space traveler **The First Men on the Moon** David M. Harland, 2007-10-14 On 12 April 1961 Yuri Gagarin became the first man to orbit the Earth One month later President John F Kennedy challenged the American nation to land a man on the Moon before the decade was out On 16 July 1969 Neil Armstrong Michael Collins and Buzz Aldrin set off in Apollo 11 to attempt this audacious mission and succeeded magnificently This book tells the story of Apollo 11 starting with crew selection and training the choice of the landing site and the assembly of the space vehicle then a detailed account of the mission featuring the lunar landing and moonwalk and a review of how our knowledge of the Moon's history was revolutionised as a result The story is enlivened by dialogue between the astronauts in space and the flight controllers in Mission Control Truth, Lies, and O-Rings Allan J. McDonald, 2012-03-11 On a cold January morning in 1986 NASA launched the Space Shuttle Challenger despite warnings against doing so by many individuals including Allan McDonald The fiery destruction of Challenger on live television moments after launch remains an indelible image in the nation's collective memory In Truth Lies and O Rings McDonald a skilled engineer and executive relives the tragedy from where he stood at Launch Control Center As he fought to draw attention to the real reasons behind the disaster he was the only one targeted for retribution by both NASA and his employer Morton Thiokol Inc makers of the shuttle's solid rocket boosters In this whistle blowing yet rigorous and fair minded book McDonald with the assistance of internationally distinguished aerospace historian James R Hansen addresses all of the factors that led to the accident some of which were never included in NASA's Failure Team report submitted to the Presidential Commission Truth Lies and O Rings is the first look at the Challenger tragedy and its aftermath from someone who was on the inside recognized the potential disaster and tried to prevent it It also addresses the early warnings of very severe debris issues from the first two post Challenger flights which ultimately resulted in the loss of Columbia some fifteen years later **The Last Pilot** Benjamin Johncock, 2015-07-09 Winner Authors Club Best First Novel Award 2016 Shortlisted for the East Anglian Book Awards 2015 Selected for Brave New Reads 2016 With echoes of Raymond Carver as well as Tom Wolfe's The Right Stuff and Richard Yates Revolutionary Road The Last Pilot re ignites the thrill and excitement of the space race through the story of one man's courage in the face of unthinkable loss Set against the backdrop of one of the most emotionally charged periods in American history The Last Pilot begins in the bone dry Mojave Desert during the late 1940s where US Air Force test pilots are racing to break the sound barrier Among the exalted few is Jim Harrison dedicated to his wife Grace and their baby daughter By the 1960s the space race is underway and Harrison and his colleagues are offered a place in history as the world's first astronauts But when his young family is thrown into crisis Jim is faced with a decision that will affect the course of the rest of his life whether to accept his ticket to the moon and at what cost *The Library Screen Scene* Renee Hobbs, Liz Deslauriers, Pam Steager, 2019 In the past two decades several U S states have explored ways to mainstream media literacy in school curriculum However one of the best and most accessible places to learn this necessary skill has not been the traditional classroom but rather the library In an

increasing number of school public and academic libraries shared media experiences such as film screening learning to computer animate and video editing promote community and a sense of civic engagement The Library Screen Scene reveals five core practices used by librarians who work with film and media viewing creating learning collecting and connecting With examples from more than 170 libraries throughout the United States the book shows how film and media literacy education programs library services and media collections teach patrons to critically analyze moving image media uniting generations cultures and communities in the process **olam he-zeh v'olam ha-ba** Leonard J. Greenspoon, 2017-09-15 Dining on Leviathan Discoursing with Socrates Debating the nature of existence in the afterlife These are among the topics authors address in this wide ranging account of how Jews have conceptualized the world to come and structured their lives in this world accordingly Some authorities portrayed the afterlife as an endless round of feasting and drinking of chazerie that would put the fanciest Las Vegas buffets to shame There were visionaries who mapped out otherworldly climes populated by monstrous creatures Others decidedly more staid saw the world to come as a location where neither food nor wine would be consumed instead it would offer the opportunity to bring moral certitude to questionable practices that could not be eradicated in this world More down to earth are comparisons between Rabbi Akiva and Socrates and analyses of influential thinkers like Moses Mendelssohn and Emmanuel Levinas And more practical are discussions of how concepts of the afterlife serve to determine mourning practices or more broadly how humans should fashion their lives in the here and now The chronological range of these chapters also is impressive The earliest documents discussed are from Apocryphal literature including apocalypses that were composed from 400 BCE to 200 CE There are creative analyses of rabbinic material and documents from the medieval period through the twentieth century Evolving ritual and liturgical practices bring readers up to the early twenty first century Each of the thirteen authors whose works are brought together in this volume shows historical cultural and religious sensitivity both to the unique features of these differing manifestations and to the elements that unite them For the readers of this volume which is equally rewarding for general audiences and for specialists the result is a carefully nuanced creatively balanced exploration of the breadth of Jewish thought and practice concerning some of the most profound and perplexing issues humans face *The 24-Hour Genius* Eric Epstein, 2013-06-18 If a year of study or work is a competitive marathon all nighters are often the sprints in which certain runners break away from the pack Tap into your genius and achieve greater success by learning to strategically pull an all nighter Whether fine tuning a business plan or trying to come up with the next high performing app pulling an all nighter can be your key to success if used wisely and managed effectively In *The 24 Hour Genius* all nighter expert Eric Epstein not only offers essential tips on how to keep yourself alert and productive he also explains how an all night work session can unlock the brain's creative powers to help you achieve your goals and even enhance your results Exploring famous all nighter success stories from Thomas Edison and his Insomnia Squad and their invention of the disc record to the development of the first Macintosh computer Epstein shows
