the world resulting in the birth of the first known civilizations Including rare material from the archives of Charles Hapgood Albert Einstein and Dwight D Eisenhower the Flem Aths explain how an earth crust displacement could happen again in the future perhaps in correspondence with high solar activity With new scientific genetic and linguistic evidence in support of Antarctica as the location of long lost Atlantis this updated edition convincingly shows that Atlantis was not swallowed by the sea but was entombed beneath miles of polar ice **How I Found The Lost Atlantis** Paul Schliemann, 2012-08-24 Embark on an extraordinary journey of discovery with Paul Schliemann's
