Social Marketing Gerard Hastings, Christine Domegan, 2017-11-02 Social Marketing involves the application of marketing techniques usually associated with promoting consumption to social ends This new addition will arm the socially conscious marketing student with Case studies from across the globe accessible exercises engaging stories and online support with an expanded and enhanced companion website which will all enable you to think critically about the individual and systemic drivers of both

harm and progress and provide you with the tools to act This popular introductory textbook has been thoroughly updated to enable students to challenge the bad champion the good and become rebels with a cause Now including more on systems thinking evaluation and apps Hastings and Domegan also introduce the influential new 3Cs model Containment Counter Marketing Critical Capacity Building This book is essential reading for all social marketing marketing ethics and marketing and society courses Cover Picture La Sardane de la Paix by Pablo Picasso The sardane is a traditional circle dance from Catalonia which has come to symbolise the struggle of ordinary people against oppression from Napoleon through Hitler and Franco and into the modern era The individual dancer holds his or her hands in the air in a gesture of autonomy and empowerment and is able to maintain what would quickly become a tiring stance thanks to the supporting hands of her fellow dancers It illustrates the key social marketing lesson that addressing complex social problems such as climate change or inequalities as with dictators requires a combination of individual agency and collective action It also shows that critical analysis the questioning and challenging of the current system lies at the heart of progressive social change and that good social marketers should be rebels with a cause

Reducing the Cost of Spacecraft Ground Systems and Operations Jiun-Jih Miau, Richard Holdaway, 2013-03-14 Reducing the cost of space program interests people more and more nowadays due to the concerns of budget limitation and commercialization of space technology The Proceedings of the 3rd International Symposium on Reducing the Cost of Spacecraft Ground Systems and Operations bring together papers contributed by the authors representing the research organizations academic institutions and commercial sectors of 10 countries around the world The papers encompass the subject areas in mission planning and operation TT C systems mission control centers and mini and small satellite support highlighting the issues concerned by the researchers and engineers involved in a wide range of space programs and space industries
