**A Cultural History of Dress and Fashion in the Modern Age** Alexandra Palmer, 2018-11-01. Over the last century there has been a complete transformation of the fashion system. The unitary top-down fashion cycle has been replaced by the pulsations of multiple and simultaneous styles while the speed of global production and circulation has become ever faster and more complex. Running in tandem, the development of artificial fibres has revolutionized the composition of clothing and the increased focus on youth, sexuality, and the body has radically changed its design. From the 1920s flapper dress to debates over the burkini, fashion has continued to be deeply involved in society's larger issues. Drawing on a wealth of visual, textual, and object sources and illustrated with 100 images, *A Cultural History of Dress and Fashion in the Modern Age* presents essays on textiles, production and distribution, the body, belief, gender, and sexuality, status, ethnicity, and visual and literary representations to illustrate the diversity and cultural significance of dress and fashion in the period.

**A Companion to Contemporary Design since 1945** Anne Massey, 2019-02-22. A critical overview of contemporary design and its place within the broader context of art history, *A Companion to Contemporary Design since 1945* introduces readers to a collection of specially commissioned essays exploring the complex areas of design that emerged through the latter half of the twentieth century: design history, design methods, design studies, and more recently, design thinking. The book delivers a thoughtful overview of all design disciplines and also strives to stimulate interdisciplinary debate and examine unconsidered convergences among design applications in different fields. By offering a new perspective on design, the articles assembled here present a challenging account of the boundaries between design history and its cognate disciplines, especially art history. The volume comprises five sections: Time, Place, Space, Objects, and Audiences, that discuss environments for design and how we interact with designed objects and spaces. Notable features include 24 new essays reflecting the current state of design history and theory and examining developments on a global basis. Contributions by eminent scholars and practitioners from around the globe. Enriched throughout with illustrations, *A Companion to Contemporary Design since 1945* provides a new and thought-provoking revision of our conception and understanding of contemporary design that will be essential reading for students at both undergraduate and graduate levels as well as researchers and teachers working in design history, theory, and practice and in related fields.

Mode - Kleidung - Textil Kerstin Kraft, Birgit Haase, 2025-03-17. Mode, Kleidung, Textil: diesen ebenso allgegenwärtigen wie komplexen Grundphänomenen des menschlichen Daseins wissenschaftlich gerecht zu werden, setzt Transdisziplinarität und Flexibilität voraus. Für eine Zusammenführung heterogener Zugänge und eine damit verbundene institutionelle Konsolidierung

des Faches ist eine fundamentale Methodendiskussion unerlässlich. Die Autorinnen aus unterschiedlichen Herkunftsdisziplinen führen grundlegend in die von ihnen erstmals beschriebene Mode- und Textilwissenschaft ein und widmen sich deren methodenpluralistischer Erschließung. Die vorgestellte Methode beruht auf einer gut nachvollziehbaren modularen Struktur und erzielt verbunden mit der als Prinzip eingeführten Iteration eine hohe Anpassungsfähigkeit. Die Publikation zeichnet die Methodenentwicklung nach, indem die Annäherung in Einzelbeiträgen, die anschließend gemeinsame Methodenbeschreibungen sowie die durchgeführte Revision in Form von individuellen Fallstudien dargestellt wird. Durch die Offenlegung und Reflexion der Genese der Publikation wird der Forschungsprozess nachvollziehbar und die Integration verschiedener Disziplinen ermöglicht. Dies geschieht im Sinne der Etablierung einer eigenständigen Mode- und Textilwissenschaft.

Mode Design Theorie Barbara Schmelzer-Ziringer, 2015-06-17 Mit ihrer radikalen Entwicklung vom gestalterischen Phänomen zur wissenschaftlichen Disziplin wird an Universitäten die Frage gestellt: Was ist Mode? Dieser Band bietet durch die Zusammenfassung von Theorien interdisziplinäre Perspektiven Klärung von Begriffen und die Analyse der Modesprache essenzielle Informationen für alle im Bereich Mode Studierenden oder praktisch Tätigen.

How Outlaws Win Friends and Influence People Tereza Kuldova, 2019-03-09 This book asks a critical question for our times: why do an increasing number of people support, admire, and aspire to be outlaws? Outlaw motorcycle clubs have grown, spread, and matured. Popular culture glamorizes them; law enforcement agencies fight them; and the media vilify them. Meanwhile, the outlaw bikers exploit the current cultural and economic climate to attract new members. How Outlaws Win Friends and Influence People argues that the growth of these anti-establishment groups under neoliberalism is not coincidental but inevitable. The book asks a critical question for our times: why do people today in increasing numbers support, admire, and aspire to be outlaws? What needs and desires do the clubs satisfy? How do they win support and influence? Answering this is crucial if we are to successfully fight the social harms caused by these groups, as well as the harms that underlie their proliferation. Unless we understand the cultural dynamic at play here, our fight against these organizations will always take the form of a battle against the mythological Hydra: when one head is cut off, two more grow. Tereza Kuldova is a rebel with a cause: her new book is a razor-sharp critique of stereotypical conceptions of the outlaw biker and provides refreshing insights into their subjective life worlds.
