House As A Mirror Of Self Exploring The Deeper Meaning Home Clare Cooper Marcus:

House As a Mirror of Self Clare Cooper Marcus, 2006-05-20 *House as a Mirror of Self* presents an unprecedented examination of our relationship to where we live interwoven with compelling personal stories of the search for a place for the soul Marcus takes us on a reverie of the special places of childhood the forts we made and secret hiding places we had to growing up and expressing ourselves in the homes of adulthood She explores how the self image is reflected in our homes power struggles in making a home together with a partner territory control and privacy at home self image and location disruptions in the bonding with home and beyond the house as ego to the call of the soul As our culture is swept up in home improvement to the extent of having an entire TV network devoted to it this book is essential for understanding why the surroundings that we call home make us feel the way we do With this information we can embark on home improvement that truly makes room for our soul

Home: A Very Short Introduction Michael Allen Fox, 2016-12-01 Thoughts and feelings about home traditionally provided people of all cultures with a firm sense of where they belonged and why But with the world rapidly changing many of our basic notions are becoming problematic Both internationally and within countries populations are constantly on the move seeking better opportunities and living conditions or an escape from violence and war In spite of or perhaps even because of these trends ideas about home continue to shape the way people everywhere frame an understanding of their lives In this *Very Short Introduction* Michael Allen Fox considers the complex meaning of home and the essential importance of place to human psychology Drawing on a wide array of international examples he discusses what dwelling is and the variety of dwellings Fox also looks at the politics of the concept of home homelessness refugeeism and migration and the future of home and argues that home remains a central organizing concept in human life ABOUT THE SERIES The *Very Short Introductions* series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

The Domestic Interior and the Self in Contemporary Photography Jane Simon, 2023-09-18 By carefully conceptualising the domestic in relation to the self and the photographic this book offers a unique contribution to both photography theory and criticism and life narrative studies Jane Simon brings together two critical practices into a new conversation arguing that artists who harness domestic photography can advance a more expansive understanding of the autobiographical Exploring the idea that self representation need not equate to self portraiture or involve the human form artists from around the globe are examined including Rinko Kawauchi Catherine Opie Dayanita Singh Moyra Davey and Elina Brotherus who maintain a personal gaze at domestic detail By treating the representation of interiors domestic objects and the very practice of photographic seeing and framing as autobiographical gestures this book reframes the relationship between interiors and exteriors public and private and insists on the importance of domestic interiors to understandings of the self and

photography The book will be of interest to scholars working in photographic history and theory art history and visual studies

Die Magie der Dinge und die Kunst des Loslassens Dorothea Rohde, 2025-09-08 Wegwerfen Ausmisten Loslassen leicht gesagt aber oft schwer umgesetzt Vielen Menschen fällt es schwer sich von ihrem Hab und Gut zu trennen Sie leben in sehr vollen manchmal auch unaufgeräumten Räumen und fühlen sich deshalb stigmatisiert Denn Wohnen ist nicht privat sondern auch sozial kontrolliert und fremdbestimmt Zeitgeist und Medienindustrie bestimmen Sehgewohnheiten und die Gesellschaft hat klare Vorstellungen davon wie gewohnt werden soll Ordnung Sauberkeit und eine gewisse Ästhetik werden erwartet Viele Menschen leiden darunter dass sie diesen Anforderungen nicht gerecht werden Sie hängen an ihren Besitzern und wehren sich innerlich dagegen sie loszulassen und wegzuworfen Dieser Widerstand und die damit verbundene Prokrastination und emotionale Bindung an Gegenstände können viele Ursachen haben von inneren Verpflichtungen familiären Prägungen und Gefühlsbeziehungen zu Flucht oder Armutshintergrund bis hin zu einer unbestimmten Angst vor dem Nichts In ihrem Buch zeigt Dorothea Rohde wie man sich in einem Trauerprozess nicht nur von lieb gewonnenen Dingen sondern auch von sozialem Gepäck und alten emotionalen Mustern verabschiedet Sie erklärt warum Dinge und belastende Gewohnheiten manchmal mehr Macht über uns haben als wir glauben und wie wir diese Bindung Schritt für Schritt lösen können Wer diese Kunst des Loslassens betreibt schafft Platz für Veränderung Leichtigkeit und ein wohlthuendes Zuhause und gewinnt dabei nicht nur Raum sondern auch Freiheit zurück *17 Steps to Being Home. The texts presented in Proportion Harmonies and Identities PHI Progress es Theories and Practices were compiled with the intent to establish a platform for the presentation interaction and dissemination of research It aims also to foster the awareness of and discussion on the topics of Harmony and Proportion with a focus on different progress visions and readings relevant to Architecture Arts and Humanities Design Engineering Social and Natural Sciences Technology and their importance and benefits for the community at large Considering that the idea of progress is a major matrix for development its theoretical and practical foundations have become the working tools of scientists philosophers and artists who seek strategies and policies to accelerate the development process in different contexts Research Methods for Interior Design Dana E. Vaux, David Wang, 2020-08-05 Interior design has shifted significantly in the past fifty years from a

focus on home decoration within family and consumer sciences to a focus on the impact of health and safety within the interior environment This shift has called for a deeper focus in evidence based research for interior design education and practice Research Methods for Interior Design provides a broad range of qualitative and quantitative examples each highlighted as a case of interior design research Each chapter is supplemented with an in depth introduction additional questions suggested exercises and additional research references The book s subtitle Applying Interiority identifies one reason why the field of interior design is expanding namely all people wish to achieve a subjective sense of well being within built environments even when those environments are not defined by walls The chapters of this book exemplify different ways to comprehend interiority through clearly defined research methodologies This book is a significant resource for interior design students educators and researchers in providing them with an expanded vision of what interior design research can encompass

Domestic Modernism, the Interwar Novel, and E.H. Young Chiara Briganti, Kathy Mezei, 2016-12-05 Domestic Modernism the Interwar Novel and E H Young provides a valuable analytical model for reading a large body of modernist works by women who have suffered not only from a lack of critical attention but from the assumption that experimental modernist techniques are the only expression of the modern In the process of documenting the publication and reception history of E H Young s novels the authors suggest a paradigm for analyzing the situation of women writers during the interwar years Their discussion of Young in the context of both canonical and noncanonical writers challenges the generic label and literary status of the domestic novel as well as facile assumptions about popular and middlebrow fiction canon formation aesthetic value and modernity The authors also make a significant contribution to discussions of the everyday and to the burgeoning field of homeculture as they show that the fictional embodiment and inscription of home by writers such as Young Virginia Woolf Elizabeth Bowen Ivy Compton Burnett Lettice Cooper E M Delafield Stella Gibbons Storm Jameson and E Arnot Robertson epitomize the long standing symbiosis between architecture and literature or more specifically between the house and the novel

A Marriage of Philosophy and Music Erich Welling, 2014-04 How to use philosophy and music to open your horizons and enjoy being yourself put theory to work and help you experience personal growth is discussed in A Marriage of Philosophy and Music It is all about after After having a liberal education you are comfortable in modern culture and after further education and becoming a specialist in some field you enjoy using your skills We learn the ideas and methods of many social cultures and our own chosen specialty but we often neglect the liberal art of disciplining and enjoying the ideas and methods of our own individuality This book offers a path toward the education of privacy with the key words being selection design and beauty The book relates five areas of general human interest spirituality philosophy science art and body awareness The interrelation is accomplished by using personal patterns of experience that are available from philosophy and music Because of the plurality of subject matters and methods used in philosophy and music their patterns of discipline are comparable to self discipline A Marriage of Philosophy and Music

attempts to create a path in this direction because besides the enjoyment of social culture and personal skills there is enjoyment in being yourself which is a neglected liberal art

Interiors in the Era of Covid-19 Penny Sparke, Ersi Ioannidou, Pat Kirkham, Stephen Knott, Jana Scholze, 2023-01-26 The Covid 19 lockdowns caused people worldwide to be confined to their homes for longer and on a greater scale than ever before This forced many unprecedented changes to the way we treat domestic space as relationships shifted between the public and the private worlds and homes were rapidly adapted to accommodate the additional roles of schools offices gyms restaurants making spaces and more Above all our understanding of the home as a site to support and enhance the well being of its inhabitants changed in a variety of novel ways Interiors in the Era of Covid is a collection of essays which explore the complex ways in which our inside spaces contemporary and historical have responded to Covid 19 and other human crises With case studies ranging from US and Europe to Japan China Colombia and Bangladesh this is a truly global work which examines wide ranging subjects from home working and home technologies to the impact of lockdown on people s identities gender roles in the home and the realities of domestic living with Covid in refugee camps Exploring the roles played by designers both amateur and professional in accommodating changing requirements and anticipating future ones whether Covid or beyond this book is a must read for students and researchers in interior design architecture architectural and design history and anyone interested in the home and the relationships between health and design

The Culture of Building Howard Davis, 2006-05-12 The Culture of Building describes how the built world including the vast number of buildings that are the settings for peoples everyday lives is the product of building cultures complex systems of people relationships building types techniques and habits in which design and building are anchored These cultures include builders bankers architects developers clients contractors craftspeople building inspectors planners and many others The product of these cultures which operate building after building is the built world of cities and settlements In this book Howard Davis uses historical contemporary and cross cultural examples to describe the nature and influence of these cultures He shows how building cultures reflect the general cultures in which they exist how they have changed over history how they affect the form of buildings and cities and how present building cultures which are responsible for the contemporary everyday environments may be improved Following the development of the idea of building cultures using several historical examples the book lays out a framework that puts such topics as craft and professionalism the vernacular and nonvernacular and design and construction in common frameworks Although the book ranges widely over different cultures and historical periods it emphasizes the transformations that took place in architecture and building practice from the late eighteenth century to the present Finally the book uses a series of contemporary examples that demonstrate the building culture as a living concept These examples which include built work as well as innovative processes that go beyond the work of architects alone are described as the seeds that can help the emergence of a better build world This beautiful book features over 260 color and black and white illustrations most from the authors extensive collection of slides and includes photographs prints and drawings from historical archives and contemporary architectural offices

The Pocket Idiot's Guide to Feng Shui Stephanie Roberts, 2004-06-01 How to maximize chi inside and outside the home This illustrated guide to the ancient Chinese art strips feng shui down to the basics focusing solely on those aspects that deal with the interior and exterior of one s home Stephanie Roberts shows readers how to evaluate and change aspects of their space to maximize the flow of positive energy and how to arrange each room to achieve better balance in their lives and increase their prospects for health wealth and good relationships

Virginia Woolf and the Nineteenth-Century Domestic Novel Emily Blair, 2012-02-16 In Virginia Woolf and the Nineteenth Century Domestic Novel Emily Blair explores how nineteenth century descriptions of femininity saturate both Woolf s fiction and her modernist manifestos Moving between the Victorian and modernist periods Blair looks at a range of nineteenth and early twentieth century sources including the literature of conduct and household management as well as autobiography essay poetry and fiction She argues for a reevaluation of Woolf s persistent yet vexed fascination with English domesticity and female creativity by juxtaposing the novels of Elizabeth Gaskell and Margaret Oliphant two popular Victorian novelists against Woolf s own novels and essays Blair then traces unacknowledged lines of influence and complex interpretations that Woolf attempted to disavow While reconsidering Woolf s analysis of women and fiction Blair simultaneously deepens our appreciation of Woolf s work and

advances our understanding of feminine aesthetics *Design for Ecological Democracy* Randolph T. Hester, Jr., 2010-09-24 Shows how to combine the forces of ecological science and participatory democracy to design urban landscapes that enable us to act as communities are resilient rather than imperiled and touch our hearts Over the last fifty years the process of community building has been lost in the process of city building City and suburban design divides us from others in our communities destroys natural habitats and fails to provide a joyful context for our lives In *Design for Ecological Democracy* Randolph Hester proposes a remedy for our urban anomie He outlines new principles for urban design that will allow us to forge connections with our fellow citizens and our natural environment He demonstrates these principles with abundantly illustrated examples drawn from forty years of design and planning practice showing how we can design cities that are ecologically resilient that enhance community and that give us pleasure Hester argues that it is only by combining the powerful forces of ecology and democracy that the needed revolution in design will take place Democracy bestows freedom ecology creates responsible freedom by explaining our interconnectedness with all creatures Hester's new design principles are founded on three fundamental issues that integrate democracy and ecology enabling form resilient form and impelling form Urban design must enable us to be communities rather than zoning segregated enclaves and to function as informed democracies A simple bench at a centrally located post office for example provides an opportunity for connection and shared experience Cities must be ecologically resilient rather than ecologically imperiled adaptable to the surrounding ecology rather than dependent on technological fixes Resilient form turns increased urban density for example into an advantage And cities should impel us by joy rather than compel us by fear good cities enrich us rather than limit us *Design for Ecological Democracy* is essential reading for designers planners environmentalists community activists and anyone else who wants to improve a local community **Frasier** Joseph J. Darowski, Kate Darowski, 2017-08-07 After America's most pompous barhound left the Cheers gang in Boston he returned to Seattle and found himself surrounded by an equally colorful cast of friends and family alike For eleven seasons radio psychiatrist Frasier Crane contended with his blue collar ex cop father Martin English caretaker Daphne coworker Roz and his younger brother Niles Looking at the world through Frasier's aristocratic witty lens the show explored themes of love loss friendship and what it might mean to live a full life Both fans and critics loved Frasier and the show's 37 primetime Emmy wins are the most ever for a comedy series In *Frasier A Cultural History* Joseph J. Darowski and Kate Darowski offer an engaging analysis of the long running award winning show offering insights into both the onscreen stories as well as the efforts behind the scenes to shape this modern classic This volume examines the series as a whole but also focuses on the show's key characters including Eddie the canine Close looks at set design class issues and gender roles are also provided along with opinionated reviews of all 264 episodes highlighting the peaks and dips in quality across more than a decade of television Despite the show's focus on an elitist intellectual and his equally snooty brother Frasier often embraced farce on a level previously unseen in American sitcoms a mix of comedic

elements that endeared it to viewers around the world *Frasier A Cultural History* will appeal to the show's many fans as well as to scholars of media television and popular culture *The Emergence of the Interior* Charles Rice, 2006-11-22 Taking a radical position counter to many previous histories and theories of the interior domesticity and the home *The Emergence of the Interior* considers how the concept and experience of the domestic interior have been formed from the beginning of the nineteenth century It considers the interior's emergence in relation to the thinking of Walter Benjamin and Sigmund Freud and through case studies in architecture's trajectories toward modernism The book argues that the interior emerged with a sense of doubleness being understood and experienced as both a spatial and an image based condition Incorporating perspectives from architecture critical history and theory and psychoanalysis *The Emergence of the Interior* will be of interest to academics and students of the history and theory of architecture and design social history and cultural studies
