Financial Inclusion And Economic Empowerment:

The Economics of Financial Inclusion Firdous Ahmad Malik, Tarika Singh Sikarwar, 2024-10-15 This book offers a thorough examination of the economics of financial inclusion and management from a contemporary standpoint. It covers a vast array of financial inclusion related topics surveying economies around the globe and analyzes the factors that contribute to both financial inclusion and exclusion. The book discusses the role of technology examining how technological advances have revolutionized financial services and increased access to populations that were previously underserved. It studies the intersection of financial inclusion and sustainability highlighting the significance of green finance and its role in fostering inclusive and sustainable economic growth. Financial literacy and the theories underlying financial inclusion efforts are examined as is the impact of financial criminality. Further the authors consider regional development and the extant gaps in financial inclusion as well as the urban rural divide investigating disparities between urban and rural areas and proposing strategies to bridge the gap. They also assess the effect of inflation and recession and discuss how monetary and fiscal policies can impact inclusion initiatives. The book concludes with a management perspective on financial inclusion with chapters devoted to various aspects of administering inclusive financial systems. It combines theoretical insights with empirical evidence and case studies from both developing and developed nations to illustrate the various approaches and challenges and to provide a comprehensive understanding of worldwide advancements and developments. The comparative approach provides readers with insights into diverse strategies and best practices for overcoming challenges and obstacles and for promoting financial inclusion in various economic contexts. Overall readers will benefit from the book's comprehensive analysis and exhaustive coverage. It is an invaluable resource for advanced students, scholars, researchers and policymakers.
