Basic Finance: An Introduction to Financial Institutions, Investments, and Management

Herbert B. Mayo, 2018-05-07 Going beyond just corporate finance, Mayo's *BASIC FINANCE AN INTRODUCTION TO FINANCIAL INSTITUTIONS INVESTMENTS AND MANAGEMENT* 12E introduces the three primary aspects of finance and how they are interrelated, giving readers a solid foundation in all aspects of finance. Each chapter offers a concise, modular treatment of one or two financial concepts or institutions that can be quickly covered. Hands-on problems, illustrations using financial calculators, and an appendix detailing how to use Excel help readers build on what they learn. The text introduces time value of money using numerical illustrations that employ equations, interest tables, and financial calculator keystrokes. Where appropriate, the 12th edition also includes self-help problems with answers so readers can test their ability to solve financial problems. Norton, 2019-10-08 Introduction to Finance 17th Edition offers students a balanced introduction to the three major areas of finance: institutions and markets, investments, and financial management. Updated to incorporate recent economic and financial events, this new edition is an ideal textbook for first courses in finance, reviewing the discipline's essential concepts, principles, and practices in a clear, reader-friendly manner. Students gain an integrated perspective of finance by learning how markets and institutions influence and are influenced by individuals, businesses, and governments. Designed to impart financial literacy to readers with no previous background in the subject, the text provides a solid foundation for students to build upon in later courses in financial management, investments, or financial markets. Equations and mathematical concepts are kept to a minimum and include understandable, step-by-step solutions. Divided into three parts, the book explains financial markets, discusses the functions of financial systems, reviews savings and investments in different sectors, describes accounting concepts and organizational structures, and more. Real-world examples featured throughout the text help students understand important concepts and
