Patry, 2015-09-07 Astrology is the Divine science that makes sense of the order of the Universe In this book you will come to understand how mathematically numbers are the bases of astrology The houses in astrology are the core essence that will give numbers meaning Once the meanings of houses are understood in terms of the numerical order the perfection of the Universe is revealed The houses reflect the purpose and meaning of life and how everything is interconnected and related In this book the meanings of numbers and how they relate to each other come alive through the meanings of the houses It will reveal our spiritual journey through life from birth to old age The houses are divided into the categories of the 4 Aims of life which are the 4 elements This gives an understanding of the energetic flow of how life unfolds and the purpose and meaning of our lives This is revealed from the understanding of Fire Dharma Earth Artha Air Kama and Water Moksha As the planets are placed into the houses the areas of one s life and destiny become clear as to the karmas of the soul The houses the planets rule and the houses they are placed indicates the intricacies of an individual s life The houses are assessed through the experiences of seasoned astrologer Joni Patry from many years of working with planets signs and houses in her personal life and with clients In each chapter all 12 houses are explored with deep and profound understanding leaving no stone unturned The book is organized in this way The houses are grouped according to the 4 elements or 4 Aims of life Each house is analyzed as it is in relation to all the other houses giving deep perception into the meaning of numbers For example the 2nd house rules our personal finances Therefore the 2nd house to any house indicates financial gains from the house in question The 8th house is the 2nd house from the 7th house indicating the partner s 7th house money 2nd from the 7th house Each house is understood by its relationship to other houses and Bhavat Bhavam For example the 5th house represents

**Good Fortune Using Astrology** Joni Patry,2023-06 Astrology is the oldest science in the world Most would exclaim it is not a science but let s face it it is a study of cycles involving mathematics in which numbers and vibration are the crux of the Universe Throughout history ignorance has kept us from the truth and those who tried to present the truth were imprisoned and even killed Galileo was condemned for saying the earth was round and it revolved around the Sun instead of the Sun revolving around us This law of the Universe is so simple but at the same time so hard to change in our everyday life The law of attraction or law of cause and effect simply means what we think about and say we will attract to us **Astrologer's**

**of Prediction** Joni Patry,2015-04-19 In this book you will experience the life of astrologer Joni Patry as she grew up in a conservative realm of non believers of astrology in Dallas Texas She was first introduced to the world of astrology through the profound prediction of Jeane Dixon as she forebodes President Kennedy not to come to Dallas Texas on November 21 1963 The very next day the unthinkable occurred and it has been a part of Joni s awareness with her ties to the circumstances living in Dallas Texas This brought her to the discovery of astrology The intricate and complicated world of astrological prediction has been Joni s passion She has explored the depths of western astrology leading to her discovery of the incredible predictive value of Indian Vedic astrology She takes the values of both systems and devises a way to blend both systems to understand the cycles to forecast the future The first part of the book discusses her techniques for world predictions including her prediction of Japan s catastrophic earthquake before it occurred March 11 2011 There is an explanation of the grand cycles siphoning down to the smaller cycles for the specific timing of these events There are cycles within cycles of the planetary patterns in the heavens It ranges from the grand cycle of Precession of the Equinoxes to the cycles of the outer planets cycle of Saturn and Jupiter Rahu and Ketu eclipses retrograde planets and the cycles of the faster planets Mars Venus and Mercury But the most specific timer that predicts down to the day is seen through the Moon The second part of the book breaks down the incredible predictive power of Vedic astrology using the nakshatras and how they

determine the cycles of a person's life This complicated system of prediction used in Vedic astrology is broken down to a step by step system that can be understood by even a novice To bring home the predictive value and accuracy of this system Joni explores the well documented lives of the Kennedy family Beginning with Joseph Kennedy Sr through the trials and tribulations of the tragic deaths of his children to the traumas of Jacqueline Kennedy Onassis John Kennedy Jr and Caroline Kennedy Through the scandals and affairs you will come to glean the insights of a soul through the prediction of astrology From beginning to end of this compilation of essential tools for prediction you will come to appreciate the power and insights of astrology With this surfaces the sense of destiny and free will Coming back full circle to November 1963 arises the age old question concerning fate and free will Could this be avoided with information ahead of time What if President Kennedy listened to Jeane Dixon This has haunted Dallas astrologer Joni Patry her entire life as she delved into understanding the cyclic process of humankind and the Universe through the profound study of astrology

*Get Money by Astrology* Ciro Discepolo, 2014-01-19 This short volume condenses the Author's 44 year long experience in the field of Elective Astrology meaning by this that branch of Astrology aimed at choosing the best moment to baptize in an astrological sense the birth of a new business or the living in a new house or the beginning of a new love affair or the signing of a contract before a notary or the start in a good way of anything we care about This book was published for the first time in Italy in 1988 and re published in the same place in 2002 However the Author has saved only about ten pages of that book because in all these years he has realised that he was making some methodological mistakes that later he has been able to correct through a long experience of direct consultations having thousands of people asking him for the right day and hour in which they could give birth to something For this reason the book is completely different from the Italian edition and he purposefully wanted to stop before he reached one hundred pages because he followed that conviction of his which has always been much appreciated by his readers that an example is worth one thousand words The Author has thus tried to eliminate any repetition addressing directly the core of practical problems that are useful for students in Astrology as well as for his colleagues
