I'm sharing the latest design updates made to our current project based on our client's feedback. As you can observe, we applied NUSLI has implemented a pioneering project in Spain: the construction of a temporary stadium for Real Zaragoza. In just over 100 days, we have successfully installed TerraTrak® at your stadium to maximise revenue and diversify event offerings. Watch to see the results if you like the channel. More stadiums are waiting for you!!!

The Ta'Qali National Stadium is the first of its kind. We finally know which countries will host the 2030 World Cup. Although we have already shown you the bid of Spain, Portugal, and the United States, the 2026 World Cup will be played across 16 stadiums and most of them were never built for real grass. MetLife Stadium is a perfect example. An octopus doesn't decide to change colour. Its skin reads the environment and responds through thousands of chromatophores firing signals. In this video I will be testing every football stadium from 1850 all the way up to the newest in 2025- What a crazy experience this is...
