Rezeptionsgeschichte **Medea's Long Shadow in Postcolonial Contexts** Ana Filipa Prata, Rodrigo Verano, 2024-06-10

This interdisciplinary volume explores the ancient Greek myth of Medea and its global analogues found in other mythic and folk tales of deadly exiled women such as those of La Malinche and La Llorona examining the connections between these figures and their depictions from antiquity to modernity. The book considers the figure of the foreign woman her exile, fratricide and infanticide in its ancient Greek form and in global postcolonial receptions in a range of media including drama, film, novels and the visual arts. The chapters illuminate the contradictions of considering the classical Medea as a central reference point for analysis of other female figures from peripheral territories while simultaneously acknowledging the insights that such comparisons can yield. Emphasizing the ways in which Medea's seditious nature enables the establishment of an extensive and heterogeneous intertextual network with other mythic characters who represent a similarly disruptive role in their specific local historical and cultural contexts the book argues for a comparative analysis that is equally attentive to myths and folk tales from all regions. These essays by scholars of classics, comparative and world literatures and postcolonial studies represent a plurality of perspectives from different academic contexts in Africa, Latin America, North America and Europe and examine how different cultures have depicted women as foreigners, crime and abjection. The foundations of Greek myth and subsequently of the classical tradition itself are interrogated from a postcolonial perspective. In tracing the portrayals of Medea and other mythic women through the overlapping features of different female characters and plots and intertwining local cultural and literary materials with broader debates this volume challenges Eurocentric narratives of power and cultural domination and works to decentralize the discussion of Medea from the exclusive domain of classical studies. *Medea's Long Shadow in Postcolonial Contexts* will be of interest to students and scholars working on Greek tragedy and its reception as well as to those studying postcolonial and global approaches to literature, culture and gender studies.

Triest Oliver Schneider, 2003 *La épica del corazón* Nélida Piñón, 2017-10-19 Un libro íntimo y revelador que recoge el pensamiento de la escritora brasileña ganadora del Premio Príncipe de Asturias. Pocos escritores brasileños dominan el arte de la palabra como Nélida Piñón una creadora siempre exuberante en todas sus formas de expresión en la novela en el relato o en el ensayo del que este volumen es un claro ejemplo de talento. La pica del corazón nos muestra el vivo intercambio de la autora por la tradición literaria latinoamericana y su profundo conocimiento de la misma. Allí estén sus maestros y sus escritores admirados como García Márquez. Pero en este libro Piñón también abarca todo un continente de cuestiones de ideas, de afectos, de pasiones y por qué no de obsesiones. Siempre a través de la literatura la escritora se enfrenta a la laxitud

Encyclopedia of Latin American Theater Eladio Cortés, Mirta Barrea-Marlys, 2003-12-30 Latin American culture has given birth to numerous dramatic works though it has often been difficult to locate information about these plays and playwrights. This volume traces the history of Latin American theater including the Nuyorican and Chicano theaters of the United States and surveys its history from the pre-Columbian period to the present. Sections cover individual Latin American countries. Each section features alphabetically arranged entries for playwrights, independent theaters and cultural movements. The volume begins with an overview of the development of theater in Latin America. Each of the country sections begins with an introductory survey and concludes with copious bibliographical information. The entries for playwrights provide factual information about the dramatist's life and works and place the author within the larger context of international literature. Each entry closes with a list of works by and about the playwright. A selected general bibliography appears at the end of the volume.
