These teams analyzed many documents, attended numerous critical project meetings, visited multiple sites, conducted dozens of individual interviews. The team leaders, Atkin, Huberman, Rowe, having spent much time with science education over long careers, looked at these innovations through many lenses. It was a daunting task for each team to sift through the mountains of detail in order to bring the most compelling themes to the surface. *The Hidden Curriculum - Faculty Made Tests in Science* Sheila Tobias, 1997 *Newly Hired Teachers of Science* Julie A.
