Code Of The Suburb Inside The World Of Young Middle Class Drug Dealers Fieldwork Encounters And Discoveries:

Code of the Suburb Scott Jacques, Richard Wright, 2015-05-08 This ethnography of teenage suburban drug dealers provides a fascinating and powerful counterpoint to the devastation of the drug war Alice Goffman author of *On the Run* When we think about young people dealing drugs we tend to picture it happening in disadvantaged crime ridden urban neighborhoods But drugs are used everywhere And teenage users in the suburbs tend to buy drugs from their peers dealers who have their own culture and code distinct from their urban counterparts In *Code of the Suburb* Scott Jacques and Richard Wright offer a fascinating ethnography of the culture of suburban drug dealers Drawing on fieldwork among teens in a wealthy suburb of Atlanta they carefully parse the complicated code that governs relationships among buyers sellers police and other suburbanites That code differs from the one followed by urban drug dealers in one crucial respect whereas urban drug dealers see violent vengeance as crucial to status and security the opposite is true for their suburban counterparts As Jacques and Wright show suburban drug dealers accord status to deliberate avoidance of conflict which helps keep their drug markets more peaceful and consequently less likely to be noticed by law enforcement

Criminological Ethnography: An Introduction James Treadwell, 2019-09-30 In the first textbook to cover ethnography specific to criminology Treadwell guides readers through the ethnographic research process in full starting with a background to criminological ethnography through planning and doing an ethnographic project and finally the writing up and reporting stage

Dealing with Privilege David Crawford, 2019-06-25 *Dealing with Privilege* Cannabis Cocaine and the Economic Foundations of Suburban Drug Culture focuses on the careers of nine successfully retired drug dealers offering a contrast to sociological criminological and other depictions of drug dealing as a realm of the desperate dangerous and poor David Crawford tells the great untold story of drug dealing in America where white middle class dealers are unlikely to suffer the enforcement of drug laws Contrary to media portrayals Crawford argues that suburban drug sales are not oriented around money making but friendship and fun Using economic anthropology classic sociology and neuroscience to analyze the life trajectories of these dealers Crawford touches on issues of crime race culture aging gender privilege illegal drugs and the limits of conventional economics as a framework to understand economic behavior

Dealing Crack Bruce A. Jacobs, 2016-03-01 During the 1980s addiction to crack cocaine escalated at an alarming rate As the demand for crack grew so did the economic opportunities for entrepreneurial street dealers who developed criminal underground networks for the supply and retail sale of the high profit substance While crack cocaine use has since plateaued and is on the decline hard core dealers persist in selling the increasingly unprofitable drug in a high risk competitive street market Bruce A Jacobs bases his study on dangerous field research conducted in one of the most socially distressed and impoverished neighborhoods in St Louis Drawing on no holds barred interviews with active dealers as well as on his own eyewitness observations of transactions and encounters with

police Jacobs captures the crack business as it actually operates on the streets He examines the underlying motivations for selling crack describes the complex and intricate social organization of dealing and explores how dealers protect transactions from law enforcement undercover police and criminal predators Quoting extensively from his conversations with offenders he conveys much of the fear and aura surrounding the process and lifestyle of crack cocaine dealing This provocative volume is appropriate for a variety of courses in criminal justice and social problems and gives general readers an inside look at one of America s most troubling problems

Dorm Room Dealers A. Rafik Mohamed,Erik D. Fritsvold,2010 The authors provide insight into the world of college drug dealers affluent upwardly mobile students who have everything to lose and little to gain and offer an important corrective to the traditional distorted view of the US drug trade as primarily involving poor minorities Drawing on six years of fieldwork at a predominately white private university their ethnography explores issues of deviance race and stratification in the US war on drugs

Getting Ghost ,2010 Bergmann chronicles the drug trading the risks and rewards and the demarcations between the city and suburbs even as he witnessed suburbanites come into the city to buy drugs Booklist Not just illustrative and emotive this pummeling immersive social text is grounded in street level reportage and seeded with wisdom Kirkus Reviews In prose that is equally eloquent and enlightening Luke Bergmann brings to the surface the lives of two young men living in a place that is regarded by too many people as a forgotten city Alford A Young Jr Arthur F Thurnau Professor and Associate Professor Sociology and Afroamerican and African Studies University of Michigan Luke Bergmann sometimes risks life and limb to bring us firsthand the lives of young people who mainstream media and academic research have ignored except for the occasional crime story or impersonal policy brief *Getting Ghost* is a journey worth taking It sets a new standard for documentary reportage Sudhir Venkatesh author of *Gang Leader for a Day* and *Off the Books* Postapocalyptic Detroit infamous for its abandoned buildings empty lots and blighted streets may be the only American city to have earned such an epithet As a teenager who frequently visited Detroit with his father Luke Bergmann saw the devastation caused by the collapse of the automobile industry Years later he returned to the city as an anthropologist to study the incarceration of inner city youth and his research connected him with two teenaged drug dealers Dude Freeman and Rodney Phelps For nearly three years Bergmann lived on the city s West Side hanging out with Dude and Rodney driving around hearing their stories and dreams and witnessing the intricacies of Detroit s urban drug trade Bergmann is soon more than an observer as he intervenes with Dude s probation officer when he misses a hearing and becomes Rodney s only contact when he flees the city to escape criminal charges Through it all he strives to understand their lives their families and the neighborhoods they call home In an effort to break through the conventional wisdom about who sells drugs and why Bergmann chronicles the unsettling alchemy of choice force of habit structural inequality and political neglect that combine to restrict the horizons of too many young people in America s cities As Rodney and Dude spin through the revolving door of juvenile detention *getting ghost* becomes a rich metaphor for leaving a scene for quitting the trade and ultimately for

mortality With stunning insight courage and even humor *Getting Ghost* illuminates complex inner lives that are too often diminished by empty stereotypes as it reveals the common yearnings in all of our American dreams Luke Bergmann is a research director at the Detroit Department of Health and Wellness Promotion and an adjunct faculty associate at the Institute for Social Research at the University of Michigan Cover photo Simon Wheatley Magnum Photos *Dopeworld*
