*The Classics and Colonial India* Phiroze Vasunia, 2013-05-16 This extraordinary book provides a detailed account of the relationship between classical antiquity and the British colonial presence in India. It examines some of the great figures of the colonial period such as Gandhi, Nehru, Macaulay, Jowett, and William Jones and covers a range of different disciplines as it sweeps from the eighteenth century to the end of the British Raj in the twentieth. Using a variety of materials including archival documents and familiar texts, Vasunia shows how classical culture pervaded the thoughts and minds of the British colonizers. His book highlights the many Indian receptions of Greco-Roman antiquity and analyses how Indians turned to ancient Greece and Rome during the colonial period for a variety of purposes including anti-colonialism, nationalism, and collaboration. Offering a unique cross-cultural study, this volume will be of interest to literary scholars and historians of the classical world, the British Empire, and South Asia.

*The Geopolitics of South Asia* Graham P. Chapman, 2016-03-09 Anyone who is planning on carrying out research in South Asia or indeed anyone who simply wishes to understand more about this cultural heartland should read this book. It shows how geological movements moulded the land of this unique cradle and how they still impact on it. Discussions are woven around the three major forces of integration: These are identity forces, bonds of language, ethnicity, religion, or ideology; utilitarian forces, bonds of common material interest and coercion; the institutional use or threat of physical violence. By studying these forces, Professor Chapman shows how the organization of territory has been central to the region's historic cultural, linguistic, and economic development. In addition to the material on the Northwest frontier, Afghanistan and Kashmir, which was added for the second edition, the Northeastern borderlands are also now examined in this fully revised third edition. The current geopolitical state of the region is completely updated and greatly enhanced.

**Nodes of Translation** Martin Christof-Füchle, Razak Khan, 2024-01-29 The volume examines translation of key German texts into the modern Indian languages as well as translation from the vernacular languages of South Asia into German. Our key concerns are shifting historical contexts, concepts, and translation practices. Bringing an intellectual history dimension to translation studies, we explore the history of translation, translators, and sites of translation. The organization of the volume follows some key questions: Which texts were being translated? At what point or period in time did this happen? What were the motivations behind these translations? Topics covered range from thematic nodes or clusters, e.g. translations of Economics texts and ideas into Urdu, or the translation of Marx and Engels into Marathi, to personal endeavours such as the first Hindi translation of Goethe's *Faust* done by Bholanath Sharma in 1939. Missionary as well as Marxist activist translation work from Malayalam, Tamil, and Telugu is included too. On the other hand, German translations of Tagore and Gandhi, setting in shortly after 1912.

are also examined Also discussed are political strategies of publication of translations from modern Indian languages guiding the output of publishing houses in the GDR after 1949 Further included are the translator's perspective and the contemporary translation and literary culture What happens through the process of linguistic translation in the realm of cultural translation What can a historical study of translation tell us about the history of Indo-German intellectual entanglements in the long twentieth century The volume brings together multifaceted interdisciplinary research work from South Asian and German studies to answer some of these questions **Dr. Hermann Gundert and Malayalam Language** Albrecht Frenz, 1993 On the contribution to Malayalam language of Hermann Gundert a German missionary in Kerala includes his biography **A Companion to the Translation of Classical Epic** Richard H.
