Legilimens! Christopher E. Bell, 2014-01-03 The current state of scholarship surrounding Harry Potter is both vibrant and varied One of the reasons scholars continue to be attracted to the series as an artifact is the colossal range of disciplinary foci that can find treasures to unearth in its pages and films In the Harry Potter series legilimens is the spell that allows a wizard to see into another person's mind reading the subject's thoughts As such it is an appropriate moniker for the attempt of scholars to see into the Harry Potter texts and search for greater meaning Legilimens Perspectives in Harry Potter Studies contains the work of anthropologists and theologians of historians and rhetoricians The collection is a wide ranging discussion of the Harry Potter texts and the meanings contained within among scholars from broadly disparate fields coming together to deliberate over the greater scholarly significance of these rich and fertile texts

Child Soldiers in the Western Imagination David M. Rosen, 2015-10-12 When we hear the term child soldiers most Americans imagine innocent victims roped into bloody conflicts in distant war-torn lands like Sudan and Sierra Leone Yet our own history is filled with examples of children involved in warfare from adolescent prisoner of war Andrew Jackson to Civil War drummer boys who were once viewed as symbols of national pride rather than signs of human degradation In this daring new study anthropologist David M. Rosen investigates why our cultural perception of the child soldier has changed so radically over the past two centuries Child Soldiers in the Western Imagination reveals how Western conceptions of childhood as a uniquely vulnerable and innocent state are a relatively recent invention Furthermore Rosen offers an illuminating history of how human rights organizations drew upon these sentiments to create the very term child soldier which they presented as the embodiment of war's human cost Filled with shocking historical accounts and facts and revealing the reasons why one cannot spell infantry without infant Child Soldiers in the Western Imagination seeks to shake

us out of our pervasive historical amnesia It challenges us to stop looking at child soldiers through a biased set of idealized assumptions about childhood so that we can better address the realities of adolescents and pre adolescents in combat Presenting informative facts while examining fictional representations of the child soldier in popular culture this book is both eye opening and thought provoking Cold War Assemblages Bhakti Shringarpure, 2019-03-29 This book bridges the gap between the simultaneously unfolding histories of postcoloniality and the forty five year ideological and geopolitical rivalry between the U S and the U S S R Not only did the superpowers rely upon the decolonizing world to further imperial agendas but the postcolony itself was shaped epistemologically and materially by Cold War discourses policies narratives and paradigms Ruptures and appropriated trajectories in the postcolonial world can be attributed to the ways in which the Cold War became the afterlife of European colonialism Through a speculative assemblage this book connects the dots deftly taking the reader from Frantz Fanon to Aaron Swartz and from assassinations in the Third World to American multiculturalism Whether the Cold War subverted the dream of decolonization or created a compromised cultural sphere this book makes those rich palimpsests visible **Vulnerability and Security in Human Rights Literature and Visual Culture**

Alexandra Schultheis Moore, 2015-10-23 This book responds to the failures of human rights the way its institutions and norms reproduce geopolitical imbalances and social exclusions through an analysis of how literary and visual culture can make visible human rights claims that are foreclosed in official discourses Moore draws on theories of vulnerability precarity and dispossession to argue for the necessity of recognizing the embodied and material contexts of human rights subjects At the same time she demonstrates how these theories run the risk of reproducing the structural imbalances that lie at the core of critiques of human rights Pairing conventional human rights genres legal instruments human rights reports reportage and humanitarian campaigns with literary and visual culture Moore develops a transnational feminist reading praxis of five sites of rights and their violation over the past fifty years UN human rights instruments and child soldiers in Nigerian literature human rights reporting and novels that address state sponsored ethnocide in Zimbabwe the international humanitarian campaigns and disaster capitalism in fiction of Bhopal India the work of M decins Sans Frontiers in the Sahel Afghanistan Democratic Republic of Congo and Burma as represented in various media campaigns and in photographic narratives and finally the human rights campaigns fiction and film that have brought Indonesia s history of anti leftist violence into contemporary public debate These case studies underscore how human rights norms are always subject to conditions of imaginative representation and how literature and visual culture participate in that cultural imaginary Expanding feminist theories of embodied and imposed vulnerability Moore demonstrates the importance of situating human rights violations not only in the context of neo liberal development policies but also in relation to the growth of security networks that serve the nation state often at the expense of the security of specific subjects and populations In place of conventional victims and agents the intersection of vulnerability and human rights opens up readings of human rights claims and suffering that are at

once embodied and shareable yet which run the risk of cooptation by security rhetoric

Representations of Child Soldiers in Contemporary African Narratives Ademola Adesola, 2024-09-11 In Representations of Child Soldiers in Contemporary African Narratives Ademola Adesola examines the dominant factors that writers privilege in their portrayals of child soldiering in sub Saharan Africa In his textual interpretive analyses of selected novels in the African child soldier genre Adesola contends that critical discussions of African child soldier literature have depended on the interpretive frameworks supplied by Western humanitarian discourses which oversimplify and de historicize experiences of war in Africa The author argues that such reductive decontextualization of war realities serve to champion a narrow vision of war in African contexts centered on a moral and humanitarian urge for Western intervention Regardless of whether the casus belli legitimating those wars are genuine or not those conflicts and children s involvement in them are understood within the same racist colonial and ethnocentric stereotypes about Africa that have been privileged in Western thought and the Western moral political imagination for centuries Thus in studying African child soldier narratives this book provides an alternative reading of novels whose settings feature African ethnopolitical conflicts such as in Sierra Leone Liberia Congo Brazzaville Nigeria notable for their exploitation of children for military ends The author maintains that these works are significant in the varying ways they reify and challenge the Western ideas of child and childhood as well as privilege child soldiers as social actors whose intricate makeups disavow being simply understood as innocent victims or irredeemable perpetrators of atrocities

Confronting Death: Alfred G. Killilea, 2013-05-30 Death is a hard topic to talk about but exploring it openly can lead to a new understanding about how to live In this series of eighteen essays college students examine death in new ways Their essays provide remarkable ideas about how death can transform people and societies Alfred G Killilea a professor of political science at the University of Rhode Island teams up with former student

Dylan D Lynch and various contributors to share insights about a multitude of issues tied to death including terrorists child soldiers Nazism fascism suicide capital punishment and the Black Death Other essays explore death themes in classic and contemporary literature such as in Dante Peter Pan Kurt Vonnegut and Christopher Hitchens Still others explore death in modern context considering the work of Jane Goodall the threat of death on Mount Everest the origins of the Grim Reaper and how violent street gangs deal with death At a time when American politics suffers from deep ideological divisions that could make our nation ungovernable our mutual mortality may be the most potent force for unifying us and helping us to find common ground

Childhood in Contemporary Diasporic African Literature Christopher E. W. Ouma, 2020-02-27 This book examines the representation of figures memories and images of childhood in selected contemporary diasporic African fiction by Adichie Abani Wainaina and Oyeyemi The book argues that childhood is a key framework for thinking about contemporary African and African Diasporic identities It argues that through the privileging of childhood memory alternative conceptions of time emerge in this literature and which allow African writers to re imagine what family ethnicity nation means within the new spaces of diaspora that a majority of them occupy The book therefore looks at the connections between childhood space time and memory childhood gender and sexuality childhoods in contexts of war as well as migrant childhoods These dimensions of childhood particularly relate to the return of the memory of Biafra the figures of child soldiers memories of growing up in Cold War Africa queer boyhoods sonhood as well as experiences of migration within Africa North America and Europe

Gatekeepers William Marling, 2016-03-15 The romantic idea of the writer as an isolated genius has been discredited but there are few empirical studies documenting the role of gatekeeping in the literary process How do friends agents editors translators small publishers and reviewers not to mention the changes in technology and the publishing industry shape the literary process This matrix is further complicated when books cross cultural and language barriers that is when they become part of world literature *Gatekeepers* builds on the work of Pierre Bourdieu Randall Collins James English and Mark McGurl describing the multi layered gatekeeping process in the context of World Literature after the 1960s It focuses on four case studies Gabriel Garc a M rquez Charles Bukowski Paul Auster and Haruki Murakami The two American authors achieved remarkable success overseas owing to canny gatekeepers the two international authors benefited tremendously from well curated translation into English Rich in archival materials correspondence between authors editors and translators and publishing industry analyses interviews with publishers and translators and close readings of translations this study shows how the process and production of literature depends on the larger social forces of a given historical moment William Marling also documents the

ever increasing Anglo centric dictate on the gatekeeping process World literature the book argues is not so much a republic of letters as a field of chance on which the conversation is partly bracketed by historic events and technological opportunities

The Child Soldier Experience in Uzodinma Iweala's "Beasts of No Nation" Nicole Gurley, 2007 Uzodinma Iweala's *Beasts of No Nation* plays an integral role in raising awareness of the child soldier epidemic It portrays this global issue through the eyes of Agu the child narrator This thesis attempts to understand the extent to which Agu's experiences with the rebel group as well as his participation in war affect him Agu struggles to maintain his identity during his exposure to and forced involvement in rape thievery and murder His age leaves him particularly vulnerable to the ravages of war and although Agu succeeds in

maintaining some of his identity he is eventually alienated from himself and others Nevertheless Agu s enthusiasm and resilience show him capable of reintegration despite the rehabilitation center s inadequacies He faces the challenges of rejoining normal society overcoming his guilt and reclaiming his identity but his healing is restricted through the center s emphasis on Western methods of healing Other rebels like Luftenant Griot and Rambo are also victimized Their ruthless barbarity partially results from their sense of powerlessness in a chaotic world Yet their humanity appears in small demonstrations of restraint and helplessness thus indicating the hope for all child soldiers capacity for rehabilitation Leaf iii
