you could get pregnant from sitting in a jacuzzi Not that I'm sure I even knew what a jacuzzi was but I knew they were racy places where racy things happened Men as far as I remember didn't even have to be there So long as they'd been in the water in some sort of excitable state pregnancy was inevitable even if you kept your pants on You see pregnancy was that easy that dangerous and it could ruin your life Almost 20 years later and pregnancy could still ruin my life Although now it is not the threat of what having a baby would do but of not having a baby at all I have been trying to get pregnant for two years and have not even come close to hearing the pitter patter of tiny feet So begins *The Stork Club* Imogen Edwards Jones very

Cultures of Resistance in the Hellenistic East Paul J. Kosmin, Ian S. Moyer, 2022-06-02 This collaborative volume examines revolts and resistance to the successor states formed after Alexander the Great's conquest of the Persian empire as a transregional phenomenon The editors have assembled an array of specialists in the study of the various regions and cultures of the Hellenistic world Judea Egypt Babylonia Central Asia and Asia Minor in an effort to trace comparisons and connections between episodes and modes of resistance The volume seeks to unite the currently dominant social scientific orientation to ancient resistance and revolt with perspectives often coming from religious studies that are more attentive to local cultural religious and moral frameworks In re-assessing these frameworks contributors move beyond Greek non-Greek binaries to examine resistance as complex and entangled acts and articulations of resistance are not purely nativistic or nationalist but conditioned by local

traditions of government historical memories of prior periods as well as emergent transregional Hellenistic political and cultural idioms Cultures of Resistance in the Hellenistic East is organized into three parts The first part investigates the Great Theban Revolt and the Maccabean Revolt the central cases for large organized and prolonged military uprisings against the Hellenistic kingdoms The second part examines the full gamut of indigenous self assertion and resistant action including theologies of monarchic inadequacy patterns of historical periodization and textual interpretation and claims to sites of authority The volume s final part turns to the more ambiguous assertions of local autonomy and identity that emerge in the frontier regions that slipped in and out of the grasp of the great Hellenistic powers The 2.5% Lida
