European B2C E-Commerce in the Banking Sector Caroline Möckel, 2010-04-28 Inhaltsangabe Introduction Based on the findings of the correlation analysis described in chapter 7 1 factors of influence and variables statistically not related to financial B2C e commerce can now be distinguished While the focus of this part of the analysis lies on factors showing significant correlation coefficients in relation to the research topic this does not mean that the non correlated factors are not of importance or somewhat connected The statistical measurements may not be suitable for this type of analysis survey results may be misleading or the situation will have changed in the last two years after the investigation On the other hand the observed correlations do not necessarily equal a causal relationship and the high complex matter can not be explained by single variables as influence factors The conducted correlation analysis only serves as an indicator for potential influence factors or accelerators and has to be carefully evaluated Keeping these considerations in mind the statistical analysis within the scope of this masters dissertation will support the following conclusions and interpretations First of all computer usage and skills as well as internet usage and skills need to be on a high level in a country to facilitate financial B2C e commerce Residents of countries with higher levels for the subject of examination will probably already have gained adequate skills as indicated by a medium strong negative relation to computer courses taken in the last three months and other online activities such as online information search and online banking positively correlated While online banking is partially included in the variable e_comm representing financial B2C e commerce through customer s usage of online financial services this particular result may not be totally conclusive However it seems logical that consumers with good computer and internet skills also spending a lot of time with advanced activities on the internet may also engage in financial B2C e commerce This assumption narrows down the target group and excludes a certain clientele from online product offers of financial institutions banks will need to adapt their web portals accordingly set up initiatives improving computer and web skills of their consumers and meet their consumers on the internet e g with advertising while they are using search engines Practical evidence supporting these interpretations can be found in several examples of

Urban Challenges and Urban Design Approaches for Resource-Efficient and Climate-Sensitive Urban Design in the MENA Region Elke Pahl-Weber, Ohlenburg, Holger, Seelig, Sebastian, Kuhla von Bergmann, Nadine, Schäfer, Rudolf, 2013-06-10 In an era defined by climate change huge resource consumption a lack of social cohesion rapidly accelerating technological innovations economic shifts and the transformation of political systems solutions must be pursued at every level of action This book shows how solutions from urban design and planning can by integrating the approaches of multiple disciplines be the first steps toward envisioning the sustainable energy efficient and climate sensitive city of the future This book is compiled for readers from a range of professional backgrounds Its intended audience includes the government bodies municipalities urban planners engineers architects civil servants and citizens who are part of urban development from initiation through implementation The facts and findings presented herein are relevant to any national or international debate concerning urban development which aims to create sustainable resource efficient and climate sensitive urbanization processes The text and visuals of this book are intended to serve as a comprehensive decision support tool taking into account that current and future urban challenges and planning tasks can only be tackled through an interlinked and stakeholder driven iterative process As a result of the Young Cities research project this book acts as a multilayered reference manual by providing a a brief outline of the MENA region s urban challenges b a proposal for generic principles and actions for creating an energy and resource efficient as well as environmentally sustainable urban environment c the opportunities and impacts of each discipline involved in an integrated planning process and d the findings of the applied principles in the 35 ha Shahre Javan Community pilot project CBSE Class 12 - Information Technology Question Bank Mocktime Publication, 101-01-01 CBSE 12 Question Bank Information Technology

Financial Management and Accounting in the Public Sector Gary Bandy, 2023-03-14 The importance of public financial management for the health and wellbeing of citizens became dramatically apparent as governments sought to respond to the coronavirus pandemic in 2020 Now governments and other public sector organizations face the challenge of recovering from the pandemic whilst also seeking to achieve Sustainable Development Goals with squeezed budgets and ever increasing demands for public services Public sector managers are confronted daily with targets and demands that are often set in confusing accounting and financial language In Financial Management and Accounting in the Public Sector Gary Bandy employs a clear and concise narrative to introduce the core concepts of public financial management to help those managers to deliver programmes projects and services that are value for money As the author puts it managing public money is an art not a science This third edition has been revised and updated throughout offering a structure that is more clearly linked to the stages of the public financial management cycle greater coverage of transparency and accountability issues a broader view of public procurement to include goods works and services and effective contract management and an increased focus

on public spending in the context of a post COVID environment With a glossary of terms to help managers understand and be understood by accountants as well as learning objectives discussion questions and exercises this practical textbook will help students of public management and administration to understand the financial and accounting aspects of managing public services

WordPress Lotus Web Studios,2012-10 Web [Cultural Spaces, Production and Consumption](#) Graeme Evans,2024-02-02 This book explores the concept of cultural spaces their production and how they are experienced by different users It explores this concept and practice from formal and informal arts and heritage sites festivals and cultural quarters to the production of digital fashion and street art and social engagement through cultural mapping and site based artist collaborations with local communities It offers a unique take on the relationship between cultural production and consumption through an eclectic range of cultural space types featuring examples and case studies across cultural venues events and festivals and cultural heritage and their usage Cultural production is also considered in terms of the transformation of cultural and digital creative quarters and their convergence as visitor destinations in city fringe areas to fashion spaces manifested through museumification and fashion districts The approach taken is highly empirical supported by a wide range of visual illustrations and data underpinned by key concepts notably the social production of space cultural rights and everyday culture which are both tested and validated through the original research presented throughout The book will appeal to students and researchers in human geography arts and museum management cultural policy cultural studies architecture and town planning It will also be useful for policymakers and practitioners from local and city government government cultural agencies and departments architects and town planners cultural venues arts centres museums heritage sites and artistic directors programmers

Robotics, AI, and Humanity Joachim von Braun,Margaret S. Archer,Gregory M. Reichberg,Marcelo Sánchez Sorondo,2021-02-12 This open access book examines recent advances in how artificial intelligence AI and robotics have elicited widespread debate over their benefits and drawbacks for humanity The emergent technologies have for instance implications within medicine and health care employment transport manufacturing agriculture and armed conflict While there has been considerable attention devoted to robotics AI applications in each of these domains a fuller picture of their connections and the possible consequences for our shared humanity seems needed This volume covers multidisciplinary research examines current research frontiers in AI robotics and likely impacts on societal well being human robot relationships as well as the opportunities and risks for sustainable development and peace The attendant ethical and religious dimensions of these technologies are addressed and implications for regulatory policies on the use and future development of AI robotics technologies are elaborated

When China Goes to the Moon... Marco Aliberti,2015-07-04

This book is about China s ambitions in its most complex and internationally visible space endeavor namely its human space exploration programme It provides a comprehensive reflection on China s strategic direction and objectives in space including in particular those set forth in its human spaceflight programme and analyses the key domestic and external factors affecting the country s presumed manned lunar ambitions The objective of the book is to disentangle the opportunities and challenges China s space ambitions are creating for other spacefaring nations and for Europe in particular It therefore includes an in depth analysis of possible European postures towards China in space exploration and seeks to stimulate a debate on future space strategies in the broader context of world politics

Semantic Mashups Brigitte Endres-Niggemeyer,2013-04-05

Mashups are mostly lightweight Web applications that offer new functionalities by combining aggregating and transforming resources and services available on the Web Popular examples include a map in their main offer for instance for real estate hotel recommendations or navigation tools Mashups may contain and mix client side and server side activity Obviously

understanding the incoming resources services statistical figures text videos etc is a precondition for optimally combining them so that there is always some undercover semantics being used By using semantic annotations neutral mashups permute into the branded type of semantic mashups Further and deeper semantic processing such as reasoning is the next step The chapters of this book reflect the diversity of real life semantic mashups Two overview chapters take the reader to the environments where mashups are at home and review the regulations standards guidelines etc mashups are based on and confronted with Chapters focusing on DBpedia search engines and the Web of Things inspect the main Web surroundings of mashups While mashups upgrading search queries may be nearer to the everyday experience of readers mashups using DBpedia input and sensor data from the real world lead to important new and therefore less known developments Finally the diversity of mashups is tracked through a few application areas mathematical knowledge speech crisis and disaster management recommendations for games inner city information and tourism Participants of the AI Mashup Challenge wrote all the chapters of this book The authors were writing for their current and future colleagues researchers and developers all over the Web who integrate mashup functionalities into their thinking and possibly into their applications
