Kym Fraser

Clinical And Fieldwork Placement In The Health Professions 2nd Edition:

Clinical and Fieldwork Placement in the Health Professions Karen Stagnitti, Adrian Schoo, Dianne Welch, 2010 Common across all the health professions are fieldwork issues such as clinical placements in hospitals community based service provision and client therapist interaction They all demand knowledge of skills and techniques and all require proficiency in problem solving and clinical reasoning Clinical and Fieldwork Placement in Health Professions prepares students for their work in clinical and fieldwork settings where their understanding of the various clinical and client centered environments is dependent not only on their knowledge and skills but on how well they work with other health professionals The text is intended to be used throughout the health students course It is interdisciplinary rather than discipline specific and incorporates both clinical placement and fieldwork education within the context of professional health care services and delivery Some chapters will be more relevant for first year students particularly the specific settings section while others will be more appropriate for final year students where broader issues such as ethics and legal responsibility are covered *Best Practice in Professional Supervision, Second Edition* Allyson Davys, Liz Beddoe, 2020-12-21 This second edition of Best Practice in Professional Supervision is a fully updated and revised guide to being an excellent supervisor in the social care nursing counselling and allied health professions This field has developed rapidly in the past 10 years and this new edition contains essential updates reflecting the very latest research and practice The book covers basic skills the practicalities of forming and maintaining the supervision relationship and the organisational context and culture of supervision Viewing supervision as a place for learning the book also considers how supervision can help practitioners to develop professional resilience and promote their own wellbeing despite the stresses of complex work environments It also includes specific chapters on supervision of clinical student placements and in child protection settings Full of clinical case vignettes illustrating good practice this is an essential guide for all those undertaking supervision or supervision training

Enriching Higher Education Students' Learning through Post-work Placement Interventions Stephen Billett, Janice Orrell, Denise Jackson, Faith Valencia-Forrester, 2020-09-07 This edited volume offers a range of insights about practices of and findings associated with enriching higher education students learning by their engagement in educational processes during and after the completion of their work integrated education experiences That is using post practicum intervention to augment and enrich those learning experiences The collected contributions here draw on the processes of trialling and evaluating educational processes that aimed to enrich the work integrated education experiences for purposes of improving students understandings abilities to address workplace and occupational requirements These processes and findings from these processes across a range of disciplinary fields including pharmacy psychology physiotherapy service learning occupational therapy journalism and business students education speak directly to educators in both workplace and educational settings across a range of occupational sectors These messages which arise from educators and practitioners

enacting and evaluating these interventions offer practical suggestions as well as conceptual advances The reach of the accounts of processes findings and evaluations is not restricted to the occupational fields in which the interventions occurred The lessons provided through this edited volume are intended to inform how post practicum interventions might be enacted across a range of occupational studies
