Technological Solutions for Sustainable Business Practice in Asia Ordóñez de Pablos, Patricia, 2015-05-31 Central Asian countries play a geostrategic role in world economy and politics As a result efforts are being made to establish an effective channel of communication between academic and research institutions policymakers government agencies and individuals concerned with the complexities of Asian business information technologies sustainable development and globalization Technological Solutions for Sustainable Business Practice in Asia provides an in depth analysis on Asian economy business and management with a clear international and interdisciplinary approach This comprehensive resource is beneficial for academics PhD students policymakers and government officials Reurbanisierung Klaus Brake, Günter Herfert, 2012-02-23 Die neue Attraktivität von Städten ist ein faszinierendes Thema für Stadtplaner und Politiker sie setzen auf neue Entwicklungskräfte für Investoren sie wollen für neue Nutzungen bauen für Stadtnutzer sie erwarten anregende Wohn- und Arbeitsmilieus für Wissenschaftler sie suchen nach neuen theoretischen Erklärungsansätzen Sie alle verfolgen aufmerksam inwieweit unsere Städte wieder interessant werden und haben Fragen Ist diese neue Attraktivität der Städte mehr als eine Modeerscheinung Erleben wir einen Perspektivwechsel zu Suburbia Wie stellt sich das konkret in unseren städtischen Strukturen dar mit welchen Begleiterscheinungen Wie kann Reurbanisierung programmatisch unterstützt werden Wie sieht es damit in Städten aus die Reurbanisierung bereits erleben **Economic Development and the Division of Labor** Xiaokai Yang, Jeffrey D. Sachs, 2008-04-15 This innovative new text from Jeffrey Sachs and Xiokai Yang introduces students to development economics from the perspectives of inframarginal analysis and marginal analysis The book demonstrates how the new found emphasis on inframarginal analysis has influenced a shift back to an interest in Classical Economics from Neoclassical Economics Inframarginal Analysis vs Marginal Analysis is presented as a consistent theoretical framework throughout Shows how the relationship of Inframarginal Analysis to Marginal Analysis has influenced the shift back to an interest in Classical Economics from Neoclassical Economics with regard to economic development Allows economists to reduce their overall reliance on marginal analysis which may be less relevant to development economics than it is to the economics of developed countries Brings considerable analytic machinery to bear on important problems A focus on institutions and transaction costs that is very relevant to development economics Offers a thorough analysis of trade, CHs 3, 7 and macroeconomics CHs 16, 19 both of which are not dealt with in depth by comparable textbooks **Handbook on Optimal Growth 1** Rose-Anne Dana, Cuong Van, Tapan Mitra, Kazuo Nishimura, 2006-07-01 The problem of efficient or optimal allocation of resources is a fundamental concern of economic analysis The theory of optimal economic growth can be viewed as an aspect of this central theme which emphasizes in general the issues arising in the allocation of resources over an infinite time horizon and in particular the consumption investment decision process in models in which there is no natural terminal date This broad scope of optimal growth theory is one which has evolved over time as economists have discovered

new interpretations of its central results as well as new applications of its basic methods. The purpose of this handbook is to provide surveys of some significant results of the theory of optimal growth as well as the techniques of dynamic optimization theory on which they are based. Armed with the results and methods of this theory, a researcher should be in an advantageous position to apply these versatile methods of analysis to new issues in the area of dynamic economics as well as to contribute to the further development of the mathematical techniques of optimization over time. The survey included in this volume all have as a common starting point the seminal contribution of Frank Ramsey 1928 *Investing Today for the World of Tomorrow* Deutsche Bundesbank, 2012-12-06. Investment is crucial to the development of a nation's economy and welfare. In contrast to the situation in the United States, investment activity in Europe has been quite modest over the past few years. This volume gathers together a number of papers by prominent researchers in the field of investment. It provides an overview of recent developments in this area and presents new empirical findings on the determinants and implications of the investment process in European countries. Among the topics examined are the role played by taxation uncertainty and the financial systems as well as the relevance of corporate governance to the investment process. Two chapters are dedicated to infrastructure investment and foreign direct investment.

**Wachstumsdeterminanten in Deutschland** Alexander Werner, 2015-10-15. Alexander Werner analysiert die Determinanten von regionalen Wachstumsunterschieden in Deutschland. Für die verschiedenen theoretischen Modelle Erklärungsansätze liefern. Der Autor untersucht das regionale Wachstum mehrerer Wirtschaftsindikatoren BIP und verfügbares Einkommen pro Einwohner sowie globale und sektorale Arbeitsproduktivität im Zeitraum von 1996 bis 2008. Dabei greift er sowohl auf Kreisregionen als auch auf eine eigene Abgrenzung von Arbeitsmarktregionen zurück. Zudem zeigt er die Unterschiede zwischen der nominalen und der realen Entwicklung der Wirtschaftsindikatoren durch regionale Preisindizes auf. In den konometrischen Modellen berücksichtigt der Autor räumliche Abhängigkeiten und weist mittels der Quantilsregression heterogene Effekte der Wachstumsdeterminanten entlang der bedingten Verteilung nach.

*The Economics of Growth in Russia* Ararat L. Osipian, 2023-05-17. This book presents theoretical and empirical investigation of economic growth in Russia. The sharp decline in the national production that Russia endured in the 1990s linked directly to the exhausting and ill planned transition from the planned economy to the market economy resulted in Russia plunging into the poverty trap. The goal of this book is to determine whether and how Russia manages to overcome the poverty trap and initiate and sustain economic growth. This book fills the gap between the volatile economic growth as an objective economic reality of Russia and the lack of scholarly literature on the issue. This study identifies the place and role of foreign aid in economic growth in the market type post transitional Russian economy and concludes that foreign aid does not play any significant role in the national economy contrary to what would follow from the classical poverty trap theory considered reviewed applied and tested in this study. Development economists should not overestimate the role of foreign aid in overcoming the poverty trap in those developing economic systems that are currently

not in equilibrium and only move toward their steady state The book will be of interest to those who want to learn more about specific problems in Russia s newly built capitalism the country s perspectives and its current semi peripheral status The book will also be an excellent supplement for students in Russian studies programs as well as for investors who want to do business in Russia and try to understand the country s domestic economic conditions and processes *Industry*

*Competitiveness: Digitalization, Management, and Integration* Aleksei V. Bogoviz, Yulia V. Ragulina, 2020-02-24 This book with contributions by both leading scholars and industry experts provides a coherent framework for understanding complex determinants and patterns of industry competitiveness Divided into eight parts it covers both quantitative and qualitative research on the following topics technologies economic development and human resources in Industry 4 0 management in the digital economy artificial intelligence and knowledge management approaches drivers of sustainable and innovative development in corporations resilient and competitive systems in the energy sector compliance and anti corruption mechanisms and competence networks and technological integration Thanks to its highly stimulating discussions on the determinants and patterns of industry competitiveness this book appeals to a wide readership Proceedings of IAC 2019 in Budapest Group of authors, 2019-03-13 International Academic Conference on Teaching Learning and E learning and International Academic Conference on Management Economics and Marketing and International Academic Conference on Transport Logistics Tourism and Sport Science Budapest Hungary 2019 IAC TLEI IAC MEM IAC TLTS March 15 16 2019

*Computational Intelligence in Economics and Finance* Paul P. Wang, 2013-03-09 Due to the ability to handle specific characteristics of economics and finance forecasting problems like e g non linear relationships behavioral changes or knowledge based domain segmentation we have recently witnessed a phenomenal growth of the application of computational intelligence methodologies in this field In this volume Chen and Wang collected not just works on traditional computational intelligence approaches like fuzzy logic neural networks and genetic algorithms but also examples for more recent technologies like e g rough sets support vector machines wavelets or ant algorithms After an introductory chapter with a structural description of all the methodologies the subsequent parts describe novel applications of these to typical economics and finance problems like business forecasting currency crisis discrimination foreign exchange markets or stock markets behavior

*Long-Run Economic Growth* Steven Durlauf, John F. Helliwell, Baldev Raj, 2012-12-06 One of the most enduring questions in economics involves how a nation could accelerate the pace of its economic development One of the most enduring answers to this question is to promote exports either because doing so directly influences development via encouraging production of goods for export or because export promotion permits accumulation of foreign exchange which permits importation of high quality goods and services which can in turn be used to expand the nation s production possibilities In either case growth is said to be export led the latter case is the so called two gap hypothesis McKinnon 1964 Findlay 1973 The early work on export led growth consisted of static cross country comparisons Michaely 1977 Balassa 1978

Tyler 1981 Kormendi and Meguire 1985 These studies generally concluded that there is strong evidence in favour of export led growth because export growth and income growth are highly correlated However Kravis pointed out in 1970 that the question is an essentially dynamic one as he put it are exports the handmaiden or the engine of growth To make this determination one needs to look at time series to see whether or not exports are driving income This approach has been taken in a number of papers Jung and Marshall 1985 Chow 1987 Serletis 1992 Kunst and Marin 1989 Marin 1992 Afxentiou and Serletis 1991 designed to assess whether or not individual countries exhibit statistically significant evidence of export led growth using Granger causality tests

Humankapitalabschreibung und Arbeitslosigkeit ,2013-07-02 Arbeitslosigkeit ist nach wie vor eines der dringendsten Probleme unserer Gesellschaft Vor allem ist Arbeitslosigkeit heute kein kurzfristiges sondern eher ein langfristiges Phänomen Dies gilt nicht nur für Deutschland sondern für nahezu alle OECD Staaten Seit den 60er Jahren ist in allen Industrieländern inklusive Japan und den USA die Arbeitslosenrate deutlich angestiegen Arbeitslosigkeit als langfristiges strukturelles Problem lässt sich nicht eindimensional erklären Für die unterschiedlichen Probleme müssen jeweils passender Erklärungsansatz gefunden werden Die Ursache eines Teils der Arbeitslosigkeit ist sicherlich im rapiden technologischen Wandel zu suchen Insbesondere ältere Arbeitnehmer die sich nicht mehr an die rasanten technologischen Erneuerungen anpassen können sind hiervon betroffen Dieser Problembereich wird im vorliegenden Buch diskutiert Mit Hilfe eines zunächst relativ einfachen Jahrgangskapitalmodells werden die wesentlichen Mechanismen zur Erklärung altersspezifischer Arbeitslosigkeit eingehend aufgezeigt Das vereinfachende Grundmodell wird dann schrittweise erweitert so dass verallgemeinernde Aussagen möglich werden Diese Erweiterungen betreffen sowohl die Annahmen zu den technologischen Bedingungen als auch die Berücksichtigung des internationalen Sektors Die aus den theoretischen Modellen herleitbaren Ergebnisse zu den Ursachen und Bekämpfungsmöglichkeiten altersspezifischer technologischer Arbeitslosigkeit werden nicht nur formal aufgezeigt sondern auch ausführlich ökonomisch interpretiert und dargestellt Für ein gutes Verständnis dieser Art der Arbeitslosigkeit und für die Erschließung von Möglichkeiten zu deren Bekämpfung leistet das Buch daher einen sehr wichtigen Beitrag Professor Dr Thomas Gries Vorwort Als ich 1995 begann mich intensiv mit dem Thema Arbeitslosigkeit zu beschäftigen war die Erwerbslosigkeit das beherrschende politische Thema

Poverty Reduction Support Credits World Bank,2010-05-21 This evaluation examines the relevance and effectiveness of Poverty Reduction Support Credits PRSCs introduced by the Bank in early 2001 to support comprehensive growth improve social conditions and reduce poverty in IDA countries PRSCs were intended to allow greater country ownership provide more predictable annual support exhibit more flexible conditionality and strengthen budget processes in a results based framework By September 2009 the Bank had approved 99 PRSCs totaling some 7.5 billion and representing 38% percent of IDA policy based lending The evaluation finds that in terms of process PRSCs were effective in easing conditionality increasing country ownership and aid predictability stimulating dialogue between central and sectoral ministries and

improving donor harmonization In terms of content PRSCs succeeded in emphasizing public sector management and pro poor service delivery Yet in terms of results it is difficult to distinguish growth and poverty outcomes in countries with PRSCs from other better performing IDA countries There is scope for further simplifying the language of conditionality and underpinning PRSCs with better pro poor growth diagnostics PRSCs can also strengthen their results frameworks and limit sector policy content in multi sector DPLs to high level or cross cutting issues Today Bank policy has subsumed PRSCs under the broader mantle of Development Policy Lending and the rationale for a separate brand name although differences linger from the past Since PRSCs and other policy based lending have gradually converged in design remaining differences compared to other Development Policy Loans should be clearly spelled out or the separate PRSC brand name should be phased out

**Economic Dynamics with Memory** Vasily E. Tarasov, Valentina V. Tarasova, 2021-01-18 This book presents the applications of fractional calculus fractional operators of non integer orders and fractional differential equations in describing economic dynamics with long memory Generalizations of basic economic concepts notions and methods for the economic processes with memory are suggested New micro and macroeconomic models with continuous time are proposed to describe the fractional economic dynamics with long memory as well

**Systemic Transformation, Trade and Economic Growth** Natalja von Westernhagen, 2012-12-06 Since the late 1980s and the beginning of the 1990s the Commonwealth of Independent States CIS and Central and Eastern European Countries CEECs have been involved in the transition process This book compares the progress of some of these economies in transition and analyses their growth potential The focus lies on the special role that foreign trade liberalisation and foreign direct investment plays in economic growth Since foreign trade and foreign direct investment are important channels of technology transfer they can substantially contribute to a higher level of economic growth Based on the gravity model this book investigates potential in foreign trade and foreign direct investment for selected CIS and CEECs with developed OECD economies Policy options for some of these countries are discussed including issues of foreign trade foreign direct investment structural adjustment and economic growth

**Empirische Regionalforschung heute** Christian Dreger, Reinhold Kosfeld, Matthias Türck, 2010-12-08 Dieser Band enth lt Beitr ge zur empirischen Regionalforschung die f r die Regionalpolitik von hoher Relevanz sind Dabei wird ein breites Methodenspektrum verwendet wie es f r die moderne Regionalforschung heute kennzeichnend ist

**Humankapital als Standortfaktor** Antje Hofmann, 2001 **Finances Publiques** , 2001 **Perspektiven der Wirtschaftswissenschaften** Dagmar Gesmann-Nuissl, Ronald Hartz, Marcus Dittrich, 2014-07-29 Die im Buch dargestellten Perspektiven orientieren sich an den Forschungslinien der Fakult t und greifen aktuelle Ph nomene in den Bereichen Innovations und Technologie konomie konomie der Arbeit Nachhaltige Entwicklung wirtschaftlicher Systeme auf

**Sustainability Science** Bert de Vries, 2023-12-07 Thoroughly updated integrated transdisciplinary approach to sustainable development for advanced students researchers and policymakers
