What did the wilderness or wilderness look like, before man started interfering with it? One theory holds that Britain and Western Europe in Palaeolithic times was covered from coast to coast in a wilderness of continuous trees. However, a modern theory proposed by Francis Vere holds that Western Europe wilderness was a combination of grassland, scrub, and clusters or groves of trees. It was not a dense, impenetrable wilderness, but instead, an area similar to a park, kept up by wild herbivores eating the plants and grass. Throughout earlier interglacial periods, this may also have been the case in Britain, as creatures of the Palaeolithic era needed to roam large areas of grassland to survive. A variety of grassland plants continued to live there in the last interglacial, as according to pollen records. However, since the last glaciation, the bison, elk and other large herbivores which persisted on mainland Europe were extinct in Britain, so Vere's theory may not apply so well to Britain.

Meanwhile, throughout the period since it's spread northwards after the last glaciation, the sustained growth of oak in Britain demonstrates that the wilderness was not as continual as once believed. Oak is a pioneer species, which requires vacant space to regenerate more of itself. Grazing animals are also be present to keep areas open, so Oak regenerates in the thorny brush as a protective measure from their grazing. Archaeological evidence indicates that red deer, who graze on grass as well as browse from trees, were essential to the economy in Mesolithic Britain, with people utilizing them for meat, skins, antlers and bones.

As the Mesolithic (10,000-3000 BC) era ended, evidence of the beginnings of agriculture emerges. Agricultural weeds, such as plantain and stinging nettle, were also increasing in number. Nearly all the wilderness was cut down as the population increased rapidly. However, the falling elm population around 4,000 BC all across Europe has been attributed not to the clearing of trees, but to what's referred to as The Mosaic.
